PIONEERS FOR FUND SEND BACK THANKS

Boys Who "Boosted" Over Here Reap Tobacco Benefits Over There.

BACKING NEVER FALTERS

Civil War Veteran Will Play "Good Old Bugle" at Chinese Fete.

It will require little effort for THE SUN Fund readers to remember how active in its interest were the members of Headquarters Company, 306th Regiment, while they were at Camp Upton. This company was notable for possessing many talented members, among them David Hochstein, violinist, who was made a sergeant and put in charge of the regimental band, and Frederick Hath, a writer of popular songs.

At the beginning of the indoor party season last year both artists placed their services, always subject to the approval of Col. Vidmer, at the disposal of the patrons offering these benefits. Therefore from association, as well as gratitude, the fund came to look upon Headquarters Company of the 306th Infantry as peculiarly its own and it has waited impatiently to receive direct news from them since their arrival overseas.

Recently this wish was gratified, first by the receipt of a glowing card of thanks from Col. Vidmer, which the fund was delighted to publish, and then by a letter from the musicians named. The letter was a joint composition intended for a mutual friend and it mentioned among other things the feeling of "hominess" which the boys experienced when it came their turn to profit by the cigarettes sent over by the smoke fund.

"We tried to picture how the fellows might feel when they got tobacco from home while we were still waiting to go. The night that Hochstein led the band up at the Ansonia and the quartet sang Rath's songs you may remember that one of the speakers said we'd be getting our share of THE SUN smokes soon and then some. We suppose that we did try to imagine the joy of it, but now that it has happened to us it's sure that imagination is a poor thing compared to reality. Just to tell you something of our pleasure in being remembered we can say this, that if we were back there now waiting to come over we'd sing or play all day and all night, too, to boost the fund!"

Fund Never Falters.

Backing the boys by sending them smokes never has faltered since this popular game was invented by THE SUN Tobacco Fund, but like all human institutions it has had its variableness. Sometimes, for no apparent reason, none at least that could be got out of the published accounts of the fighting, the game has started to climb to a furious pace.

Generally, though, a special spurt could be attributed to some story of splendid bravery performed by "the boys" on the firing line. That it should take a big boost now is to be expected. They have not stopped a minute to listen to silly peace talk or peace propaganda; they have kept right on getting nearer to their goal, Berlin, and their backers at home "are going to do it with more and more smokes the nearer the soldiers get to that German capital. Have you forgotten what a soldier wrote three or four weeks ago and which was published here as soon as it arrived? "Soldiers can't half fight without tobacco. The Huns smoke dried grass so they run."

Another thing to remember while keeping in the "backing the boys" game is that American soldiers are not going to Berlin for tobacco, but for other things to be found there. So send them enough of the solacing weed to last over their visit.

Bugler Paul Kamerer, a veteran volunteer of the Fifteenth Ohio Battery (civil war), is the most recent volunteer for the Chinatown party programme on October 26. He will recite and sing and sound the calls on the "good old bugle" used by him and in his battery through the war of '61. Mr. Kamerer will appear in uniform at both the afternoon and evening performances.

Other performers who will be seen in the Chinese affair are the singer and composer, Michael Fitzgibbon; Solly Cohn, singer; Harry Jentes, composer and musician; John Cushing, pianist and saxophonist; John Steel, tenor, and Banjo Wallace, the jazz band leader par excellence.

Among volunteers for this festa of the other sex are Christine Schuts, Margaret Weaver, Lillian Teece, Emily Halford and Grace Talbot. Their efforts will be divided between the two sessions and they are to be entertained at dinner in the principal restaurant in the quarter by the Chinese American Citizens Alliance.

Where to Dance.

Plenty of entertainers are to be drawn from the Oriental and Italian residents, including singers, actors and dancers. Besides the flag raising and processions there are to be many kinds of diversions, but no dancing, as the Chinese see no beauty in the Occidental idea of Terpsichore.

But up on Sixty-first street between First and Second avenues at the block party of which Sigmund Molinari is chairman, there will be lots of dancing. Progress on this party is reported as favorable to its success.

