GROVER AND BAKER'S FAMILY SEWING MACHINES.—The particular attention of Ladies is called to the above machine, which possesses the following decided and unmistakable advantages:

1st. Cotton is used as it is purchased—on spools—without re-winding; saving time, trouble and waste.

2d. The trouble and perplexity of filling a shuttle, (as in other machines,) is in this avoided; no shuttle is employed, the under thread being used from a large spool.

3d. It is very simple yet strong in construction, easily learned and kept in order, and does not require to be taken apart to be oiled.

4th. The stitch is always distinct, even and regular, and will not rip though every fourth stitch be cut.

5th. The stitch is as elastic as the most elastic fabric.

This Machine embroiders beautifully.

Ladies and others interested in the saving of labor are invited to call at the sales-room of the subscriber and examine for themselves. The above machines are freely shown and samples of work given at all times.

The services of a lady and the use of a machine can be obtained by the day in families, by calling at the room of Mr. Hopkins. Terms $1,50 per day.

POLICE COURT, JUNE 22.—Eleven cases were before the Court—assault and battery 4; petit larceny 1; disturbance 3; drunk 3—total 11.

DROWNED.—A little fellow, about ten years of age, named Kelley, was drowned in the Lake at the foot of Wood street, on Monday evening.—Up to last evening his body had not been recovered.

BISHOPS OF THE M. E. CHURCH.—We learn that there is to be a meeting of the Bishops of the M. E. Church in this city on the 9th prox. Bishops Ames, Baker, James, Morris and Simpson will be present.

PERSONAL.—Mr. Manby and Lady of England, Charles P. Cole, of Syracuse, S. P. Fuller of Albany, James Patten of New York, and Charles Pinney of Chicago, were among the arrivals at the American yesterday.

THE FESTIVAL.—The Strawberry Festival last night was a highly successful affair, the number of participants was large, and all were delighted. We have not learned the amount of the receipts, but presume them to have been fully equal to expectation.

ANOTHER GENEROUS GIFT.—Mr. WALWORTH, before leaving for his European tour, gladdened the hearts of the Lady Managers of the Cleveland Orphan Asylum with a gift of One Thousand Dollars to that noblest of Cleveland Institutions.

ICE.—The Cleveland Ice Company are distributing this indispensable commodity to their customers in the city and vicinity, at the rate of between twenty-five and thirty tons daily; even sending it to Lake Superior towns, and also to places along most of the railroads diverging from this point.

"CUT STICK."—Bruce, who was discharged by Esquire Miller on Monday evening, was astonished the same day by hearing that another warrant had been issued by Esquire Tibbetts, so much so, indeed, as to make himself entirely invisible. At least the officers were unable to find him up to yesterday afternoon.

THE FOURTH.—The Committee of Arrangements for the celebration of the Fourth have appointed

S. O. GRISWOLD, Esq., Orator.
J. E. INGERSOLL, Esq., Reader.
Rev. F. T. BROWN, Chaplain.

THE WATER WORKS INLET PIPE.—The Water Works wrought iron inlet pipe, over four hundred feet in length, and some four feet in diameter, designed to connect with the large brick sewer, and thus conduct water from the lake to the engine house, will soon be laid. Two rows of piles are now being driven a sufficient distance out in the lake, and a channel dredged out between them, in which the pipe is to be deposited. We shall endeavor to post our readers as to the day the pipe is to be launched; which, we understand, will occur between this date and the fourth of July.

PATENTS.—Patents were issued to the following inventors for the week ending June 15:

Samuel Burnside, of Reading, Ohio—For improvement in seeding machine.

George W. Caikins and Henry White, of Cleveland, Ohio—For improvement in lime kilns.

Horace G. Johnson, of Cleveland, Ohio—For improvement in tanning leather.

Daniel B. Neal, of Mount Gilead, Ohio—For improvement in seeding machines.

