U. S. STARTS WAR ON FAKE TAX EXPERTS

Collector Eisner Warns Public Not to Seek Aid From Illegal Agencies.

FREE SERVICE IS COMING

Trained Men Will Help in Preparation of Returns, Says Mr. Roper.

Collector Eisner of the Third Internal Revenue Collection District of New York made the following statement yesterday in connection with a warning issued by Commissioner Roper of Washington against fake experts on income tax:

"I have received a number of circulars issued by so-called experts, some of which are designed to appeal to a desire on the part of the taxpayer to conceal successfully part of his profits, and others giving a certain amount of information cunningly worded, so as to induce the taxpayer to call for more.

"The mere assertion on the part of a so-called expert that he is expert is not sufficient to warrant the taxpayer in risking his reputation and his honor on advice given by such a person, and it would be well for taxpayers to ascertain carefully the previous history of the expert before confiding their affairs to him.

"Some of the circulars I have in my possession would indicate that the tax corporations issuing them are practising law, and I shall turn them over to the appropriate committees of the bar associations for investigation and prosecution.

"I want especially to warn taxpayers against the type of solicitation where the sole basis for compensation is the amount of saving that can be effected over the taxpayer's own estimate. This thoroughly reprehensible and at the same time seductive method of securing business has resulted in many taxpayers filing returns containing deductions which the so-called expert was forced to make in order to earn a fee under his own agreement. The mere statement of a so-called expert that he does not want a fee unless he can save the taxpayer money should brand him at once as an untrustworthy person."

In his warning Commissioner Roper said:

"Taxpayers should not allow themselves to be imposed upon by strangers who claim to be income tax experts. They should discriminate carefully between really helpful, authoritative advice in tax matters, and the irresponsible brand peddled under glittering pretenses."

The Commissioner said his bureau is arranging to furnish for the benefit of income taxpayers in every city and town in the country a free advisory service by trained collectors, agents, inspectors and deputies.

At the offices of collectors and their deputies and at other central points free information and advice with respect to filing returns under the new revenue bill may be had up to the final date for filing such returns.

EXPLOSION CLAIMS BEFORE CONGRESS

Appropriation of $873,500 Is Asked for 6,142 Gillespie Plant Sufferers.

WASHINGTON, Jan. 27.—Immediate appropriation of $873,500 to pay 6,142 claims of persons in New Jersey for losses of private property resulting from the explosion at the Gillespie plant last October was asked of Congress to-day by the War Department's special board investigating these damage claims.

These claims were filed almost entirely by people of the poorest class who lost their homes in the munitions explosions. In addition the board held as proper claims of the Pennsylvania Railroad, the Central Railroad of New Jersey, the New York and Long Branch Railroad and the New York Telephone Company, aggregating $679,800.

Indirect claims aggregating $1,170,000, including those for loss of life and personal injury, were held not to be within the board's jurisdiction. A claim of T. A. Gillespie for $100,000 advanced for repairs of homes was approved.

The report suggested that the railroad claims might be subject to settlement through the Railroad Administration, but referred them to Congress for decision "of the agency through which reimbursement shall be effected."

As to the individual claims approved the board said:

"It is earnestly urged that early action be taken by Congress with a view of affording relief to these claimants."

The report was referred to the House Appropriations Committee, which probably will consider the claims in connection with a deficiency bill.

Donner Steel Co. Claims $498,000.

WASHINGTON, Jan. 27.—The Donner Steel Company of Buffalo has filed with the Interstate Commerce Commission a claim for $498,000 against Director-General Hines and the Lackawanna, Erie, Lehigh Valley and New York Central railroads, alleging that it had been obliged to carry on a switching service which was given its competitors free of charge.
