WALL STREET, FRIDAY, June 28—6 P. M.

After much mountainous labor Lake Shore has at last brought forth a dividend which proves to be a very ridiculous mouse indeed. It is officially stated that the company has earned during the last six months a trifle less than 2 per cent upon the capital stock, deducting from which the sum to be set apart for the sinking fund and some other expenditures, there is left a trifle over 1 per cent to be divided among stockholders. It would thus appear that the concern is left with scarcely a shot in the locker and enters into a fresh year's combat with rival roads and competing waterways without the sign of a surplus to meet contingencies. The dividend payable upon the 1st of August will be one per cent, making with the previous one three per cent for the past twelve months—a very small amount of wool indeed for the very great cry which the Vanderbilt people made in regard to the property early in the spring. Something more than one per cent was generally expected, and the price has for weeks past been sustained with remarkable firmness upon this notion. To-day, however, when the facts leaked out to the favored few, a decline set in, which, although ultimately resisted by extensive covering of shorts and some pertinacious support on the part of a large holder and famous bull, dragged the price down from 68⅝ to 56⅝, and left it at these latter figures at the close. Speculative attention was so entirely directed to dealings in Lake Shore that the rest of the list was sunk into obscurity. Something like an expiring convulsion, however, seized upon the ill-fated Ohio and Mississippi property, which shook the price down to 7¾ under large sales of stock. The trouble was traceable to the notice given by the Vandalia Railroad Company that this road proposed to run a muck in the matter of passenger fares by cutting and slashing prices, to its own injury as well as to that of the Ohio and Mississippi and Wabash. In regard to the business of the former road we hear it stated that the gross earnings for June about correspond to those of last year, but that a material saving has been made in running expenses. As weakness in Lake Shore is always reflected in the rest of the market it followed that the list, as a whole, languished and drooped toward lower prices, although no startling changes occurred. At the end the market was feverish and lower, and the bearish feeling which has set in with fresh force against the Vanderbilt favorite seems to threaten a further decline in the immediate future.

FRIDAY, June 28—6 P. M.

Business has been moderate, taken altogether, during the week just closing, but there have been some marked exceptions and some unusually radical changes in prices. The busy season in hardware, dry goods, boots and shoes, drugs, dyes, &c., is past, while the fall season is not yet commenced and will not for some weeks to come, and the market for all these are quiet, without important changes. But in some other commodities radical changes have transpired. The continuance of good weather has all but insured the harvesting of an immense wheat crop, and the markets have accordingly begun to feel the influence of it. During the week the market here has been bordering closely upon the panicky, and both spring and winter wheat have gone down rapidly, selling, as our reports from day to day have shown, very low. No. 3 spring, including both Chicago and Milwaukee, having sold below $1 per bushel, which is extraordinarily low. Corn, on the other hand, has sold at steady prices, which, however, are very low. The transactions have been very large. Oats are without decided change. Provisions, if we may except beef, continue very firm, though not active. To-day (Friday) the markets were dull almost without exception. On 'Change flour was easier, wheat dull, lower and nominal; corn easier, oats steady, whiskey quiet, pork and lard quiet, coffee quiet, sugar firm. Naval stores were quiet. Oils were quiet. Petroleum was lower and active at the decline.

ASHES were quoted at 4½c. a 4⅜c. for pots and 5½c. a 5⅜c. for pearls.

ANTIMONY was steady at 12½c. a 12⅝c., gold, for regulus.

BEESWAX was quoted at 27c. a 27½c. for Western and Southern.

BAGGING.—The market was firm at 9⅞c. a 10c. for 2 lbs. weight and 10⅜c. for 2½ lbs. weight.

COFFEE.—The market for Rio was firm for the better grades, but the lower grades were not wanted. At Baltimore the following sales were made:—3,247 bags, ex Flora Goodale, at 11⅜c.; 2,200 bags, ex Grey Eagle, at 14⅛c.; 2,600 bags, ex Cacique, supposed at 14⅛c., and 2,200 bags, ex Serene, at 14⅛c. Mild coffee was quiet and steady; 71 bags Costa Rica, ex Colon, sold on private terms. We quote: Ordinary cargoes, 12⅜c. a 13c.; fair do., 15⅜c.; good do., 15⅞c. a 16c.; prime do., 16⅜c. a 16⅝c.; extreme range for lots, 12⅜c. a 17⅝c.; Santos, fair to good, 14⅝c. a 15c., gold, 90 days; Java, government bags, 20c. a 21½c.; do., grass mats, 20c. a 22½c.; Singapore, 17c. a 18½c.; Ceylon, 15c. a 18c.; Mocha, 13c. a 17c.; Laguayra, 14c. a 16c.; Jamaica, 13c. a 16c.; St. Domingo, 12½c. a 13c.; Porto Rico, 14c. a 16½c.; Costa Rica, 14c. a 17c.; Mexican, 15c. a 16c.; Macassar, 17c. a 18c.; Angostura, 15c. a 16½c.; Savanilla, 13c. a 15½c.; Curacoa, 13c. a 14½c.

COOPERAGE STOCK.—The market was quiet. We quote:—Molasses hogsheads, 24-inch, with heads, $1 65 a $1 90; sugar hogsheads, with he
