WILL TRUTH COMMAND ATTENTION.

To restore health we must purify the blood. Fevers, without exception, rise from foreign matters having been absorbed and retained in the circulation. These causes of sickness may produce an influenza, a croup, a rheumatism, gout, cholic or a cough. But Brandreth's Pills, simple, potent, and vegetable, remove the cause, and the cure follows of course. They are the means of every day saving many valuable lives. GROVER AND BAKER'S FAMILY SEWING MACHINES.—The particular attention of Ladies is called to the above machine, which possesses the following decided and unmistakable advantages:

1st. Cotton is used as it is purchased—on spools—without re-winding; saving time, trouble and waste.

2d. The trouble and perplexity of filling a shuttle, (as in other machines,) is in this avoided; no shuttle is employed, the under thread being used from a large spool.

3d. It is very simple yet strong in construction, easily learned and kept in order, and does not require to be taken apart to be oiled.

4th. The stitch is always distinct, even and regular, and will not rip though every fourth stitch be cut.

5th. The stitch is as elastic as the most elastic fabric.

This Machine embroiders beautifully.

Ladies and others interested in the saving of labor are invited to call at the sales-room of the subscriber and examine for themselves. The above machines are freely shown and samples of work given at all times.

The services of a lady and the use of a machine can be obtained by the day in families, by calling at the room of Mr. Hopkins. Terms $1,50 per day.

POLICE COURT, JUNE 30.—Several cases were before the Court, as follows:—disturbance 3; drunk 2; petit larceny 1; residing in house of ill-fame 1.

☞ The friends of St. John's Church meet at Mr. Lord's, Franklin street, West Side, this (Thursday) evening. All friends are invited to attend.

ARREST.—Wm. Johnston, a colored man, was arrested last night by Marshal Gallagher on a charge of stealing a gold watch valued at $125; from whom or when we did not learn.

FOURTH OF JULY FIREWORKS.—Messrs. S. C. Whiting & Co., being most patriotically inclined, have made arrangements to have on hand a few cords of Fireworks of every description, for the especial benefit of men, women, boys and girls who wish to celebrate on the "Glorious Fourth."

PERSONAL.—Among the arrivals at the American yesterday were H. H. Willard Philadelphia, John S. Duncan Pittsburgh, D. W. Burrows Mississippi, Dr. Reed St. Louis, W. R. Paddock and wife Cincinnati, B. F. Masters Detroit, and others.

GONE TO EUROPE.—Our fellow-citizen, Col. N. M. STANDAY yesterday morning left Cleveland for New York, there to take the steamship Vanderbilt for Europe. Col. S. goes to Liverpool to Superintend the sale of his cargo of wheat on board the schooner Correspondent.

NOTICE.—To THE MEMBERS OF THE BUTCHERS ASSOCIATION.—You are requested to meet at Bergen's Hotel, on Pittsburgh street, on Thursday evening at eight o'clock, July 1st, to make arrangements for the Celebration of the 5th. A full attendance is requested. By order of

B. H. NORTON, President.

AHEAD OF ALL.—Col. Staudart's Liverpool schooner, the Correspondent, distanced all other vessels that sailed out of the harbor of Quebec at the time of her departure from that port for Liverpool. Her speed, as she stood out for the Ocean, eclipsed that of every vessel in her track, and she passed a large number of them as she sailed out of the Gulf. It is anticipated that she will make a very quick trip.

M. GODARD.—M. Godard and his brother recently made a balloon ascension at St. Louis, and the latter returned to *terra firma* by means of a parachute. He left the balloon at an elevation of eight thousand feet, and alighted safe and in a spot about three miles from the city. After the descent of his brother, Mons. Godard continued his ascent, enjoyed himself in his customary manner, and landed about six miles from the city, in an open prairie. Here he turned out the gas from his balloon, folded it when emptied, and placing it upon a wagon procured near by, returned to the city. The balloon ascended about 14,000 feet above the earth, or nearly two miles.

Mr. Lewis, of the Summit *Beacon*, Akron, will accompany M. Godard on his trip next Monday.

APPOINTMENT.—We learn that the Board of City Improvements, in accordance with a resolution of the City Council passed some two or three weeks ago, have appointed GUSTAVUS A. HYDE, Esq., late City Civil Engineer, to assist the Board in projecting and constructing sewers for the drainage of Euclid and Mulison streets, and also to aid the Board in projecting a general system of sewerage for the city, and in such other works as may legitimately require his assistance. Mr. Hyde will occupy an office in the City Hall Buildings, immediately in the rear of the office of the Board of City Improvements. We are confident that the Board could have selected no more efficient gentleman for this important position than GUSTAVUS A. HYDE.

