DYSPEPSIA AND FITS

DR. TRACY DELORME,

THE GREAT CURER OF CONSUMPTION, was for several years so badly afflicted by Dyspepsia, that for part of the time he was confined to his bed. He was eventually cured by a prescription furnished him by a young clairvoyant girl. This prescription, given by a mere child, while in a state of trance, has cured everybody who has taken it, never leaving called once. It is equally as sure in cases of FITS as of DYSPEPSIA. The ingredients may be found in any drug store. I will send the valuable prescription to any person on the receipt of one stamp to pay postage.—Address DR. GROVER AND BAKER'S FAMILY SEWING MACHINES.—The particular attention of Ladies is called to the above machine, which possesses the following decided and unmistakable advantages:

1st. Cotton is used as it is purchased—on spools—without re-winding; saving time, trouble and waste.

2d. The trouble and perplexity of filling a shuttle, (as in other machines,) is in this avoided; no shuttle is employed, the under thread being used from a large spool.

3d. It is very simple yet strong in construction, easily learned and kept in order, and does not require to be taken apart to be oiled.

4th. The stitch is always distinct, even and regular, and will not rip though every fourth stitch be cut.

5th. The stitch is as elastic as the most elastic fabric.

This Machine embroiders beautifully.

Ladies and others interested in the saving of labor are invited to call at the sales-room of the subscriber and examine for themselves. The above machines are freely shown and samples of work given at all times.

The services of a lady and the use of a machine can be obtained by the day in families, by calling at the room of Mr. Hopkins. Terms $1,50 per day.

THE INLET PIPE.—We understand that the launch of the inlet pipe of the Water Works will take place some time during the present month.

THE MONTHLY UNION CONCERT FOR SUNDAY SCHOOLS will be held this evening at the Second Presbyterian Church at half-past seven o'clock.

FOR LAKE SUPERIOR.—The fine steamer City of Cleveland will leave for Lake Superior to night. The announcement that she was hauled off the line until the 14th prox. proves to have been incorrect.

STRAWBERRIES.—Stacey sold seventeen bushels of strawberries on Saturday. The way he does them up in cream is perfectly inimitable, and attracts lots of customers.

FRIENDS OF BARNEY MOONEY—NOTICE TO FIREMEN.—The Firemen of the city are requested to meet at the Cathedral at half-past eight o'clock this (Monday) morning to participate in the funeral services of their late brother, Mr. Barney Mooney.

JAMES HILL, *Chief Engineer.*

A RIGHT MOVE.—At a temperance meeting held in the Sons of Temperance Hall yesterday afternoon, a Vigilance Committee, consisting of J. F. Gibbens, Samuel Headley, and ——— was appointed to prosecute illegal dealers in spirituous liquors. They are just the men to do the work up right.

THE PANORAMA OF IRELAND will be offered at Constable's sale to-morrow, Tuesday, June 14th, at 2 o'clock P. M., in the Grays' Armory. A fine opportunity is offered to purchase a Panorama which, under shrewd management, can be made to pay well to any showman who may feel inclined to invest in it.

NEW BRICK BLOCK ON DETROIT STREET, WEST SIDE.—Messrs. BENTON & BROTHER, Druggists, have moved their old frame store, and are making extensive preparations for the immediate erection of a large three-story brick block on the site recently occupied by their old and well known building. We hope that decided success will crown all such undertakings. Good business buildings are much needed in that vicinity.

DROWNED.—Wm. G. Kelley, a deck hand belonging to the propeller Geo. Cushman, was drowned in the slip alongside of the warehouse of Messrs. Hubby & Hughes about ten o'clock on Saturday night last. From what we learn it seems probable that he was under the influence of drink, and in endeavoring to find his way on board the propeller, walked into the slip. The splash occasioned by his plunge attracted the attention of the hands of the boat, who at once began to search for him, and although his body was recovered within ten minutes after the accident and every effort made to restore life, he was beyond resuscitation. The coroner's jury returned a verdict of accidental drowning.

THE CITIZENS OF CLEVELAND WILL CELEBRATE THE FOURTH OF JULY.—Pursuant to public notice, a large number of persons assembled at the old Court House on Saturday evening, to take measures for a proper celebration of the coming anniversary of our national independence. On motion, the following gentlemen were appointed a Committee of Arrangements:

J. W. Fitch,	W. B. Castle,
Geo. B. Senter,	Geo. W. Morrill,
Richard Hilliard,	James Barnett,
John P. Ross,	S. Standart,
James Hill,	Capt. Kinney.

J. M. Cummings,	I. U. Masters,
J. C. Grannis,	Thos. Willows,
U. C. Vantine,	Wm. Edwards,
S. M. Cady.	John G. Mack.

On motion of S. O. Griswold, Esq., the Committee was authorized to take such action as they shall deem appropriate for the celebration of the day of our national independence, and for that purpose add to their number and appoint sub-committees as they may judge expedient.

The meeting was addressed by Hon. John Crowell, S. O. Griswold and John W. Heisely, Esqrs., and Gen. Fitch.

On motion it was ordered that the proceedings of this meeting be published in the city papers.

JNO. CROWELL, *President.*

FATAL ACCIDENT.—BARNEY MOONEY, a well known resident of Cleveland, met with a terrible accident on Friday afternoon last, which resulted in his death about five o'clock on Saturday morning. He was in the act of adjusting a switch on the C. C. & C. R. R., near Berlin Station, while the train was in motion, when by an accidental misstep he lost his footing, and, falling between the engine and the tender, was run over.—His legs and back were broken, and his head badly injured. His remains were brought to the city on Saturday, and will be buried by the Fire Department to day.

