

# WHY A BOX OF NUNNALLY'S CANDIES'S?

First, because the outside of the package has a stylish, attractive appearance. It is well wrapped, tied with suitable ribbon, and makes a good impression at first glance.

Second, because upon opening the box the idea of daintiness is forced upon you by the neat appearance of the candy. You are at once impressed that only expert packers could put up candy with such skill, and they alone could give it the beauty of arrangement that is especially noticeable in a box of Nunnally's candy.

And third, because the eating of these delicate confections proves them to be most delicious and wholesome, and unsurpassed in nutritive excellence.

Thus, with daintiness, wholesomeness, deliciousness and sweet purity, a box of Nunnally's confections proves itself par excellence.

## LOCAL INTELLIGENCE.

Wednesday, March 11, 1906.

—Mr. LeRoy Habenicht is at home from the Atlanta Medical College.

—Dr. J. D. McMeekin spent Sunday at his old home near Jenkinsville.

—Mr. Wylie Quattlebaum of Columbia is here for short stay with relatives.

—Miss Addie Boney of Blythe-wood is visiting the family of Mr. W. A. Hood.

—Mrs. Annie Rosborough of Ridgeway is spending a few days with the family of Mr. J. E. McDonald.

—Miss Lucy Quattlebaum has returned to Columbia after a stay of several days with relatives in town.

—Mrs. L. A. Bye's parents, Mr. and Mrs. Connell, of Philadelphia, and her sister, Miss Annie, are with her for a short stay.

—The advertising columns of The News and Herald contain some mighty interesting announcements. Be sure to read them all.

—Is there not an ordinance against the keeping of hogs in the incorporate limits of the town? Surely, if it should apply at all, it should be to places within two or three blocks of the public square.

—Mr. and Mrs. S. B. Crawford, who are now living at the Great Falls, spent Monday in town. Mr. Crawford says things are certainly doing about up in that section and that all the work in hand is being pushed rapidly forward.

—The library is being well used. Have you joined yet? If not, will you not do this much to help along so worthy a cause? It only costs one dollar to join, and this amount you can just hand over to the librarian, Miss Anna McCants.

—By all means do not neglect the garden. It is too important a part of every well regulated home to be overlooked. The time and attention that you give to it will abundantly repay you. And what a satisfaction to have a plenty of vegetables fresh from your own garden. There is real happiness and prosperity in this sort of living.

Meador-Crosby.

Married, March 8, 1906, by Rev. E. D. Wells, at the home of the bride, Dr. W. M. Meador and Mrs. M. E. Crosby, both of Fairfield county.

Won First Honor.

The city hospital of Augusta has just graduated a class of six trained nurses. The first honors were won by Miss Lily Heyward Hoffman, a Fairfield girl, a former student of Mt. Zion and a sister of Mrs. Preston Rion. She is to be congratulated upon having made such a fine stand.

Dr. McKinstry Paralyzed.

The many friends throughout the county of Dr. T. B. McKinstry of the Mossy Dale section will be sorry to know that he was paralyzed at his home a few nights ago, the whole right side being affected. They will be glad, however, to know that he is now gradually improving and that there are hopes of his partial recovery.

Death at Woodward.

Mr. J. Henry Brice died at his home near Woodward Friday morning and was buried at New Hope Saturday morning. He was about 75 years old and had been in failing health for more than a year. He leaves a wife, two sons, E. D. and R. H. Brice of Woodward, and two daughters, Mrs. Mattie Harden of Chester and Miss Lois Brice. He is also survived by a brother, W. Watt Brice, of Blackstock and two sisters, Mrs. J. M. Blain and Miss Nan Brice.

Meetings Postponed.

The meeting of the county board of equalization, called for yesterday, had been postponed for two weeks. Auditor Pagan has found that he had called the meeting for an earlier time than that prescribed by the tax laws. The township assessors have until the fourth Monday in March to complete their work and the time prescribed for the meeting of the county board of equalization is the fourth Tuesday in March. The meeting of the board of equalization is a very important one this time, as this is the year for the return of real estate.

One would think the Laxative idea in a cough syrup should have been advanced long before it was. It seems the only rational remedy for Coughs and Colds would be to invade the bowels and clean the mucous membranes of the throat and lungs at the same time. Kennedy's Laxative Honey and Tar does this. It is the Original Laxative Cough Syrup, the best known remedy for Coughs, Colds, Croup, Whooping Cough, etc. Tastes good and harmless. Sold by all druggists.

## MILLINERY NOTICE.

Our Millinery will this season be in charge of Miss Yerby of Baltimore and Miss Johnston of Winnsboro. Both these ladies are experienced milliners and can furnish you all the new ideas as to up-to-date styles.

