LAMENTS AMERICAN AIR EXPLOITATION

Major Bishop, V. C., Says Germany Will Have Nothing to Fear in Spring.

MONTREAL, Jan. 11.—Germany will have nothing to fear from the United States air fighting forces during the coming spring because the American aircraft programme is "far behind" its schedule, according to Major William A. Bishop, winner of a Victoria Cross, who addressed the Canadian Club here today. He is credited with the shooting down of forty-five German aircraft.

Major Bishop characterized as "unfortunate" the advertising which has been given the United States Government's aircraft programme. He said that while France would find it impossible further to enlarge her airplane fighting forces during the coming half year, Germany, knowing America's intentions, has greatly expanded her flying corps in an effort to gain supremacy in air warfare. Consequently, he asserted, during the next few months Great Britain will have "to face the most terrible time she has yet faced, and especially from the point of view of war in the air."

America's assistance in maintaining allied air fighting superiority "may be felt" by summer, but during the spring months, Major Bishop said, "the United States will not be a factor for the Germans to reckon with in the air."

In a statement issued Thursday Howard Coffin, chairman of the Aircraft Production Board of the United States, said that within two weeks the production of standardized training airplanes by the Production Board will be in excess of the requirements of the thousands of recruits at the American training camps. Within the same period delivery of advanced training planes, which are duplicates of the battle and scout planes to be used on the battle front, will begin, and within ninety days the output will meet the requirements of the men in training.

Despatches from Europe also have reported Germany speeding up her aerial work in view of the air programme of the United States.

JEWS PREPARE FOR DRIVE.

Big Dinner To-morrow on Eve of Charity Campaign.

Rabbis in all parts of the city will urge their congregations to-day to aid the Federation for the Support of Jewish Philanthropic Societies, which is making a drive for $5,000 members. Gen. Felix M. Warburg, commanding the drive, will meet his colonels at the Biltmore Sunday morning at 11 o'clock, preliminary to the war dinner that will be held at the same hotel Sunday evening for all the colonels, captains and lieutenants in charge of the movement.

The efforts to be made to-day include one for the enlistment of the support of the school children of the city. Headquarters are being established in various parts of the city. The expenses of the campaign have been underwritten and every dollar that comes from a new member will be turned over to the organization.

BOY AND LIBERTY BONDS GONE.

Police Asked to Find Messenger and Missing $4,800.

Pynchon & Co., brokers of 111 Broadway, asked the police yesterday to find George Salatorofsky, 17, who had been employed as a messenger for one week by the firm when he disappeared Thursday afternoon with seven packages of stocks and bonds that had been given him for delivery to Wall Street firms.

Eight Liberty bonds for $500 each and three Liberty bonds for $100 each were included in his packages for the brokerage firm of Hartshorne & Battelle, at 25 Broad street. When the firms did not get their bonds Thursday afternoon they notified Pynchon & Co. and a search was started for the messenger.

JERSEY TRADE HEAD PLANS UNITY IN WAR

Would Have All Industries Work on Common Basis.

Special Despatch to THE SUN.

WASHINGTON, Jan. 11.—At a dinner to-night to the New Jersey members of both houses of Congress plans were outlined by which New Jersey's industries are to be brought into direct contact with the Government so that the State's and later the nation's entire industrial and manufacturing resources may be placed at the disposal of the Government for the prosecution of the war.

The plan, as set forth by Warren C. King, director of the newly formed Manufacturers Council of the New Jersey State Chamber of Commerce, eliminates the possibility of profiteering, provides for the widest publicity, both State and national, for all Government contracts and places every manufacturing plant large or small upon an equal footing and with the same opportunity to assist in supplying war needs.

The plan is to determine the capacity of all the industrial plants of the Union by States and then to apportion the Government work among the factories of each State, according to size, character of output and ability to meet Government requirements. Prices would be fixed upon Government specifications through competitive bidding among the States, the industries of each State having a branch of a central bureau at Washington to keep manufacturers informed daily of the Government's needs.

The prices would be based upon cost, plus a reasonable profit, and the average price quoted by the various State bureaus would form the price at which contracts would be awarded.

DAY'S MANHATTAN DEATHS 151.
