GROVER AND BAKER'S FAMILY SEWING MACHINES.—The particular attention of Ladies is called to the above machine, which possesses the following decided and unmistakable advantages:

1st. Cotton is used as it is purchased—on spools—without re-winding; saving time, trouble and waste.

2d. The trouble and perplexity of filling a shuttle, (as in other machines,) is in this avoided; no shuttle is employed, the under thread being used from a large spool.

3d. It is very simple yet strong in construction, easily learned and kept in order, and does not require to be taken apart to be oiled.

4th. The stitch is always distinct, even and regular, and will not rip though every fourth stitch be cut.

5th. The stitch is as elastic as the most elastic fabric.

This Machine embroiders beautifully.

Ladies and others interested in the saving of labor are invited to call at the sales-room of the subscriber and examine for themselves. The above machines are freely shown and samples of work given at all times.

The services of a lady and the use of a machine can be obtained by the day in families, by calling at the room of Mr. Hopkins. Terms $1.50 per day.

PERSONAL.—Among the arrivals at the American last night were John S. Oakley of New York, W. J. Stewart U. S. A. Utah, Robert Boyd of Boston, Oronhyatikha, an Indian Graduate of Kenyon College, and W. W. Rafter also of Kenyon.

TO FAIRPORT AND BACK.—The fine steamer May Queen, Capt. Viger, will leave Cleveland on Saturday morning at 8 o'clock for an excursion to Fairport. She will return at 8 o'clock in the evening.

THE POMOLOGICAL SOCIETY'S MEETING.—The Committee of the State Pomological Society has been in session in this city for two days past. The attendance from various parts of the State was large, there being some thirty exhibitors. Among the gentlemen present were Mr. Parsons, of Flushing, Long Island, and M. B. Batham, Esq., of Columbus. The display of cherries, raspberries, strawberries, gooseberries, etc., etc., was exceedingly fine, and many new varieties were shown.—After making the proper report, the Committee adjourned. The last session was held in the office of the *Ohio Farmer*.

A NEW YACHT.—A new yacht, built by the Cleveland Builder, JAMES HARLEY, and named after U. C. VAN TYNE, Esq., will be launched on Saturday (to-morrow) She measures thirty-three feet on deck and twelve and a-half feet beam. She will carry about five hundred feet of canvass. She is one of the trimmest and neatest built yachts we have ever seen, and we predict for her a good show in the Regatta on Monday. She is owned by four young men, who are well known as go-ahead and enterprising fellows.

BREVITIES.—There was no session of the Police Court yesterday morning; the only arrest for twenty-four hours previous was that of William Johnson, the negro charged with the grand larceny of a gold watch, the property of a Mr. Clark.——The *Review* learns that Mr. T. A. Johnson has leased the Cleveland Theater and will take charge of it on the 1st of September coming.——A refreshing shower of rain passed over the city about a quarter past one o'clock yesterday P. M. It was "just in the nick o' time," and left the afternoon air cool and balmy.

MISSING.—Thomas James Jones, aged 55 years, about five feet nine inches high; stoutness in proportion; brown complexion; dark hair, turning gray; blue eyes; lame in left leg, having had it broken when young. He had with him when he left Toronto on the 15th of March last, a black suit of clothes, speckled and white shirts, and a letter of recommendation. Was last heard from through a letter posted at Cleveland, Ohio, dated the 21st day of March, 1858.

Any information respecting him will be thankfully received by his afflicted wife.

THE LAW COLLEGE.—A very able and interesting address before the graduating class of the Ohio State and Union Law College, (recently established here,) was delivered by our fellow-citizen, Hon. J. J. Elwell. The graceful, genial manner and the polished language of the speaker would have pleased and interested any audience however unprofessional.

The earnestness with which he enforced the paramount claims of the severest integrity and honor on the aspirant for legal emoluments, denying to the dishonest any more right to the profession "than Lucifer to the Garden of Eden," was gratifying to the lover of truth, honor and man; while the clearness with which he portrayed the importance of certain comparatively neglected departments of law, especially that of Medical, or rather Physical Jurisprudence, was of particular interest to the law student. The audience, respectable in numbers, considering the heat of the weather and other circumstances, should have been much larger, and especially gratifying to the friends of the College, would have been the presence of more of the gentler sex.

