TO OFFER BRITISH LOAN HERE AT 99

J. P. Morgan & Co. Announce Full Details of the New $250,000,000 Credit.

COLLATERAL $300,000,000

Investors Will Receive About 5 1-2 Per Cent.—No Conditions Imposed.

J. P. Morgan & Co. announced yesterday that Great Britain is to obtain in this country a loan of $250,000,000. The principal terms of the arrangement call for the issuance by Great Britain of $250,000,000 two year 5 per cent. gold notes, dated September 1, to be secured by the deposit of $300,000,000 bonds and stocks with the Farmers Loan and Trust Company as pledges. The syndicate underwriting price will be 98 and public offering will be made at 99, returning about 5½ per cent. on the investment.

The securities to be pledged are valued at current market prices and are classified as follows:

1. Stocks, bonds and other securities of American corporations of a total value of not less than $100,000,000.

2. Bonds or other obligations of the Government of the Dominion of Canada and stocks and bonds and other securities of the Canadian Pacific Railway valued at not less than $100,000,000.

3. Bonds or other obligations of the several following governments: Argentina, Chile, Norway, Sweden, Switzerland, Denmark and Holland of an aggregate value of not less than $100,000,000.

Margin to Be Maintained.

The pledge agreement provides that if the securities depreciate in value because of change in market price or in rate of exchange, so that the 20 per cent. margin shall become impaired, Great Britain is to deposit additional securities with the trust company, so that at all times there shall be on deposit securities of a value in New York city equal to 120 per cent. of the amount of the loan unpaid.

The stocks and bonds to be deposited as collateral have not yet all been received in New York, pending which event England will deposit temporarily New York Stock Exchange collateral or cash.

The notes may at the option of the British Government be redeemed in whole or in part on thirty days' notice on August 31, 1917, at 101 and accrued interest, or on August 31, 1918, at 100½ and accrued interest. Both principal and interest are payable in New York in United States gold coin without deduction for British taxes.

Although the issue will be strictly gilt-edge, the direct obligation of the British Government and amply secured by the pledge of high class bonds and stocks, Great Britain is compelled to pay more than 6 per cent. for the accommodation extended. This is a significant commentary on the compulsions under which the Allies are laboring for funds for the conduct of the war.

For months Great Britain has been exerting every effort to mobilize the securities within her domains, borrowing or buying them from the owners and holding them subject to sale, in order to augment her borrowing power. On these borrowed stocks and bonds the Government is paying one-half of 1 per cent. on the par value.

Britain Pays Big Price.

Inasmuch as it is impossible to determine how many of these securities the British treasury has purchased outright and how many borrowed and the precise profits going to the underwriting syndicate, the exact cost to the Government of the loan cannot be stated, but that a high price has been paid for the loan is conceded. The terms are perhaps somewhat better than those of the Anglo-French loan, of which there was some adverse criticism by British publications.

There is no condition attached to the loan, that the proceeds are to be expended in the United States, a stipulation unnecessary, since the chief function of the loan is to stabilize exchange rates between the two countries and to cover munition purchases here.

J. P. Morgan & Co. are managers of the syndicate and with them are associated the National City Bank, First National Bank, Harris, Forbes & Co., William A. Read & Co., Brown Bros. & Co., Kidder, Peabody & Co., Lee, Higginson & Co., J. & W. Seligman & Co., Guaranty Trust Company, Bankers Trust Company, Farmers Loan and Trust Company, Central Trust Company, Chicago, and the Union Trust Company, Pittsburg.

The present loan is the most important since the Anglo-French flotation last October, when England and France borrowed $500,000,000. This enormous offering was disposed of successfully. These bonds were offered at 98 and underwritten at 96, bearing 5 per cent. interest and running for five years.

The most recent compilation available of British Treasury borrowings since the commencement of the war, made by the statist in July, places aggregate borrowings at £2,179,021,000, or slightly more than $10,600,000,000. Adding to this the latest loan British Treasury borrowings are brought up to the enormous total of $10,850,000,000.

WAR EXPORTS $35,000,000.

Week's Cargoes of Other Goods Leaving Here Worth $52,000,000.

War material valued at $35,000,000 and other goods worth $52,000,000 were exported through the port of New York last week, according to figures compiled by the National City Bank. The list of munitions include explosives, shells and shell steel, barbed wire, acids and other chemicals, motor trucks, cartridges and firearms. Chief among the articles destined for other than strictly military use were sugar, cotton goods, boots and shoes, agricultural machinery, locomotives and cars, knit goods and yarns, naphtha and gasolene, oils, rubber manufactures and tin plate.

Most of these exports were sent to the nations at war, and the purchases of those countries included all classes of goods. Shipments to France alone were valued at $29,500,000; to the United Kingdom, $25,000,000; to Russia, $10,900,000, and to Italy, $4,500,000. The remaining $18,000,000 worth of exports were distributed in relatively small amounts to Denmark, Greece, Holland, Norway, Spain, Sweden, South America, the West Indies and the Orient.

Urged to Hold Wheat for $1.60.

FARGO, N. D., Aug. 16.—The Society of Equity, an organization of farmers in several Northwestern States, sent out an appeal to-day to its members to hold their wheat this season until $1.60 a bushel is offered. Minimum prices for other grains also were given. Equity leaders charge that grain manipulators have forced down prices in other years and they seek to prevent the same thing this year.

U. S. BULLETIN ON CROPS.

Cooler Weather Helped to Check Rust Damage to Wheat.

WASHINGTON, Aug. 16.—"Damage by blight and rust continued on late sown spring wheat in the northern part of the spring wheat area and extended into northeastern Montana, although the extension of rust damage was checked somewhat by the cooler weather that prevailed," the Weather Bureau announced to-day in reviewing crop conditions for the week which ended yesterday. Corn generally was benefited by the weather except in Kansas, Oklahoma and north and west Texas, where little or not rain fell.

"In Kansas the prospect for corn decreased steadily and in many places in that State the crop promises to be a failure because of the lack of rainfall," says the bulletin. "Corn was damaged beyond recovery in much of Oklahoma also; in both States cutting for fodder and ensilage was begun. Corn deteriorated in western and northern Texas also, but elsewhere in that State the crop has matured.

"It is feared that the rain came too late for most of the corn in Missouri. Early corn was badly damaged in Iowa. The rainfall was very beneficial in Illinois, Indiana and Iowa and late corn, together with other crops, is responding well to the more favorable conditions. Late corn improved in Nebraska also."

Weather was more favorable for potatoes and they made good growth in most Northern and Western sections.

To Reorganize Kansas Natural Gas.

PITTSBURG, Aug. 16.—Plans looking to the reorganization of the Kansas Natural Gas Company, with a view to taking it out of the hands of receivers, where it has been since 1912, were made here today by the stockholders' protective committee. The company, which has a capital of $6,000,000, supplies 148,000 consumers in Kansas and Oklahoma. W. W. Splane of Oil City presided. The committee prepared a tentative plan, to be worked out in detail and sent to the stockholders after they have been passed upon by the committees' attorneys.