One week from Saturday occurs the crowning event of this kind in Brooklyn, the Moffatt street party, of which John Thompson Ballou is acting chairman. Already the amounts subscribed for this party far exceed expenses and no neighborhood affair has shown such a quantity of valuable donations to be auctioned off. The street is to be alive with flags, Old Glory predominating, with a large service banner and another ensign of the city of New York. At this party there will be dancing.

On the same evening a party from which a good sum of money is anticipated for THE SUN Tobacco Fund is expected will be held on Sixtieth street between Columbus and Amsterdam avenues. Raymond Frantz is chairman. A service flag and processions and patriotic music by famous soloists are the features promised.

There will be two shows at the Golden Glades benefit which Thomas Healy is planning for the smoke fund boost, a dinner show starting at 7:30 and a supper show at 11. In the interval there will be dancing, interspersed with cabaret features. It's for the latter that Mr. Healy is searching the talented corners of Broadway for superlative entertainers and it is his intention to spare no pains to make every moment count for the pleasure of his guests. The date is still being withheld.

Regular Flow of Coin.

It is the desire of Manager Samuel Fried to make a custom of what was so spontaneously done for the benefit of THE SUN Tobacco Fund at William Fox's City Theatre on Monday, Tuesday and Wednesday nights of last week. Three hundred dollars was the result for the fund, a gift which was acknowledged formally yesterday. With the consent of the owner the house manager hopes to continue and thus make a theatre record.

A card from Corporal Harold P. Orens, Thirteenth Machine Gun Battalion, Headquarters Company, follows a note by him to a friend whom he had asked to write and thank the contributors to the smoke fund. Since that writing, September 2, it is evident he has been included in another tobacco distribution by THE SUN fund for he has written a card directly this time to a fund donor, saying the tobacco sent over by THE SUN Tobacco Fund is one of the pleasantest things that happen in the army.

Chief Yeoman Joseph L. Daly, who successfully organized and carried out the block party on West Forty-second street last week, has been asked by a committee from the block below where he lives to take charge of theirs, which is set for the week following the end of the present Liberty Loan, also to be for the benefit of THE SUN Tobacco Fund.

Private Fred W. Smith, Company 37, Tenth Battalion, while still in Depot Barracks 153 and on the eve of sailing for France, received some smokes for himself and seven "boys in my tent," and as he never heard of any smoke fund for soldiers but THE SUN Tobacco Fund he wrote in his thanks. Quite a number of men in the same state of waiting, have communicated with this fund sometimes to express gratitude and more often to ask for tobacco. These letters are sent by THE SUN Tobacco Fund to welfare societies, who care for soldiers in transit. The thanks are due these societies.

Ansonia, Conn., has been a rich pocket for THE SUN Tobacco Fund. In to-day's new contribution a list of 100 names of men who contributed $1 each is printed, which comes from there with the check.

Certificates deposited in boxes of THE SUN Tobacco Fund by the patrons of the United and Schulte stores are a big help to the fund that buys tobacco and ships it overseas to the soldiers.

UNSAFE LOCOMOTIVES FOUND.

McAdoo to Hold Railroad Officials Accountable Hereafter.

Special Despatch to THE SUN.

WASHINGTON, Oct. 15.—A campaign has been started by the Railroad Administration to make all locomotives not only safe but efficient as a result of the discovery by the Interstate Commerce Commission inspectors of locomotives in operation in such condition that their use was considered in violation of the Federal safety laws.

Responsibility for locomotives found on the road in unsafe or unsatisfactory condition has been put up to supervisory officers of the railroads under orders just issued.

CHURCHILL PRAISES REPLY.

All Allies Indorse It, Says British Minister.

MANCHESTER, Oct. 15.—Winston Spencer Churchill, British Minister of Munitions, in a speech here to-day said that President Wilson's stern and formidable answer to Germany is whole heartedly indorsed by all the allied countries.

The answer, Mr. Churchill declared, has tended to prolong the conflict, but there would be no relaxation of the allied war effort.

Germany Will Surrender

only if you do your duty!

Our boys are over there to force Germany to surrender.

Your "good wishes" will not buy ammunition.

Your "hopes" will not make Germany surrender--it takes cash!

Be a red-blooded American!

Buy Liberty Bonds and help our boys compel Germany to surrender!
