WALL STREET NOTES.

ELECTION OF PANAMA RAILROAD DIRECTORS—A UNION PACIFIC FUSION—THE GOLD GRABBERS' GAMES—AN ERIE EXPLANATION.

An election for directors of the Panama Railroad Company took place yesterday at their office in Wall street. The following gentlemen were chosen:—Messrs. John M. Burke, Charles G. Francklyn, of the Cunard steamship line; Senator John P. Jones, of Nevada; William Butler Duncan, Trenor W. Park, John G. McCullough, General H. H. Baxter, S. C. Thompson, H. C. Emmett, Cornelius K. Garrison, Frank Work, of Scott, Strong & Co., and George J. Forrest.

A glance at these names immediately suggests a predominance of the Union Pacific interest, and it is only reasonable to suppose that the ticket was made in accordance with a preorganized programme. Adroit stock speculators threw out hints that there was some match in the arrangements by which Pacific Mail interests would be slaughtered; but the coarse of the latter stock at the close of the market indicated otherwise.

THE BIG BONANZA

continued to excite the cupidity of the operators, and it still persisted in an upward course. The public are warned now, as heretofore in this column, to let the reckless gamblers stock their cards without aiding them, and especially of the safety of non-intervention, in order not to become the victims of a cheat and conspiracy almost unequalled in the history of American speculation.

THE GOLD GRABBERS

piously protest against movements in the precious metal, but enough was seen in the market to indicate that the pool recently reported to have sold out is manipulating the market against the best interests of trade. Gold was firm nearly all day at 114¾, and, although the members of the recent pool, when waited on by the HERALD representative, expressly denied any participation in the advance, suspicion points to exactly the same houses as leaders of the upward movement. Merchants will do well to buy the precious metal as they need it for duties and not aid the speculation by short sales.

THE COMMISSION OF MR. JOHN C. NEW

to be the Treasurer of the United States was signed to-day by President Grant and forwarded to Mr. New, at Indianapolis, Ind.

THE RAILROAD ACCIDENT

on the Chicago, Burlington and Quincy Railroad, reported yesterday, will entail a loss of perhaps $100,000 on the company, as bullion to the amount of nearly $500,000 was in the express car and was scattered in every direction by the terrible shock.

The revenue receipts yesterday were $500,000; the customs receipts, $400,000; national bank notes received for redemption, $300,000. There was no particular demand for money yesterday, although one or two efforts were made to produce an artificial stringency.

It is believed in regard to the railroad war, about which so much has been written of late, that negotiations are pending for a complete and harmonious settlement of all difficulties. In fact, at a late hour yesterday the terms even of the compromise were made known. Taking a common sense view of the situation, this seems reasonable, because the canals will take a large portion of the business from the railroads upon the opening of navigation, if the latter do not invite trade by favorable rates.

ERIE IN LONDON

had a blow yesterday on account of rumors of an *exposé* of frauds by a recently discharged clerk, which were not considered of any importance by the directors of the company here. Mr. William H. Duncan, when in London recently, took measures to abandon the transfer agency for stock and to close the offices there, discharging all the clerks. One of them declared himself to be entitled to a continuance of salary, which was disallowed.
