The Stock Market Dull and Prices Unsuggestive.

GOLD STEADY AT 116 7-8.

Money at 2 1-2 and 3 Per Cent—Government Bonds Firm.

WALL STREET,
TUESDAY, June 8—6 P. M.

The stock market to-day was tame, with changes too insignificant to require much comment. The principal profits were reaped by the brokers in the Board, who had several opportunities in the manipulation of speculative specialties to take in earnings on both sides of the field. The street was devoid of rumors. Another meeting of the Presidents of Erie and New York Central was held to-day, whereat the railroad war was further discussed; but in the absence from the conference of Mr. Garrett, of the Baltimore and Ohio Railroad, it is useless to attach importance to any decisions at which they may have arrived. If there is any disposition to compromise it has not yet been made public. We are informed that none exists; but that, on the contrary, a leading railway official has within two days declared that the fight would be continued to the bitter end, and that freights would be much more reduced. The feeling with reference to Western Union is described as rather encouraging, although statements were freely circulated that the next dividend would be temporarily passed and that the company would suffer from an early competition with Atlantic and Pacific Telegraph.

THE MONEY MARKET.

Money was easy at 2½ and 3 per cent. The foreign exchange market was firm to the close on the basis of 4.87 and 4.89 for prime bankers' long and short sterling.

THE GOLD MARKET.

Gold opened at 117, fell off to 116⅞, rose to 117⅛, and closed at 116⅞. The carrying rates were 1, 1⅛ and 2 per cent, and the borrowing rates 1 and 2 per cent. Loans were also made flat. The shipments immediately engaged are variously reported. To-morrow's steamers will probably take out $525,000. Thursday's steamers will convey, it is said, a much larger sum, and the total of the week is likely to be, from the present outlook, not less than $3,000,000. It is incidents of this character that are attracting attention to the gold market and affording the principal reasons for the advance that is in progress. The Assistant Treasurer paid out to-day $14,000 on account of interest, and $921,000 in redemption of five-twenty bonds.
