MORNING LEADER OFFICE, } MONDAY July 19, 6 P. M. }

FINANCIAL, &c.

Since our last, Exchange on New York has been decreasing in value, and we now quote (buying) at ¼ ⅌ cent premium and (selling) ½, though at these figures it is firm and not plenty.

Land Warrants are unchanged in price, but are more active, as several land offices are to be opened in September.

The "Citizen's Bank of Nashville and Memphis" has suspended.

The "Macomb County Bank," Michigan, is now worth 80c on the dollar in this market.

Paddock's Bank Mirror of the 15th states that the notes of the "Clinton Bank of Columbus" "are extensively circulated, though it has been closed several years. The Trustees, instead of destroying the notes as fast as redeemed, as issue them à la Schenck Co. and Canal Bank of Cleveland, and it will not surprise us to hear, any day, of some Brewinton in the case. There is a law upon "the books" against "Unauthorized Banking," but it does not seem to be anybody's duty to enforce it, though worked under the very shadow of the State House, and before the eyes of all our vigilant officers of State. Should any one fall on the public, of course nobody will be blamed."

REVIEW OF THE GENERAL WHOLESALE AND PRODUCE MARKET, for the week ending Monday Evening, July 19, 5 o'clock, reference being had to the tables.

ALCOHOL—Our quotations are nominal, nominal prices, 44@46c for 16 to 18 ⅌ cent above proof, which is a slight advance.

COAL.—The market is dull and quiet.

CORDAGE—No changes noted.

FISH—A slight concession in Detroit River White Fish is all the change we have to note.

FRUITS—There is but a limited business doing in Dried Apples; but as the stock is light, prices are well sustained.—A few sales were made at $1.25 per bu.

FREIGHTS—Flour per bbl. by Lake, and Rail from Buffalo, 50c to Troy and Albany, 60c to Boston and 35c to New York. Upper and lower lake freights are dull and irregular.

FLOUR—On account of short locks and light receipts the market has ruled very firm with an upward tendency in price, but the demand is not excessively urgent.

RYE FLOUR—Has ruled nearly at $3.25@3.50.

CORN MEAL—Scarcely anything doing.

GRAIN—WHEAT—There has been a steady good demand for wheat throughout the week, and prices have ruled firm with a small advance. We have taken unusual pains the past week to make inquiries in reference to the crop, and from what we can gather, are of opinion that no average yield will be realized. Letters and statements are contradictory from many points, and that too from men supposed to be posted. We fully believe that the following statement can be relied upon.

"Timothy damage wheat has sustained in consequence of rust, and this is confined to a few localities, nearly in Southern Wisconsin, Northern Illinois and some in Central Indiana and Ohio."

A farmer writing from Cold Spring, Minnesota, says, "I tell you it is glorious to look at the open all fields of grain. This year belongs with us a year of plenty. Wheat, Corn, Oats, Rye, Barley, Potatoes and all sorts of vegetables are most luxuriant, and the prospect is that one of the heaviest crops will be gathered that ever was harvested in this Western country. No grasshoppers this year."

The Chicago Commercial Express says:

The weather in the last seven or eight days has been uncomfortable for the growing crops, and the wheat harvest, being generally dry, clear, cool and windy, but as we remarked last week, wherever Wheat was sufficiently forward at the 1st of June and not few days or July, it was badly rusted. Many fields over large sections are also found to be blighted, probably by be heating rains while in bloom.—It is therefore probable that in Illinois and the northern half of Illinois, Wheat will hardly be half a crop. In passing Illinois Wheat was a good yield, as well as in Central and Southern Indiana. In Wisconsin, the prospect is now very fine; the Wheat being later, and ripest of course the present good weather. Corn is coming on well in all parts of the country, and high hopes are now entertained of a heavy crop. Oats were light crop in Indiana and Illinois. Accounts in regard to Barley vary greatly, it is doubtless much injured to the southern and southwest.

CORN—A fair demand has prevailed for corn during the week with short supplies, and the market closed firm at 56@57½c.

OATS—Our summary of daily transactions shows an active market at an advance of one cent per bu.

RYE—A steady business doing at Steele from cars and boats.

BARLEY—A few sales at 65c.

BEANS—Dull at Steele.

GLASS—The market is unchanged. Ten per cent off from the following prices is allowed on jobbing lots:

6 by 8 and 7 by 9	$1.60
8 by 10	2.15
9 by 11 to 9 by 14	2.40
9 by 15 to 10 by 15	2.60
9 by 16 to 9 by 18	2.65
9 by 20 to 10 by 14	2.65

GROCERIES—MOLASSES—An advance has transpired, the market closing at 40@42c for N. O. See Sugars.

RICE—Declined ½c per lb.

SALERATUS—Is selling at 9¾@10c in bulk.

WHISKIES—The market has ruled active and firm with an advance of ½c during the week, closing at 22c.

OILS AND PAINTS—Linseed has sold at 67@70c.

PROVISIONS—MESS PORK—A few sales were made at $16.00@16.25.

BACON—The demand has been steady and the stock of common and damaged country-cured meats has nearly all been taken at low figures. City-cured and canvassed hams are quite firm.

LARD—Sales have been made at 10@11c and No. 2 at 9c.

CHEESE—There is as yet but little new in market and but little inquiry. Prime is nominal at 7c. No good old Ohio.

BUTTER—Has ruled dull and at previous rates, with sales at 9@10c for ordinary to fair central and southern; 10@11c for good to choice central; and 11@12½c for fair to good W. R.

EGGS—Have improved a little, and sales have been made at 4½@5c.

SUGARS—A material advance has transpired in New York which has influenced our own market and we revise quote thus.

The N. Y. *Journal of Commerce* of the 16th, says: "Raw is now held above the views of most buyers, and there has been but little business to-day. The price is fully ⅛c above the lowest rate of last month. The sales are 191 hhds. Cuba at 6¾@7¾c; 75 hhds. Porto Rico at 7¼@8c; and 60 Melado at 5½c. Refined are almost out of market; some houses refuse to name a price, and sell at value on delivery; others will not take orders at any price; while a few sales have been made at 10½c for granulated and crushed, and 9¾c for soft white.

The same paper of Saturday contains the following which shows whilst further advance "Raw has been very active to-day, and prices have advanced ⅛@¼c, making 1½c above the lowest rates of last month. The sales are 2,940 hhds. Cuba at 6¾@7¾; 160 hhds. Melado at 4¾@5c; and 284 boxes Havana at 6 and 8½c. Refined are again higher. Yesterday some re-sales of a lot held by a speculator, were made at something below 10¼, but to-day, ground, granulated and crushed may be quoted at 10¼@10½c, while some ask 11c; soft white 9¾@9½c; yellow 8¾@8½c."

SALT—$1.40@1.50 is the ruling rate for Fine, with a steady market.

POTATOES—Nothing doing.

VINEGAR—Pure vinegar sells at 16c and good cider vinegar at 12½c.