Our opening will be held March 22, 23 and 24. Be sure you see this fine display of spring styles.

Caldwell Dry Goods Company.

Civic League Meeting.

The Civic League will hold its second monthly meeting next Tuesday afternoon at the residence of Mrs. W. A. Beaty at 4:30. A full attendance of all members is desired. So far only about forty of the ladies of the town have connected themselves with this organization, that has for its object the beautifying of the town. Surely more of their number are interested in this very important matter and will lend their best effort to help it on. So let them come in and join and help push things forward.

Dr. Poteat at Mt. Zion.

Supt. Baker is again very fortunate in his choice of a speaker for the closing exercises of Mt. Zion. He has just received a letter from Dr. Poteat, president of Furman University, accepting the invitation extended him some days ago to address the school at its closing. Dr. Poteat has only been in South Carolina a few years, but in that time he has won a very enviable reputation as an educator and as a scholarly speaker. Furman has enjoyed great prosperity under his presidency. Winnsboro will be glad of this opportunity of hearing one of the foremost men in the development of educational work in the Carolinas. He will be warmly received, when he comes here.

11 Gamblers Scooped In.

Sheriff Hood scooped in another crowd of gamblers Monday afternoon. The party consisted of only 11 and in this instance as in the former was made up of whites and negroes. They were carrying on their gaming in the woods in the rear of the Methodist church. It seems that Sheriff Hood had caught on to their way of doing and so he went out on a real search for game. He ran right up on the crowd and without the assistance of anyone held up all eleven till his deputy could come to his assistance and help him bring them to town. They were all lodged in jail. The whites were all mill operatives: J. S. McKinney, H. A. Paris, John F. Lethco, George Brown, W. F. Runyon, N. L. Howard. The negroes were: Mabrin Irby, Tom Hill, Charlie Martin, John Johnson, George Baxter. The remarkable thing about this group was that there was not a single pistol to be found.

Sheriff Hood is determined to make it hot for gamblers and will spare no pains to break up any gambling den in the county, it matters not where it is. He is to be congratulated upon his remarkable success in this direction so far.

Court Proceedings.

The court of common pleas adjourned Friday afternoon after a two weeks session in which the heavy docket was fairly well cleared, though a good many cases were continued. Judge Klugh left that afternoon for his home at Abbeville for a stay of a day or so before going on to Lancaster to hold court there this week.

The case in which there was the most interest, tried during the last week, was that of Hollis vs. the town of Ridgeway. This was a suit for damages as the result of injuries to the plaintiff caused by his falling in a telephone pole hole, which had been left open near the sidewalk, leading to the depot. The amount asked was \$10,000. J. E. McDonald for the plaintiff, A. S. & W. D. Douglas for the defendant. The motion of the plaintiff's attorney for a new trial on the grounds of inadequate allowance was refused.

In the case of Martin vs. Southern Railway Company, which was being tried at the time of going to press last week, the jury found in favor of the plaintiff in the sum of \$1,000.

The case of the Germania and Royal Insurance companies and Millett & Co., cotton buyers, against the Southern Railway for the recovery of insurance paid to the above cotton buyers by the

said insurance companies for cotton burned at the Southern depot about two years ago to the value of \$1,640 was decided in favor of the defendant, J. E. McDonald for the plaintiff, A. S. & W. D. Douglas for the defendant. The court instructed a verdict in favor of the plaintiff in the case of Walker vs. Doty for the recovery of certain costs paid by plaintiff on a certain piece of land bought by the defendant against which there was a judgment in the name of the plaintiff. The amount was \$210.60 and interest from date of payment. Ragsdale & Dixon for plaintiff, J. E. McDonald for defendant.

## TO LET UP MEANS LOSS

In the advertising campaign there should be no truce. While the merchant lives and remains in business there comes no time when he can safely lay down his arms. If he ceases advertising for a single day he gives his competitors an advantage. If he stops for a month he has started on the road which leads to discomfiture and ultimate oblivion. Advertising is usually cumulative in its effect. It is true that mercantile advertising, if judiciously done, will bring returns from the beginning.

But it is also true that the best results are only obtained by keeping at it.

The advertising that was done before serves as an introduction to that which comes after; the advertising that comes after heightens the effect of that which was done before. One advertisement strengthens another and the combined effect produces results which one of them alone might be powerless to achieve.

To stop advertising, even for a short time, destroys the cumulative effect it has already produced and puts an end to all the advantages gained by continuity. If you withdraw your ads. from the papers you may be assured that your competitors will not make the same mistake.

"Out of sight out of mind" is a time honored proverb which applies with peculiar force to a merchant's advertising. Who remembers the ads. of last year or last month? Keep your name before the public in our columns if you would not be forgotten.