COLLISION—LIFE LOST.—On Tuesday night of last week, the schooner D. O. Dickenson, when off Presque Isle, Lake Huron, bound down, came in collision with the schooner Miami, bound up. The Dickenson had her bowsprit and jib-boom carried away, and her hull so damaged that she leaked considerably.

The Miami lost her jib-boom, but sustained no other damage and kept on her course. The Dickenson reached this port on Saturday, and will stop for repairs.

Some two hours after the collision, when the Dickenson was being taken in tow by the Flying Cloud, one of the Dickenson's crew was jerked out of the small boat by the tow line, and before assistance could be rendered, was drowned. His name was Lewis Hapley, from Rome, Oneida county, N. Y.—*Detroit Advertiser.*

FIFTH OF JULY EXCURSION ON THE LAKE.—The North Star has been chartered by the Methodist Episcopal Church Society, West Side, for the purpose of raising funds to defray the expense of repairing their Church. The Star is a great favorite, and will doubtless take out a large number of excursionists.

☞ BRYANT & STRATTON'S chain of College is now complete and in successful operation. A Scholarship issued from the Cleveland College will be good in Albany, Buffalo and Chicago, and *vice versa*. P. R. SPENCER & SONS have charge of the Cleveland Writing Department. cb8tf

$3,00 FOR GRAIN has been paid by person wanting a few bushels of a choice article to Sow.

Now this was shrewd on their part, and no one accused them of SOFT-ING themselves to a NAP when it would SERE proper to be wide awake.

The farmer should be governed by the same rule in getting a SUIT of clothes of the right GRAIN, with even and smooth Nap that some master workman has had to SEW upon, and has left upon it an even, clean, and firm SEAM.

A garment made "to the LETTER"—as above—will never be called upon to recognize the "LETTER RIP."

At J. Sonneborn's, 156 Superior street, Cleveland, O., clothes of the above firm and handsome description, may always be found in any quantity, and what doubly adds to the wonder, is, the prices are invariably FIFTEEN PER CENT *less than at any other clothing store in the State.*

Admission *free*, and attendants to show visitors through the extensive establishment—*gratis.*

Dyspeptic Women Notice—BOERHAVE'S HOLLAND BITTERS has cured me of Dyspepsia by using it only one week. I recommend it confidently to all suffering from this disease.

"I was afflicted with Debility of the Digestive Organs amounting to a severe attack of Dyspepsia, which had reduced my flesh considerably. My wife was also afflicted under the same circumstances, and the same disease. Having used your medicine called BOERHAVE'S HOLLAND BITTERS, we both obtained relief, and are happy to afford you this public evidence of its value."

BY TELEGRAPH.

Reported by the Union Telegraph, OFFICE, WARING'S BLOCK, CORNER OF BANK AND ST CLAIR STREETS.

YESTERDAY AFTERNOON'S REPORT

EARTHQUAKE.

NEW HAVEN, Ct., June 30.

The shock of an earthquake was observed in various parts of this city at 11 o'clock last night. Although slight, it caused the crockery to rattle, and was distinctly felt by many persons walking out.

It was observed in Woodbridge, Westville, and North Haven. In the latter place a second but slight shock was felt.

The direction of the vibration seemed to be from South to North. It was also felt at Waterbury.

There have been but two shocks of earthquake recorded as having occurred within the last 25 years in this vicinity.

SOUTHERN NEWS, &C.

WASHINGTON, June 30.

Private dispatches from New Orleans states that a destructive fire occurred there yesterday. The steamer Empress, schooner Minnie Schiffer and a Spanish brig were burned to the water's edge. The ships Hannah Crocker and Fanny Fordick slightly injured. Other dispatches say a duel was fought between Mr. Hanton, of the True Delta, and Mr. Gibbons, of the Crescent, in which the latter was shot and severely injured.

Orders have been issued for the re-distribution of the troops originally intended for Utah. Gen. Johnston is to retain command of that portion remaining in Utah, while Gen. Harney is to return to the command of the Department of the West. These arrangements are made under the belief that the Mormons are sincere in their pacific protestations; but, should it prove otherwise, it is made discretionary with Gen. Harney to abrogate the present and enforce the previous orders.

