GROVER AND BAKER'S FAMILY SEWING MACHINES.—The particular attention of Ladies is called to the above machine, which possesses the following decided and unmistakable advantages:

1st. Cotton is used as it is purchased—on spools—without re-winding; saving time, trouble and waste.

2d. The trouble and perplexity of filling a shuttle, (as in other machines,) is in this avoided; no shuttle is employed, the under thread being used from a large spool.

3d. It is very simple yet strong in construction, easily learned and kept in order, and does not require to be taken apart to be oiled.

4th. The stitch is always distinct, even and regular, and will not rip though every fourth stitch be cut.

5th. The stitch is as elastic as the most elastic fabric.

This Machine embroiders beautifully.

Ladies and others interested in the saving of labor are invited to call at the sales-room of the subscriber and examine for themselves. The above machines are freely shown and samples of work given at all times.

The services of a lady and the use of a machine can be obtained by the day in families, by calling at the room of Mr. Hopkins. Terms $1,50 per day.

POLICE COURT.—There were six cases before the Court yesterday morning—assault and battery 4, and disturbance 2; none of them very interesting.

HARPER'S MAGAZINE.—Harper for August, lively, piquant and interesting, has been received by Hawks & Bro.

PEACHES.—Fresh ripe Peaches of excellent flavor have been received by Stacey direct from Louisville, Ky. They taste very nice.

NEW WHEAT.—Otis & Brownell received a ear load of *new* Mediterranean wheat this morning, shipped by J. H. Foster, of Norwalk. The quality is very choice. This is the first car load received this season.

AT LIVERPOOL.—We learn from V. Swaix, Esq., that the Barque *Chieftain* and Brig *Black Hawk* arrived at Liverpool on the 29th of June ult. They left Cleveland in May, Quebec on the first of June, and both vessels arrived at Liverpool on the same day.

WENT UP.—Mons. Godard, accompanied by Madame Godard, Dr. Hutchins and V. L. Liphaine, Esq., of Buffalo, made a magnificent ascension from that city on Tuesday evening.—The ballon reached an altitude of over twelve thousand feet, traveled a distance of seven miles, was up something over an hour and made the descent in perfect safety. The passengers of the balloon witnessed a double sunset, and from the account in the Buffalo *Express*, the voyage was one of the most successful Mons. Godard has yet made.

BOLD THIEF.—On Sunday, while people were at church, a young fellow who gave his name as Charles Alden, of New York, entered the house of Dea. Perry, in Elyria, and ransacked drawers, closets, &c., but found no money. He then got into the house of Nelson Smith, through a window, but was discovered when doing so by Mr. Henry Mason. As he came out, Mr. M. collared the rascal. On searching him about fifty dollars worth of money, jewelry, silver ware, &c., was found in his pockets, which the thief had picked up in the house. The fellow owned up, claimed that it was his first crime, and was committed for trial. The house of Otis Briggs, in Ridgeville, was entered Tuesday night, and a silver watch stolen.

CITY COUNCIL.—The Fathers on Tuesday evening spent their time in dissecting the bill E. Cowles & Co. for sundry items of city printing. The Judiciary Committee presented a report saying, in substance, that the usages of printers in respect to what constituted a quire of blanks, was not uniform—that while fully one-half the printers to whom the matter had been referred, were unequivocal in expressing the opinion that the charges of E. Cowles & Co. were correct, the other half were equally positive on the other hand, although admitting that such a method of charging prevailed in some localities. The report concluded by recommending that $26,29 be stricken from the bill, and the balance, $241,77 be paid. Mr. Coffinberry, as a minority of the Committee and disagreeing with their opinion, offered a dissenting report, in substance recommending that the Committee on Printing be authorized to examine all the bills of E. Cowles & Co. for the year past, deducting for all overcharges, and paying the balance of the bill—if anything should be left. Mr. Coffinberry, in this report, expressly disclaims that designed fraud was intended by E. Cowles & Co. in making their charges as they did. He supported his report in a long speech, and introduced a resolution which was in accordance with his report, which was adopted. Messrs. Thayer, Rider and Williams, took strong ground in favor of the majority report. Crawford, Winslow and Herrick against it.

P. S.—Since the above was set in type the *Herald* has published what purports to be "a full official report" of what it is pleased to call "an exciting debate" on the matter of Messrs. E. Cowles & Co.'s claim. As this "full official report" is manifestly one sided, it having suppressed material portions of the speeches of Messrs. Thayer and Ryder, we shall publish to-morrow the statement of E. Cowles & Co., made before the Committees, and such facts as were omitted by the *Herald*.

$3,00 FOR GRAIN has been paid by persons wanting a few bushels of a choice article to Sow. Now this was shrewd on their part, and no one accused them of SUIT-ing themselves to NAP when it would SERT proper to be wide awake.

The farmer should be governed by the same rule in getting a SUIT of clothes of the right GRAIN, with even and smooth Nap that some master workman has had to SEW upon, and has left upon it an even, clean, and firm SEAM.

A garment made "to the LETTER"—as above—will never be called upon to recognize the "LET 'EM RIP."

At J. Sonneborn's, 156 Superior street, Cleveland, O., clothes of the above firm and handsome description, may always be found in any quantity, and what doubly adds to the wonder, is, the prices are invariably FIFTEEN PER CENT *less than at any other clothing store in the State.*

Admission *free*, and attendants to show visitors through the extensive establishment—*gratis*.

ARRIVAL OF THE KANGAROO.

NEW YORK, July 21.

The Kangaroo passed in the Mersey, July 7, the schooner Col. Cook, of Detroit, Michigan, just coming to anchorage.

London, July 7—12 M.—The Executive German Diet will wait until the 15th July before inquiring whether Denmark has fulfilled the resolutions of the Diet. It will then deliver an ultimatum fixing the period for the accomplishment of those resolutions.

The German papers are loud in their praise of the excellent appearance of the vines on all the most noted points on the Rhine.

The Turkish Imperial Decree calling out 100,000 men to the reserve, is alleged by the Porte to be occasioned by the necessity of having at hand a sufficient force to procure the execution of measures of order and reorganization which the government was resolved to apply to all the provinces conformidable to its engagement with the allied forces.

LONDON, July 7—The arrivals of grain are very limited. Wheat—In good demand at rather over Monday's prices. Spring rolly as dear but not so active.

Flour—Is held for extreme rates.

The yellow market steady but inactive.

QUEENSTOWN, July 7—There is no news yet of the Agamemnon, and it is thought that she may be serving for Plymouth.

LIVERPOOL, July 7th, 2 P. M.—Messrs. Richardson, Spence & Co. report the weather fine, wheat quiet, but steady, holders asking full rates; flour, also firm; Indian corn, unchanged.

Provisions—Unaltered.

LONDON, 7th, P. M.—Consols for account 95½@95¾.

FROM WASHINGTON.

WASHINGTON, July 21.

The Tribune's Washington correspondent says our Consul will remain in Mexico and communication will be continued with the Mexican Minister here until some decisive policy is adopted, which will depend entirely upon the future development of events.

There is no encouraging news touching the ratification of the Treaty with New Grenada; meantime ships of war are to be stationey at Aspinwall and Panama to keep open the Transit, with instructions to send a force ashore in case of any outbreak. A considerable naval force is also to be ordered off San Juan with a view of intimidating the Nicaraguans into a ratification of the Cass-Yrissarri treaty.

FROM NEW YORK.

NEW YORK, July 21.

The Africa sailed to-day for Liverpool with 107 passengers, including Bishop McIlvaine and daughter, and $668,000 in specie.

The Spanish screw frigate Berenguela, five days from Havana, has arrived here for fresh provisions.

ANOTHER RAILROAD ACCIDENT.

PHILADELPHIA, July 21.

The down train on the Lehigh Valley Railroad went through the bridge at Allentown, killing the engineer and fireman, and it is reported causing a terrible loss of life among the passengers.

SAVANNAH, July 29.

Mobile papers received here say that Colone Young, recently appointed Consul to Havana died at his residence in Mississippi, on the 13th instant.
