PURCHASES FEW IN PUBLIC UTILITIES

Prices Hold Firm in Market, as No Stocks Are Pressed for Sale.

Dulness was the outstanding feature of the market for public utilities yesterday. Contrary to general expectations the market opened without a rush and transactions were on a small scale. Even the leading favorites failed to attract particular attention and without any stock pressing on the market prices held firm. The general list drifted through the session with infrequent and narrow changes in quotations.

American Light and Traction common was quoted at 329 bid and 332 asked, unchanged from the preceding close, and the preferred was dull at 110 bid and 112 asked. Cities Service common was quoted 288 bid and 290 asked, with the preferred unchanged at 87 bid and 88 asked. Pacific Gas and Electric common advanced fractionally on a fair amount of activity to 59 bid and 60 asked, against 58¾ bid and 59⅛ asked at the close on Monday. The remainder of the list was virtually unchanged.

Interest was centred on the beginning of the fight by local traction companies for increased transfer fares. At the same time the hearing on the question of a reduction of electric light and power rates was put over. The Third Avenue's hearing on the two cent transfer question was opened before the local Public Service Commission. Figures showing how serious the advance in operating costs has been to that road have been in the hands of the commission for some weeks and experts say emphatically that relief must be provided at an early date. PUBLIC UTILITY NEWS.

DETROIT UNITED RAILWAY.—Reports April gross $1,481,149, against $1,279,943 in April, 1916, and net $234,182, against $221,894. For four months gross $5,574,388, against $4,802,006; net increased from $901,392 to $961,[illegible].

NORTHERN STATES POWER.—Has purchased Northwest Light & Power Co., Renville County Electric Co. and Minnesota Valley Power Co., which serve 29 communities and a population of approximately 26,000.

OHIO CITIES GAS.—Stockholders have authorized increase in capital from $10,000,000 to $100,000,000. Plans for purchase of Pure Oil Co. were laid before stockholders and it was reported on good authority that Ohio company has offered $24.50 a share for stock of oil company if 85 per cent. is deposited by June 20. If less than 85 per cent. or more than 66 2-3 per cent. has been deposited it will be optional with Ohio company as to whether purchase will be made.

PROPERTIES GAS.—Following new executives have been appointed by company: T. V. Purcell, secretary; Joseph R. Dougherty, treasurer; Robert Blair, assistant secretary; A. S. Powell, assistant treasurer. In speaking of the changes Vice-President Ward said: "The changes are made because the men who are going out feel that they have reached the point where they want to turn over their work to younger men. They leave records of hard work and achievement behind them and turn over to others duties that they have faithfully performed."

SOUTHERN CALIFORNIA EDISON.—Is reported to have asked California Railroad Commission for authority to issue 30,000 shares of common stock at $65 a share.

DULUTH, June 6.—Wheat—No. 1 hard, $2.44; No. 1 northern, $2.78@2.93 nominal; No. 2 northern, $2.73 nominal; July, $2.42 nominal.

GUARANTY TRUST INCREASE.

Capital Stock to Be Raised From $20,000,000 to $25,000,000.

Directors of the Guaranty Trust Company approved yesterday the recommendation of the executive committee to increase the capital stock from $20,000,000 to $25,000,000, making the company the largest institution of its kind in the world.

The $5,000,000 of new stock will be offered to shareholders at par and subscriptions will not be received later than July 16. As Guaranty Trust stock is quoted at 465, and stockholders may subscribe to the new shares on the basis of one share of new for every four of old held, brokers figured that the privilege to purchase the new stock was worth about $75 a share. Stockholders will meet on June 25 to approve the directors' action.

Founded in 1864 as the New York Guaranty and Indemnity Company, the company's capital was increased in 1891 from $100,000 to $2,000,000. In 1910 it was enlarged to $5,000,000, in 1912 to $10,000,000 and in 1915 to $20,000,000.

The institution's resources have passed the half billion dollar mark and on February 28, 1917, the statement showed undivided profits of $5,817,781.

CURB SHARES CLIMB IN ACTIVE MARKET

War Issues in Good Demand—Russian Loan Touches Its Lowest Point.

In an active market curb securities yesterday moved in the direction of higher levels. All the prominent shares enjoyed advances from a fraction to two points. The war issues were in good demand in the late trading, when Submarine Boat advanced more than a point after selling lower, and Marlin Arms and Curtiss Aeroplane recorded advances of two points. The lower priced shares were rather quiet, with no important changes.

Motor stocks were dull, although their general trend was higher. Independent oil shares were moderately bought, with gains mostly fractional. Merritt Oil and Elk Basin were among the more prominent shares to advance. In the mining group little activity was shown except in United Verde Extension and Butte Copper and Zinc. The first named was unusually firm and rose more than a point, while the latter's improvement was limited to a fraction. Specialties were quiet and slightly lower, with the exception of Carbon Steel, which rose to a new high on the present movement.

In sympathy with weakness in Russian rubles the 6½ per cent. war loan of the Russian Government was weak, touching its low record. Industrial securities were dull, with fractional changes.
