BLACK AND STRIPED GRENADINES.

We claim our establishment to be the headquarters in this city for the above goods, no house offering such acceptable bargains as we quote this week, and, as the opportunity is limited, ladies should avail themselves of purchasing. They are the finest assortment ever displayed.

which are fully 25 per cent less than importation cost.

Our departments this week are furnished with a complete assortment of goods in usefulness, quality elegance and price, and we defy any other house in the city to undersell us. We have been fortunate enough to secure the exclusive sale of some extraordinary bargains last week, and our prices must commend themselves to the appreciation of all. In our Suit Department will be found some of the most elegant and attractive spring styles ever exhibited, imported from Paris and Berlin and of home manufacture, in the latest fashions. The making of these suits is entrusted to the care of only the most experienced modistes the city can produce, and they are marvels of skill, taste and fine workmanship. Suits will be made to order according to any designs from the most simple to the most costly and elaborate ever executed.
Our striped Silk Suits are emphatically deserving particular attention, more elegant goods at such attractive prices never having been seen on Broadway, and were it not for the unparalleled dullness of the past season it would be impossible to offer them so low as 20 per cent more.
Our general display of Cloaks, Dresses, &c., is of equal importance, and, indeed, in every department our labors in the interest of our customers are manifested by an offer of goods of attractive elegance and variety which are far superior in quality than can be purchased elsewhere at the price. A visit will be productive of as much surprise as satisfaction, and we cordially invite the closest examination by visitors.