A. E. Turnbull, of Springfield, Ohio—For improvement in locomotive signals.

BUFFALO AND CLEVELAND.—The Buffalo *Express* of yesterday says—"We understand that our citizens have importuned the owners of the steamer St. Lawrence so strongly to put her upon the route between this city and Cleveland, that they have pretty much concluded to do so. Should this arrangement be perfected, passengers will be ticketed through from Cleveland to New York, and *vice versa* for some $7 or $8 at most. By leaving New York in the morning, passengers can take a steamer here, sleep in Cleveland, and go on to Cincinnati or Chicago without the fatigue incident upon Railroad travel by night; and so on the other hand passengers could leave Cincinnati in the morning, and reach here the next morning without loss of sleep."

$3,00 FOR GRAIN has been paid by person wanting a few bushels of a choice article to Sow.

Now this was shrewd on their part, and no one accused them of SCIT-ing themselves to a NAP when it would SEEM proper to be wide awake.

The farmer should be governed by the same rule in getting a SUIT of clothes of the right GRAIN, with even and smooth Nap that some master workman has had to SEW upon, and has left upon it an even, clean, and firm SEAM.

A garment made "to the LETTER"—as above—will never be called upon to recognize the "LET 'EM RIP."

BY TELEGRAPH.

Reported by the Union Telegraph, OFFICE, WARING'S BLOCK, CORNER OF BANK AND ST. CLAIR STREETS.

YESTERDAY AFTERNOON'S REPORT

TERRIBLE STORM.

NEW YORK, June 22.

Patrick Slane's glass factory at Williamsburg was demolished yesterday afternoon by the storm.—There were thirty persons in the building at the time, all of whom were buried in the ruins, but only two were killed and six or eight wounded. The killed are Bernard Slane, father of the proprietor, and Thomas Gill, the engineer. Mr. Slane's loss is $10,000.

Rev. Ralph Hoyt's new Church in this city was entirely demolished. Loss $15,000.

Much other damage was done to buildings in the city and vicinity and to the shipping in the harbor. Many persons were more or less injured.

The lightning struck in some dozen places, but the only death reported from this cause is that of Bridget Farrell, of Brooklyn, who had rushed into the street to recover her child from the storm, when she was instantly struck down.

FROM WASHINGTON

WASHINGTON, June 22.

The New York Times' correspondent says:

Orders have been issued for the frigate Saranac to leave Panama and cruise as far as Guaymas, to investigate the injuries inflicted on Americans along the coast.

Secretary Toucey has determined to have the new sloops built of wood and not of iron, as has been suggested.

The Tribune's correspondent says:

Col. Kane was in conference this morning with the President and Secretary of War. He expressed the opinion that there is still cause for apprehending danger from the Mormons. His statement is not entirely satisfactory.

He has certain inexplicable reservations difficult to understand. When it was suggested that the mission of the Peace Commissioners was too late, he said that they still had abundant opportunity for usefulness.

They meet again to-morrow, after which the disposition of Gen. Johnston's command, and the advancing reinforcements, will be determined.

FROM WASHINGTON.

WASHINGTON, June 22.

Sufficient intelligence has been received leaving no doubt that Capt. Marcey has reached Camp Scott in safety.

It was the intention of Gov. Cumming, when last heard from, to proceed at once to open a trade with the Valley. Many of the Mormons were understood to own more cattle than they were desirous of carrying away, and of which they were anxious to dispose of.

The safety and general welfare of the troops at Camp Scott and elsewhere between that post and the United States, may be reckoned on with confidence.

The Mormon troops had been entirely withdrawn from the approaches to Salt Lake, though the people threatened to return if the army advanced before they reaped and carried off the wheat harvest.

Gov. Cumming says it may be regarded as safe for emigrants from the United States to proceed to California via Salt Lake, the road being entirely open.

The Attorney General, Secretary of the Treasury, and Post Master General, contemplate leaving for Philadelphia early next week, on business connected with the Port Office, Custom House, and Court accommodations in that city.

Two of the war sloops recently authorized by Congress are to be constructed at the Philadelphia Navy Yard.

The steamer Fulton has been ordered home on account of sickness on board.

MORMON NEWS.

ST. LOUIS, June 22.

A despatch from Leavenworth, 18th June, per U. S. Express to Booneville, says:

Parties arrived at this city last night, having charge of the Camp Scott mail of May 23d, en route for Independence.

