Cured almost instantaneously by the "UNIVERSITY MEDICINES," at an infinitesimal cost. The "University Medicines" are not patent medicines, but the favorite prescriptions of the New York Medical University, an incorporated institution of the State. These elegant Health Restoratives are prepared by a newly discovered chemical process, by which they acquire a reliability, efficacy and masterly power hitherto unknown to medicine. We are daily receiving letters from every part of the country, from patients and physicians, recording the most astounding cures performed by these remedies. Many of these cases had been considered beyond the power of cure. There never has been a success like this system of medicines. They are not patent medicines. THE UNIVERSITY MEDICINES are to-day sweeping the country from Maine to Mexico, becoming the leading Health Restoratives and rapidly superseding the old poisons, nostrums and nauseous drugs, and their sale is becoming enormous. They are now regularly prescribed by nearly 1,500 physicians.

FAVORITE PRESCRIPTIONS.

HEAR WHAT OUR PATRONS SAY.

We have over 18,000 sworn certificates of lives. New cures reported daily.

DAYTON, Va., April 1, 1870.
PROFESSOR—I received the medicine you sent in good order. My wife has been doctoring seven years for falling of the womb, and received no benefit whatever. When the University Medicines came to hand she was just recovering from a severe uterine hemorrhage and was unable to walk a step. After using the injection of chloride of gold four times she was enabled to attend to her home duties, and is to-day doing her own washing without her accustomed supporter.
WM. Mc. K. DISHBACK, P. M.

We shall shortly publish, for the encouragement of the afflicted, a sworn list of 1,000 of the most remarkable cures ever effected in any way, together with elaborate photographs of cases cured by the UNIVERSITY MEDICINES after all other treatment and remedies had failed.

The following publications are free to all:—
I. The celebrated Illustrated University Almanac for 1870, printed in colors, 160 pages, containing an elaborate description of the University Medicines, the New system of Medical Practice (the Chemicopathic), our Discoveries in Medicine, Testimonials, Proofs, Remarkable Cures, important and novel Physiological information, free to all who call or send.
II. History of the Cancer Plant; contains illustrations of great cures of Blood Maladies.
III. The Physiological Monograph (in red and gold) describes the new treatment of new unmanned vitality employed in the confidential department of the University, including an account of the newly discovered remedies prescribed, by which over 2,000 patients have recently been permanently cured. This beautiful little book should be read by all before consulting the newspaper advertising quacks.
