BETTER THAN SPEECHES.

The Army of Subscribers to Relieve the Sufferers.

Full List of Donors and Donations Up to Moment of Going to Press.

The grand and energetic responses that come from the American people in answer to Mayor Mason's call for aid for the Chicago sufferers are certainly gratifying to every one who sympathizes with the victims of the hungry fire. The evidences of sympathy are not confined to cities and States; but from the other side of the broad Atlantic and beyond the St. Lawrence substantial proofs that others feel for them are given below. Never, perhaps, has there been a parallel in this country to the charitable work that the last three days have accomplished. Below will be found a list of the generous donors as far as the names have been received to the hour of putting the HERALD to press. Let it carry joy to the fire-stricken victims who look anxiously for succor:—

New York Gold Exchange, October 9 and 10.
