GROVER AND BAKER'S FAMILY SEWING MACHINES.—The particular attention of Ladies is called to the above machine, which possesses the following decided and unmistakable advantages:

1st. Cotton is used as it is purchased—on spools—without re-winding; saving time, trouble and waste.

2d. The trouble and perplexity of filling a shuttle, (as in other machines,) is in this avoided; no shuttle is employed, the under thread being used from a large spool.

4th. The stitch is always distinct, even and regular, and will not rip though every fourth stitch be cut.

5th. The stitch is as elastic as the most elastic fabric.

This Machine embroiders beautifully.

It numbers nine members; young fellows whose continued application to music has made them fine performers. Their names are—J. HOLBROOK, F. X. BYGARTY, JOHN S. WOODWORTH, TOBY MYERS, E. HOPKINS, GEORGE SHARPLESS, A. STICKNEY, FRANK MYERS, and H. GEIS. They have our best wishes for their success in all their musical endeavors.

BITTE FIGHT FOR A PURSE OF $50.—It is whispered among the "Fancy" that a grand prize fight is to come off next Friday at or near Euclid Creek, between a Buffalo bully by the name of Horrigan, and another by the name of Pennel, or Penwell, known by the cognomen of the "Cleveland Pet." We hope for the honor of our county that this brutal exhibition will not be allowed to come off, and we trust that the authorities will see that all concerned are arrested and dealt with according to law.

GOVERNMENT BOOKS.—At the last session of Congress a law was framed requiring a copy of all Public Documents to be sent to such Institutions in the various Congressional Districts as would render them accessible to the whole public. The number of volumes issued for the year amounts to one hundred and three, copies of which will be transmitted to the proper places at once. The Cleveland Library Association is mentioned among the Institutions that will thus be benefitted.

ARREST.—James Conlan and John Robinson, two of the crew of the schooner *E. M. Peck*, were arrested yesterday for assault with intent to kill, upon the person of Captain Smith, who sails that vessel. He was stabbed very severely in the right breast and in the face; the stab in the breast was three inches deep. Another of the crew concerned in the attack escaped, and had not been arrested up to eleven o'clock last night.

Capt. Smith, though badly injured, is not in a dangerous condition.

THE DAN RHODES AND THE YACHTS.—Capt. Greenhalgh, of the tug-boat Dan Rhodes, apprehensive that some casualties might befal the boats composing the Ragetta in the stiff breeze and sea of Monday afternoon, voluntarily followed the yachts out, with a view of rendering assistance should it become necessary. When the Challenge, of Perrysburgh, was discovered, half a mile or so from the end of the pier, Capt. G. took her in tow and brought her into the harbor. Not even a word of thanks was returned for the service, and yesterday the Challenge left without any acknowledgement to Capt. G., public or private.

After towing in the Challenge, the Rhodes ran up to the vicinity of the yachts, and was the only steam craft out of the harbor. The Collins capsized, and Capt. G. ran down to the wreck, which was in muddy water and breakers, as soon as possible, and the men clinging to it clambered aboard the tug when she got near enough, apparently right glad to escape with their lives, and without asking to make the wreck fast before leaving it. The water was so shoal and rough that the tug struck bottom twice, and Capt. G., to save his property and no longer imperil the lives of some 40 to 50 persons on board his tug, stood out for deeper soundings and the harbor. When some distance from the wreck the rescued men urged Capt. G. to return and tow in the Collins, which he very properly refused to do. He was willing to peril his property and own life to save the lives of others, but did not feel called upon by duty to run further risks to recover a small wrecked boat, fast drifting ashore. The only acknowledgement Capt. Greenhalgh has received for his services has been personal abuse and charges of cowardice from some of the crew of the Collins. Such are the facts as stated by a reliable, disinterested gentleman who was on board the Rhodes, and witnessed the transactions. To whose credit they redound, the public can judge.

$3,00 FOR GRAIN has been paid by person wanting a few bushels of a choice article to Sow.

Now this was shrewd on their part, and no one accused them of suffering themselves to a NAP when it would SEEM proper to be wide awake.

The farmer should be governed by the same rule in getting a SUIT of clothes of the right GRAIN, with even and smooth Nap that some master workman has had to SEW upon, and has left upon it an even, clean, and firm SEAM.

A garment made "to the LETTER"—as above—will never be called upon to recognize the "LETTER RIP."

At J. Sonneborn's, 156 Superior street, Cleveland, O., clothes of the above firm and handsome description, may always be found in any quantity, and what doubly adds to the wonder, is, the prices are invariably FIFTEEN PER CENT *less than at any other clothing store in the State.*

Admission *free*, and attendants to show visitors through the extensive establishment—*gratis*.

Dr. T. gives his undivided attention to Chronic Diseases—treating thousands annually, hundreds of whom have received aid after all other resources had failed. Medicine sent to any one who never used, nor are patients ever encouraged to call, at a expense without a corresponding prospect of recovery.

Invalid Ladies should Read the following.

Dr. Tubbs, Sir:—Knowing the vast amount of suffering existing among females of the present day, and having drank to the dregs, from the bitter cup of affliction, I gladly make known what in my case, has proved the long sought remedy.

My health has been poor for eighteen years, and ten years of that time I spent in bed, a helpless sufferer, scarcely able to sit up long enough to have my bed made.

The misery of those years I cannot describe. Pro spens uteri, with heat, weakness and pain through the small of the back, and abdomen, and sharp pains extending down the limbs, were among the earlier symptoms. Walking or standing became difficult first, and at length utterly impossible.—Soon digestion failed and the entire nervous system seemed unstrung, palpitation of the heart and dizziness and oppression of the head, also added to my sufferings. Physicians from far and near were employed, by one of whom I was salivated and rendered worse than before. Your first prescription was bottled in October, one year ago. Improvement was slow at first. I have not only been able to leave the bed, but am now doing most of my house work, and can walk a mile and back, without serious inconvenience. Yours truly,

MRS. NANCY GROVER.