The examination of the graduating class will commence this morning at nine o'clock at the same place, as we understood the notice, viz: in the U. S. Court Rooms, Hoffman's Block, east side of the Public Square. The public, including the ladies, are invited to attend.

FIFTH OF JULY EXCURSION ON THE LAKE.—The North Star has been chartered by the Methodist Episcopal Church Society, West Side, for the purpose of raising funds to defray the expense of repairing their Church. The Star is a great favorite, and will doubtless take out a large number of excursionists.

☞ BRYANT & STRATTON'S chain of College is now complete and in successful operation. A Scholarship issued from the Cleveland College will be good in Albany, Buffalo and Chicago, and *vice versa*. P. R. SPENCER & SONS have charge of the Cleveland Writing Department. cb84tf

$3,00 FOR GRAIN has been paid by person wanting a few bushels of a choice article to Sow.

Now this was shrewd on their part, and no one accused them of SUIT-ing themselves to a NAP when it would SEEM proper to be wide awake.

The farmer should be governed by the same rule in getting a SUIT of clothes of the right GRAIN, with even and smooth Nap that some master workman has had to SEW upon, and has left upon it an even, clean, and firm SEAM.

A garment made "to the LETTER"—as above—will never be called upon to recognize the "LETTER RIP."

At J. Sonneborn's, 156 Superior street, Cleveland, O., clothes of the above firm and handsome description, may always be found in any quantity, and what doubly adds to the wonder, is, the prices are invariably FIFTEEN PER CENT *less than at any other clothing store in the State*.

Admission *free*, and attendants to show visitors through the extensive establishment—*gratis*.

SEWING MACHINES

HIGHEST PRICED

THE ATTENTION OF THE PUBLIC of

CLEVELAND AND VICINITY

is respectfully directed to the

NEW AND VALUABLE

SEWING MACHINES

recently introduced here by the Undersigned. These Machines are from the justly celebrated Manufactory of

GEO. B. SLOAT & CO.,

PHILADELPHIA,

and comprise four kinds, viz:

Bradshaw's Patent Improved Shuttle—price $60
Sloat's Elastic Two Thread - - - " $60
Johnson's Patent Tambour - - - " $50
Gibb's Patent Elastic Stitch - - - " $15

N. B.—Every Instrument is fully warranted. Each Machine can be supplied with the PATENT HEMMER at $5,00 extra.

These Machines sew with

EVERY VARIETY OF STITCH,

and in a manner every way fully equal to the one hundred, one hundred and thirty, or one hundred and fifty dollar ones of New York and other establishments.

They have been in use in

Eastern Cities for Two Years past,

and have everywhere commended themselves by

Faultless execution of their work, by their durability without requiring expensive repairs, and by their

EXTRAORDINARY CHEAPNESS

in comparison with other Machines claiming popular favor.

The demand for these Machines where they were already known has hitherto required for its supply all that could be manufactured at the extensive establishment of the Proprietors. They have now for the first time introduced them here, where it is believed

THEY HAVE ONLY TO BE EXAMINED TO GAIN THE CONFIDENCE OF A DISCRIMINATING PUBLIC.

To Sewing Girls!

If there is any class in community especially meriting sympathy and encouragement, it is those who are compelled to wear out their lives in the painful, blinding employment of the Seamstress, "Stitch, stitch, stitch," morning noon and night, till the eye does grow dim and the head sick. To such we give the best evidence of commiseration by offering them machines at a discount from manufacturer's prices.

Rooms at No. 102 Superior St., 1st floor.

Where all the abovementioned different varieties of Machines may be seen and their work tested.

Ladies and Gentlemen, though not at present designing to purchase, are respectfully invited to call and examine.

Joy to the Admirers of a Fine Head of

RICH GLOSSY HAIR

Talk of beauty, it cannot exist without a fine head of hair, then read the following, and if you ask more, see circular around each bottle, and no one can doubt.

PROFESSOR WOOD'S HAIR RESTORATIVE.—We call the attention of all, old and young, to this wonderful preparation, which turns back to its original color, gray hair—covers the head of the bald with a luxuriant growth—removes the dandruff, itching, and all cutaneous eruptions—causes a continual flow of the natural fluids, and hence, if used as a regular dressing for the hair will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then upon the bald the gray, or diseased to study to use it, and surely the verdict will out, as they raise the flowing locks, or the witching curl, ever be without it.—Its success is upon the tongue of 1,000 tongues.
