GOSSIP OF WALL STREET.

With the departure of J. P. Morgan for Europe yesterday, Wall Street again showed lively interest in the project of a new foreign loan here. It is stated on good authority that the additional Russian credit, an option on which is held by the Muscovite bankers, has been definitely abandoned. In place of that Russia, it is understood, will participate in a loan of huge proportions to be placed on this side jointly with Great Britain and France, if present negotiations materialize. This three nation loan may be for as much as $500,000,000 or even more. Mr. Morgan will be abroad for six weeks. H. P. Davidson has been in Europe for several weeks, as has also Arthur M. Anderson, head of the Morgan bond department.

Foreign Selling.

The recent behavior of the stock market, especially of the railroad group, is viewed with deep significance by many brokers in the light of Mr. Morgan's departure. The railroad stocks have shown signs of pressure of late and it is said that the selling of these stocks has been especially "good." The assumption in brokerage circles is that many of the stocks placed as collateral for the recent $500,000,000 British secured loan are no longer held as such, having been sold in the open market, as Great Britain reserved the right to do at any time she might wish when the loan negotiations were concluded.

Holding the Bag.

It often happens that when an operator or a pool takes the market in a stock away from the group to which it naturally belongs the operator or the pool finds that a Tartar has been caught. Such attempts have made a great deal of history in Wall Street and have been the making or the losing of more than one fortune. Just now a well known operator, whose performances have been spectacular, is said to have found that his treading on forbidden grounds does not pay. He is credited with having started out to make a bull market in Reading by taking the market for the stock away from the "right" people. As a result he is having to hold the bag and take all the stock offered in consequence of his temerity.

Bank Clearings.

From week to week the steadily advancing total of bank clearings in the United States has reflected faithfully the business expansion and general prosperity of the country. That total is rapidly approaching the $6,000,000,000 mark, being $5,853,469,279 for the week ended yesterday, as compared with $5,354,828,281 the week before and with $4,647,420,551 in the same week of 1915. Gains of the principal cities for the week were: New York, 29.9 per cent.; Boston, 26.2 per cent.; Philadelphia, 21 per cent.; Baltimore, 13 per cent.; Chicago, 51.1 per cent.; St. Louis, 42.1 per cent., and New Orleans, 71.1 per cent.

Financing in September.

Corporate financing for the current month to date totalled $1,245,500,000. This compares with $977,500,000 last year and with $1,130,000,000 in 1914. Of the nine months that have passed February stands in broader total at $217,000,000 and May under the smallest at $65,000,000.

The decline in financing since the first of the year has been steady, with the early summer, when July and June by $3,500,000. Most of the June financing was done by the railroad companies. The railroads financed only $8,000,000 to the total of this month's financing was done by bonds, and the other half was about evenly divided between notes and stocks. It is interesting to note that none of the capital raised went for refunding purposes.

Railroad Earnings.

In the 1916 fiscal year, of 176 railroads having annual operating revenues of more than $1,000,000 only ten reported a decrease of operating income, or net after taxes, as compared with the fiscal year 1915. These roads with their percentages of decrease, follow: Balt. and Ohio Chicago Terminal, 16.6; Balt., Chi. and Atlantic, 59.9; Bangor and Aroostook, 3; Balt. Ry. Co. of Chi., 36.4; Staten Island R. T., 10.4; Col. Midland, 137.1; Galveston Wharf, 47.9; Gulf, Col. and Santa Fe, 51.7; Kansas City, Mex. and Orient, 113.2; M. K. and T., 14.1. Increases reported by the other roads ranged as high as 3,456 2-5 per cent., but the ratio in this case is more ominous than the total, the road reporting this gain being the St. Louis, San Francisco and Texas.

Eastern Roads.

Eliminating from consideration all railroads reporting net after taxes of less than $1,000,000, those showing in 1916 a percentage of gain in that item over 1915 of 50 per cent. or more are the following: Eastern District—Boston and Maine, 58.2; Central New Eng., 53.7; and 12. Ill., 66; Chi. and Erie, 152; Cleve., Cin., Chi and St. Louis, 7.6; Cumberland Valley, 87.9; Elgin, Joliet and Eastern, 87.5; Erie, 72.2; Grand Trunk Western, 237.1; Lake Erie and Western, 106.5; Mich. Central, 68.7; New York Central, 62.6; N. Y., Chi. and St. Louis, 109.2; N. Y., Phila. and Norfolk, 58.8; Pennsylvania Company, 103.6; Pennsylvania R. R., 56.6; Phila. and Reading, 56.1; Phila., Balt. and Wash., 84; Pitts. and Lake Erie, 141.8; Pitts., Cin., Chi. and St. Louis, 56.8; Toledo, St. L. and Western, 103.4; Union R. R. Co. of Pa., 304.4; Wabash, 82; Western Maryland, 67.1; West Jersey and Seashore, 52.8, Wheeling and L. Erie, 214.4.

Percentage in West and South.

A similar list for the Southern district follows: Alabama, Gt. Southern, increase, 78.1; Carolina, Clinchf. and Ohio, 55.5; Fla. East Coast, 55.1; Kanawha and Mich., 68; Louis. and Nash., 82.1; Nash., Chat. and St. Louis, 91.4; New Orleans and No. Eastern, [illegible]; Norfolk and Western, 73.7; Norfolk Southern, 78.3; Southern, 56.7. COMMERCIAL PAPER—Market soft at 3¼% for prime four to six months bills. Rate for ordinary good names, although quoted at 4¼@4½, as usual, was largely nominal. The market for trade acceptances remained unchanged and easy at 2¾@3¼ and 3¼@3½% for thirty, sixty and ninety days indorsed bills receivable, if eligible for rediscount at Federal Reserve Bank. Ineligible bills softened to 2¾%.

NEW YORK BANK CLEARINGS.

The volume of business transacted in or through New York on Friday is indicated by the fact that bank clearings reported Saturday by the New York Clearing House totalled $684,568,058. These daily figures lack significance unless compared with the daily averages in the corresponding periods of former years. New York, the financial centre, reflects more or less accurately business and financial conditions throughout the country. The comparisons will be found even more valuable when considered in connection with the summary of railroad earnings published under "Railroad News."

FOREIGN EXCHANGE.

The most striking feature of yesterday's foreign exchange market was the strength of franc exchange. Paris checks sold as high as 5.82½, a new high for the month of September and only a fraction below the top figure for 1916. This compares with a low for the year this fall of 5.68¾, and for the month of 5.89¾. Lire were also somewhat firmer.

In the following tables, when the "demand, sight" or "check" rate is quoted in United States currency it is said to "favor" this country if less than par, but when quoted in foreign currency it is said to be "against" this country if less than par. For the convenience of readers such rates are marked "F" when in favor of and "A" when against this country.

BOSTON MARKET.

BOSTON.

BOSTON, Sept. 30.—Prices for copper shares held well under pressure from profit taking sales. Declines were only moderate, with a fair total volume of transactions. Railroad shares were quiet and unchanged. A few of the U. S. continued active and steady. Summary:
