GROVER AND BAKER'S FAMILY SEWING MACHINES.—The particular attention of Ladies is called to the above machine, which possesses the following decided and unmistakable advantages:

1st. Cotton is used as it is purchased—on spools—without re-winding; saving time, trouble and waste.

2d. The trouble and perplexity of filling a shuttle, (as in other machines,) is in this avoided; no shuttle is employed, the under thread being used from a large spool.

3d. It is very simple yet strong in construction, easily learned and kept in order, and does not require to be taken apart to be oiled.

4th. The stitch is always distinct, even and regular, and will not rip though every fourth stitch be cut.

5th. The stitch is as elastic as the most elastic fabric.

This Machine embroiders beautifully.

Ladies and others interested in the saving of labor are invited to call at the sales-room of the subscriber and examine for themselves. The above machines are freely shown and samples of work given at all times.

The services of a lady and the use of a machine can be obtained by the day in families, by calling at the room of Mr. Hopkins. Terms $1,50 per day.

HECKER BAND EVENING CONCERTS.—The Hecker Band will play on the Public Square this evening; and hereafter on Tuesday & Friday evenings.

ALUMNI MEETING.—The members of the Association of the Alumni of the Cleveland High School will remember the meeting to-night, at eight o'clock, at the Superintendent's office, High School building.

BUNNET HOUSE, CLEVELAND.—This House is spoken of abroad as being what its Proprietor claims—a Temperance House. We are pleased to be able to point to one house in Cleveland, where spirituous liquors are not sold.—We have stopped frequently at this House, and can recommend it to the traveling public, as a quiet, well kept establishment. The custom increases so rapidly Mr. B. is about enlarging the House. It is situated opposite the public grounds. Success, we say, to such a House.—*Medina Gazette.*

BURGLARY.—On the night of July 21st, a burglary was committed in Berea, and between four and five hundred dollars stolen from John R. Aldrich. Over four hundred dollars of the money was in bills, and was under the sheet and pillow of the bed in which Mr. Aldrich was lying, and was taken from under his head while he was asleep. A gold watch and chain, and a pair of pantaloons and pair of boots, were also stolen. A pair of pants and seven dollars in money were also stolen from Mr. Hepburn, who was sleeping in the same room. Mr. Aldrich is a worthy young man, and was contemplating a voyage to California for his health, which is quite poor; and this robbery leaves him destitute and unable to proceed at present. No clue has been obtained to the robber.

SUNDAY SCHOOL FESTIVAL ON UNIVERSITY HEIGHTS.—Allow me space to notice the very pleasant festival above named. Yesterday (the 20th) the S. School on the Heights, the North Brooklyn School, under the superintendence of Mr. Graham, formerly a teacher in one of the public schools of this city, a delegation of about sixty from the Wesleyan School, together with many friends from the Plymouth School, spent the day delightfully in a grove on the Heights.

There were about five hundred present, the day was pleasant, the grove beautiful, the friends cheerful, and with music from the Band, singing by the children and teachers, swinging and other sports, "all went merry as a marriage bell."

The children and the friends present were addressed in an agreeable and pleasant manner by Rev. Mr. White, Mr. Canfield, Mr. D. A. Shepard, Mr. Graham, Mr. Jennings, and Mr. Hopkins, the Superintendent of the School on the Heights.

That School, which has done much for the neighborhood, owes its existence to the faithful labors of some friends in the place, and others who go over from the city. Much credit is due Mr. D. A. Shepard, who goes each Sabbath afternoon, cold or hot, to teach a class and aid in conducting the School.

The occasion yesterday will not soon be forgotten, and the memory of it will always be pleasant.

I will not burden your columns, Mr. Editor, with an extended notice, though many pleasant things might be written. W.

VALUABLE ADDITION TO THE LIBRARY ASSOCIATION.—Hon. Edward Wade, our M. C. from this district, is deserving of the warmest thanks of the officers, members and friends of the Cleveland Library Association, for his untiring and generous efforts in its behalf. His most recent act—that of the present week—has secured to the Library one hundred and three valuable volumes handsomely bound in calf, being a complete set of the documents of the Thirty-fourth Congress. This splendid collection embraces all the great and important subjects that have engaged the attention of the National Legislature and the country for a period of many years, and consists in part of reports of the Coast Survey, Commerce and Navigation, U. S. Mint, Commercial Relations, Indian Affairs, Territories of the U. S. Patent Office, Slave and Coolie Trade, Diseases in the Army, Harbors, &c., &c., constituting as a whole the most valuable and practical sources of information the student of political economy and scientific research can wish to secure.

We are authorized, by the officers of the Association, to return Mr. Wade their sincere thanks, and assure him his efforts in their behalf are recorded "where every day they turn the leaf to read them."

Several of our prominent citizens are making valuable donations to the Library, which, as soon as classified and arranged, will be duly acknowledged.—*Review of yesterday morning.*

$8,00 FOR GRAIN has been paid by persons wanting a few bushels of a choice article to Sow.

Now this was shrewd on their part, and no one accused them of SUIT-ING themselves to a NAP when it would SEEM proper to be wide awake.

The farmer should be governed by the same rule in getting a SUIT of clothes of the right GRAIN, with even and smooth Nap that some master workman has had to SEW upon, and has left upon it an even, clean, and firm SEAM.

A garment made "to the LUTYER"—as above—will never be called upon to recognize the "LET 'ER RIP."

At J. Sonneborn's, 156 Superior street, Cleveland, O., clothes of the above firm and handsome description, may always be found in any quantity, and what doubly adds to the wonder, is, the prices are invariably FIFTEEN PER CENT *less than at any other clothing store in the State.*

Admission *free*, and attendants to show visitors through the extensive establishment—*gratis.*

YESTERDAY AFTERNOON'S REPORT

FIRE IN BUFFALO.

BUFFALO, July 22.

A fire broke out yesterday afternoon in Fish's Elevator, attached to the New York Central Rail Road freight depot, on Ohio street, owned and occupied by the New York Central Co. as a storehouse, completely destroying the building together with the wooden warehouse next south of it, also occupied by the Central Co. A quantity of coffee, fifty hogsheads of sugar, and forty tons of unclaimed dry goods were destroyed. The Central Railroad's loss will not exceed $15,000. Total loss by fire about $30,000. The fire caught from sparks from the propeller Bradbury.

WHITBY, C. W., July 21.

A frightful hail storm occurred here this P. M., lasting one hour, during which houses were unroofed and a schooner dismasted. Crops in the vicinity are totally destroyed.

FROM WASHINGTON.

WASHINGTON, July 21.

The Commissioner of Indian Affairs has received a private letter dated June 22d, stating that the Camanches are nightly engaged in extensive depredations.

Gen. Cooper, the Choctaw and Chickasaw agent, had just started for Washington when the trouble commenced, but an express had been sent requesting his return.

There were six white men at Fort Arbuckle and the post might be taken at any moment.

The Camanches are very much irritated by the losses they sustained by the recent conflict with Texan Rangers. The order for the march of the 2d Cavalry to Ft. Leavenworth has been countermanded, and that the Regiment will remain on duty in the Department of Texas; on the 1st of August the Department of Florida will be broken up and the several military stations there will go to the East.

Lieut. General Scott compliments Col. Loomis for bringing to a successful close the late Indian hostilities in Florida, and says that he, with those who served with him, deserve well of their country.

One of the sufferers by the taxation movement of the Zulouga government, had this morning an interview with the President on the subject. It is understood that he will make an affidavit of all the facts in the case, and file it in the State Department. Acting under advice of Mr. Forsyth, he refused to pay the tax, and was compelled to leave Mexico.

It is probable that Mr. Forsyth would have been directed to withdraw the legation and return home had he not terminated his functions with the Zulouga government contrary to the statement.

It is well known here that Col. Kane will not publish a report of his Utah mission; sufficient reasons are assigned why this will not advance the public interest.

There is good reason to believe, from recently received information, that our government is in a fair way to acquire the island of Cuba. This is derived from an unquestionable source.

W. H. McGarth, of Salem, N. J., has been appointed Consul to Maranhana, Brazil.

Through the perseverence of Mr. Florence a second sloop of war will be built at the Philadelphia Navy Yard. An order therefor will probably be issued to-morrow.

The Fulton and Harriet Lane are the only vessels yet designated for the Paraguay expedition.

The utmost care will be taken by the President in selecting a Commissioner.

Secretary Toucey had sufficiently recovered from his recent illness to transact the business of the Navy Department to-morrow morning. He will leave for Connecticut towards the end of the month.

Gov. Denver left this P. M. for Kansas.

LAST NIGHT'S REPORT.

CANAL BREAK.

SCHENECTADY, July 22.

The Canal break has been repaired and there are four feet of water in and light boats are passing.

Schenectady, 7 P. M.—Canal at full tide and boats are moving freely.

FIRE.

SANDY HOOK, July 22.

There was a large fire at Rockaway at 4 o'clock this A. M. and it is thought one of the hotels was destroyed.

WASHINGTON NEWS.

WASHINGTON, July 22.

A naval court martial has been ordered to assemble at the Gosport navy yard on the 28th inst. for the trial of Passed Assistant Surgeon Burtt.

Mr. Rush Elmore has been appointed Advocate Justice of the Supreme Court of Kansas, vice Cato, resigned. Mr. Elmore was removed from that position by President Pierce.

Commodore Stodard has been ordered to the command of the receiving ship Ohio, at Boston.

Among those who have recently passed a satisfactory examination and been found qualified for admission as 3d Assistant in the Engineer Corps of the Navy are G. H. White, Trenton, N. J.; L. P. CHICAGO, July 22.

The Directors of the Galena and Chicago R. R. Company have to-day declared a dividend of four per cent., payable in New York on the 15th of August.