A considerable body of men is to be pushed forward immediately to Fort Wall Walla, in Oregon, to act against the hostile Indians.

FROM NEW YORK.

NEW YORK, June 30th.

Twenty inquests were held here yesterday on cases of death from sun stroke. There were also several cases in Brooklyn.

The New York, Newfoundland and American Telegraph Company have consented to hold open their lines till midnight on and after to-night (Wednesday) until something definite shall have been heard from the Atlantic cable. For a few days subsequent to the arrival of the cable, the use of the two companies line, for inquiries connected with the subject, will, we learn, be free to the public.

The Times' Utah correspondent states that the Peace Commissioners left Camp Scott previous to June 5th, for Salt Lake City. It was ascertained beyond a doubt that the Commissioners had no authority to prevent the army from pursuing its march but on the contrary, that its entrance into the Valley would be insisted on as a sine qua non.

VERMONT REPUBLICAN CONVENTION.

MONTPELIER, Vt., June 29.

The Republican State Convention held here today nominated Roland Hill, of Bennington, for Governor, and Henry M. Bates, of Northfield, for State Treasurer. Senator Collamer and Hon. Wm. A. Howard, member of Congress from Michigan, addressed the meeting, which was very largely attended and very enthusiastic.

PORT JERVIS, N. Y., June 30.

Capt. Sam. Fowler's eldest daughter Laura, while bathing in the Neversink River, near his residence, together with her youngest sister, on Monday evening, were accidentally drowned.—Both bodies were recovered. Their ages were 11 and 14.

LAST NIGHT'S REPORT.

FROM NEW YORK.

NEW YORK, June 30.

The steamer Borussia arrived this evening from Southampton the 18th inst.

Henry Brooks, 1st Lieut. in Dr. Kane's last Arctic Expedition died in Brooklyn yesterday from an apoplectic fit.

FROM THE WEST.

NEW YORK, June 30.

The Times' Washington correspondent says:—The Oregon war rumors are an undoubted fabrication. Mr. Mullin's letter was not official and it is believed here he was imposed upon.

Capt. Swords, Quartermaster at San Francisco, states that he had received information of the reverses of the troops, and that he had been requested to hurry forward reinforcements and supplies.

The Oregon steamer arrived at San Francisco only a few hours before the sailing of the Panama boat.

Gen. Clarke sends nothing to the Department but his Adjutant, Capt. McCall, states that the rumors are unfounded.

The small steamers of the Gulf Squadron are ordered to return home immediately. The large ships are ordered to the rendezvous at San Juan.

RAILROAD CONVENTION.

BUFFALO, June 30.

An important Rail Road Convention convened at the Clarendon this morning to endeavor to settle the difficulties between the N. Y. & Erie, and N. Y. C. Roads. A large large number of Delegates are present, representing all the principal lines, east and west. The Convention organized by appointing J. W. Brooks, of the Mich. Central Road, Chairman. The session to day has been inharmonious, and the debate very stormy. Nothing has been accomplished. An evening session is now being held, but as yet, with no prospect of an arrangement being effected.

Dr. T gives his undivided attention to Chronic Diseases treating thousands annually, hundreds of whom have recovered after all other resources had failed. Mineral and botanical preparations never used, nor are patients ever charged or subjected to expense without a corresponding prospect of recovery.

Invalid Ladies should Read the following.

Dr. Tubbs, Sir:—Knowing the vast amount of suffering existing among females at the present day, and having drank to the dregs, from the bitter cup of affliction, I gladly make known what in my case, has proved the long sought remedy.

My health has been poor for eighteen years, and ten years of that time I spent in bed, a helpless sufferer, scarcely able to sit up long enough to have my bed made.

The misery of those years I cannot describe. Pre sprue ulcers, with heat, weakness and pain through the small of the back, and abdomen, and sharp pains extending down the limbs, were among the earlier symptoms. Walking or standing became difficult first, and at length utterly impossible. Stomach Digestion failed and the entire nervous system seemed unstrung, palpitations of the heart and dizziness and oppression of the head, also added to my sufferings. Physicians from far and near were employed, by one of whom I was salivated and rendered worse than before. Your first prescription was obtained in October, one year ago. Improvement was slow at first. I have not only been able to leave the bed, but am now doing most of my house work, and can walk a mile and back, without serious inconvenience. Yours truly,

MRS. NANCY GROVER.
