CURB STOCKS MOVE UP NEAR THE CLOSE

Purchases of Midvale Steel and United Motors Result in Gains.

BOAT SHARES IN DEMAND

Coppers Display Strength, Cerro de Pasco Going Up 2 Points to 44.

Toward the close of yesterday's session stocks took an upward course, with the more prominent shares leading. Specialties featured the forenoon dealings, with lower priced mining and independent issues favored.

Midvale Steel and United Motors maintained a firm tone early, but in the closing hour both were purchased in fairly large proportions, which carried them up ½ and 2¼ points respectively. Submarine Boat and Lake Torpedo Boat common and preferred again showed a heavy turnover and during the forenoon exhibited a strong tone, but most of the improvement was cancelled in the later trading.

Cerro de Pasco copper led the mining department, with sales to 44, a new high record for the current movement and an overnight improvement of 2 points. Butte Copper and Zinc, Green Monster and Consolidated Arizona Smelting also shared in the upturn. Sales and quotations:
