THE BLOOD IS THE LIFE.

COMPOUND OXYGEN TREATMENT.

A CURE GUARANTEED IN ALL CURABLE CASES.

DR. BROWN'S ROOMS CROWDED DAILY.

In our large practice we have treated every form of disease with oxygen; but for the benefit of the suffering we give here a list of the most common diseases, all of which we will treat successfully. We guarantee cures by special contract whenever the patient desires it. Persons suffering from ailments not mentioned here are invited to call or communicate a description of their case by letter. Our reply in all cases will be consistent with our experience and knowledge and strictly honest.

CONSULTATION AND EXAMINATION FREE.

Consumption, Catarrh, Scrofula, Paralysis, Epilepsy, Neuralgia, Nervousness, Palpitation of the Heart, Hysteria, St. Vitus' Dance, Asthma, Bronchitis, Dyspepsia, Constipation, Liver Complaint, Piles, Spermatorrhœa, Tetter, Ulcers, Acute and Chronic Rheumatism, Gout, Spinal Disease, Cancer, Dropsy, Diabetes, Kidney Diseases; all diseases incident to females.

The medical agent used by Dr. Brown in his practice at 15 West Twentieth street, New York, for the cure of all diseases is compound oxygen, or a combination of essential gases chemists and scientific men have been trying to form for ages, but without tangible results, till the recent discovery. The action of this remedial agent is alterative, stimulant and tonic, never failing to purify the blood and impart vigor to all the organs and every function of the body. No harm can possibly result from its use in any case.

This remedy has been thoroughly and successfully tested in Philadelphia and is now being introduced in New York in its present form for the first time.

All inquiries by letter will be answered and all necessary information given by calling upon

W. B. BROWN, M. D.,
No. 15 West Twentieth street, New York.

TO AMERICANS VISITING PARIS.—JAS. W. BELL, Artist Tailor, of 171 Fifth avenue, has opened a branch house at No. 1 Rue Scribe, Paris, for the production of the lastest styles of American and European fashions.