POLICE COURT, JUNE 12.—Sixteen cases were before the Court on Saturday, as follows: Drunkenness 2; disturbance 1; visiting and residing in house of ill-fame 5; robbery 1; nuisance 7—total 16.

John Leonard, for an attempt at highway robbery, will be examined this morning.

$1,00 FOR GRAIN has been paid by person wanting a few bushels of a choice article to Sow.

Now this was shrewd on their part, and no one accused them of suit ing themselves to a NAP when it could SHEW proper to be wide awake.

The farmer should be governed by the same rule in getting a SUIT of clothes of the right GRAIN, with even and smooth Nap that some master workman has had to Sew upon, and has left upon it an even, clean, and firm SEAM.

A garment made "to the LETTER"—as above—will never be called upon to recognize the "LET 'EM RIP."

At J. Sonneborn's, 156 Superior street, Cleveland, O., clothes of the above firm and handsome description, may always be found in any quantity, and what doubly adds to the wonder, is, the prices are invariably FIFTEEN PER CENT *less than at any other clothing store in the State.*

Admission free, and attendants to show visitors through the extensive establishment—*gratis.*

ST. JOHN, Newfoundland, June 11.

The Canadian Company's screw steamer Nova Scotia, Capt. McMasters, has passed Cape Race, on her first voyage to Quebec. She has 294 passengers.

The Royal Mail steamship Europa from Boston arrived at Liverpool on the 2d.

In the Liverpool cotton market of the 31st of May demand was exceedingly small; sales not exceeding 4000 bales, all of which were to the trade. Prices however were firmly maintained. On the 1st of June the market continued quiet, and prices nominally without change. Sales 3000 bales including 300 for export.

In Liverpool corn market trade was dull and prices of wheat hardly maintained.

Flour maintained the rates of the previous Tuesday. Weather not very favorable for the growing crops.

Sugar was without improvement in rates. The transactions limited.

In the London market on the 1st, sales of coffee were progressing without alteration in price.

Teas more steady; Congou 21@24d.

Consols were without particular change, closing on the 1st at 97½@97¾ for money; 96@96½ for the account of the 5th of July.

ENGLAND—Lord Stanley had been appointed to the India Board, and Sir Bulwer Lytton, Colonial Sec'y.

In the House of Commons on the first, Mr. Lindsay asked the government if it was true that the U. S. vessels in the Havana or western coast of Africa trade had been fired into, boarded, searched or detained by British cruisers, and if so, by what authority, or under whose instructions did the commanders of those ships so act.

Mr. Fitzgerald said the Government had no official information, but they had reason to believe the reports had been exaggerated. They were as anxious as the American Government to avoid all cause of complaint, and strict orders had been issued to the officers on the stations to be especially cautious.

The Niagara and Agamemnon, having the telegraph cable on board, sailed from Plymouth Sound on Saturday evening for the west coast of Ireland.

A GALE AT SEA

BOSTON, June 12.

The French packet from St. Pierre to Sidney reports a heavy gale previous to the 1st inst., on the banks of Newfoundland, attended with immense loss of life and property to the fishermen. Besides the loss and damage of vessels, it is said that no less than three hundred perished during the storm. Orders had been sent to Halifax for five hundred fathoms of cable.

SATURDAY NIGHT'S REPORT.

CONGRESSIONAL.

WASHINGTON, June 12.

HOUSE—A message was received from the President in which he says it is his indispensible duty to call the attention of Congress to the condition of the Treasury.

On the 19th of May the Secretary of the Treasury estimated that $30,000,000 would probably be required for the first two quarters of the next fiscal year. This does not include such amounts as may be appropriated up or and above the estimates there submitted, and the probable deficiency can not be ascertained till the appropriation and private bills shall formally be passed.

He recommends Congress to provide the necessary means before the adjournment. The failure to do so would be a disgrace which should not fall on the country. It will be impossible for him to ascertain the amount required before Monday next, it now being half past 11 o'clock Saturday. He repeated the statement in his annual message, and says he is deliberately determined to approve no bill which he has not deliberately examined, and that he will not depart from this except in extreme cases. He asks a postponement for a brief period for the reason stated, and says he will not detain Congress an hour beyond the time necessary to ascertain the amount of the appropriations.

Mr. Glancy Jones has said the message was based on the supposition that the House will not finish its action on the appropriation bills till a late hour to-night.

The Loan bill has been kept back from the consideration of the House for the simple purpose of the Executive.

FROM WASHINGTON.

WASHINGTON, June 12.

Both Houses were engaged till a late hour last night with reports from the Committee of Conference on the appropriation bills. A million dollars was appropriated for fortifications in various ports of the country and Custom Houses.

The House refused to concur in the Senate's amendments increasing the rate of postage and abolishing the Franking privilege, and agreed to the amendment giving the Post Office Printing to the lowest bidders.

After a struggle over the reports of the Conference Committee on the naval bill, both Houses adjourned without definite action.

FROM NEW YORK.

NEW YORK, June 12.

The brig Arabella arrived to-day from Aspinwall She wandered into and subsequently boarded on the 1st inst., by a British gun boat. Her papers were scrutinized, but the officer was very polite.

Later from Europe.

The Ganges, with Bombay mails arrived at Suez yesterday. The Commander-in Chief and General Halpole entered Shahjehampore without opposition on the 10th of April, and marched for Bareilly on the 2d of May.

Wanthner and his followers were flying back to Waqueldee in Oude.

Nena Sahib was in Bareilly.

The Hindoos were friendly, but the Mussulmen were escaping.

The reverses sustained by Gen. Halpole in Oude have been confirmed.
