CHANCES FOR TRADE ALL OVER WORLD

Weekly Offers in Foreign and Domestic Commerce Touch Every Field.

SMALL PLANTS NEEDED

South America and Canada Eager for Contact With Agencies Here.

The weekly list of trade chances gathered by the United States Bureau of Foreign and Domestic Commerce is given below:

Addresses of persons and firms may be obtained through THE SUN. Questions regarding published items should be on separate sheets, a sheet for each item, and the number of the item should in all cases be stated. THE SUN does not furnish credit ratings or assume any responsibility as to the standing of business men or firms abroad. The usual precaution should be taken in all cases.

Those desiring United States goods and what they want, are:

2577. A firm in Argentina desires to purchase cigarette and cigar holders made of imitation amber.

2578. An agency on a commission basis is desired by a man in France for the sale of boots and shoes.

2579. A dairy association in New Zealand is in the market for a plant for the manufacture of dried milk, either skim or whole milk powder, and a plant for the manufacture of casein.

2616. A man in Switzerland desires to purchase or secure an agency for the sale of textiles and cotton and wool products, such as hosiery, underwear, overcoats and all goods along this line.

TREASURE SHIP DEFIANT.

Argentine War Vessel Will Carry Gold Despite U-Boats.

BUENOS AYRES, Oct. 6.—Upon receipt of news that the battleship Rivadavia, which has paid a visit to ports of the United States, was safely cleared, the Government last night published a telegram from Ambassador Naon at Washington giving warning against the transporting of gold reserves because of the presence of German submarines and mines in the Atlantic.

The Government ruled that the Argentine battleship having nothing to fear from submarines and being especially constructed to withstand mine explosions, the gold which is to be brought to Argentina might be placed aboard the ship.

Unidentified Man Found in River.

The body of an unidentified man found yesterday in the Harlem River was sent to the Fordham Morgue. A ring which bore the initials "D. M." afforded the only means of identification. The man was about 5 feet 7 inches tall and weighed 150 pounds. He wore a suit of dark gray material.

N. Y. STATE NET DEBT IS REDUCED $8,480,324

Comptroller Travis Makes Good Report for Year.

Special Despatch to THE SUN.

ALBANY, Oct. 6.—The net State debt was reduced $8,480,324.88 in the quarter ended September 30, as compared with the corresponding period last year, as shown in the report of State Comptroller Travis, made public to-night. This decrease is due to the fact that no bonds were issued, except $100,000 temporary certificates for salaries of employees in military service and $95,000 Saratoga Springs bonds redeemed, while the sinking funds have increased from $46,961,340.01 to $55,446,664.89.

General fund revenues increased $505,723.78, the largest increase being in the inheritance taxes, which were $1,144,670.66 more than in 1917. Direct taxes increased $698,762.82, while notwithstanding the unsettled conditions regarding the liquor question the receipts from the excise liquor taxes increased $413,339.51.

The total State debt was increased only $5,000 over the same period of last year, while the net debt, owing to the increase in the sinking funds, has been reduced $8,480,324.88, being $180,867,995.11, as compared with $189,348,319.99 in 1917.

The general fund expenditures for ordinary purposes, owing to the increase in maintenance and operating expenses and the unusual expenditures on account of the war, increased about 18 per cent., amounting to $13,076,433.18, as compared with $11,064,844.70, while the contribution made for debt service increased $3,423,852.44.

METAL INDUSTRY IN 'WIN THE WAR' MOVE

Three Thousand Leaders Will Make Plans to Release Man Power and Increase Output.

DRIVE TO START TO-DAY

Foundrymen and Mining Engineers Gather in Milwaukee for 5 Day Meeting.

MILWAUKEE, Oct. 6.—A big drive to increase America's production of iron and steel and at the same time release man power for military service by installation of labor saving machinery will be launched here to-morrow at what is expected to be the largest gathering of metal working manufacturers ever assembled.

Three thousand or more leaders in the metal industry are expected to attend