The carriers report the roads between there and Laramie as very heavy, and much cut up by trains. The mail came as far as Laramie under an escort of infantry provided by General Johnston.

The Utah news is anticipated. Gen. Harney was met yesterday 40 miles hence.

Private advices from the army to May 28th mention the arrival of Lieut. Armstrong at Camp Scott, with 75 head of cattle.

Capt. Hunt, with 200 cattle was within three days reach of Camp Scott.

A letter from an officer high in command expressed the opinion that the troops would not be employed against the Mormons.

The Leavenworth Times of this morning contains a letter from Fort Bridger, May 21, which says that Brigham Young's principal Mormon Elders had consented to deliver themselves into the custody of the United States Marshal and await a trial, provided they were tried by a jury in no way connected with the army.

A party of Mormons had arrived at Camp Scott in a half starved condition. They belonged to a portion who were opposed to Young, and represented the church as being torn by dissentions. They wished to return to the States.

The reception of Col. Johnston's commission as Brigadier General caused much satisfaction in the army.

Capt. Newton's engineers had reached Camp Scott, and reported that a permanent post would be established at Fort Bridger, at which Colonel Hoffman would take command.

FROM NEW ORLEANS

NEW ORLEANS, June 21.

Col. Anderson left for N. Y., yesterday. Stith was inaugurated Mayor to-day.

LAST NIGHT'S REPORT.

FROM NEW YORK.

NEW YORK, June 22—9 P. M.

The steamship Persia is below. The bulk of her news has been received via Cape Race.

FROM THE WEST.

ST. LOUIS, June 21.

A Leavenworth despatch of the 16th says:

A call was promulgated yesterday, signed by many citizens, for the organization of a Vigilance Committee in this city.

A public meeting was held pursuant to a call, to discontinance such an organization, which adopted resolutions declaring that no necessity existed for its establishment, and expressing entire confidence in the authorities to properly administer the laws.

Arrangements had been made to establish regular communication between Fort Leavenworth and the outward bound columns of the Utah forces.

Two expresses leave the garrison every week until further notice.

The Kansas City Journal of Commerce, Extra, of the 19th, says that a mass meeting was held at Fort Scott, Kansas, on the 15th, to take into consideration the best means for the adjustment of the difficulties in that region.

Resolutions were unanimously adopted to the following effect:

We will proceed through the civil organization of the county of Bourbon and the townships therein, in accordance with the law approved in February, 1858, and agree to refer all past offences against the laws to the Grand Jury.

We agree to refrain from prosecutions and vexatious arrests for imaginary or petty offences, and to discontinue such proceedings from whatever source they come, and we agree to exert ourselves to preserve the peace, and assist in enforcing the laws.

We agree to take no part in pre-emption claim grants, but to leave the contestants to settle their claims according to law.

We agree to hold every citizen of Fort Scott to a strict accountability for any assault or other unlawful act against any person whatever.

We agree to afford whatever protection circumstances require to the citizens of Fort Scott traveling in Bourbon Co.

Gov. Denver agrees to withdraw the troops as soon as the town and country organization is completed, and he is satisfied that peace is fully restored.

Gov. Denver addressed the meeting and approved the resolutions.

John Hamilton was President of the meeting.

THE MURDER CASE.

ROCHESTER, June 22.

A jury was obtained to-day in the case of Mrs. Littles. Three panels were exhausted before this was accomplished, and a full jury would not even have been formed, had not the court accepted of those whose opinions were already formed.

A plea of manslaughter in the 1st degree will probably be accepted.

FROM BOSTON.

BOSTON, June 22.

A delegation of Masons from Virginia are expected to arrive here to-morrow night, when they will become the guests of the Dorcasy Encampment of Knight Templars.

On Thursday there will be a grand procession through the principal streets and a visit to Bunker Hill. In the evening a grand festival at Music Hall will be held.

The Boston Encampment of Knight Templars will also visit Bristol, R. I., on Thursday.

FROM CONCORD.

CONCORD, N. H., June 22.

Resolutions on National topics were introduced into the House to-day, strongly Republican in their tendency. They will probably come up for discussion to-morrow.
