GROVER AND BAKER'S FAMILY SEWING MACHINES.—The particular attention of Ladies is called to the above machine, which possesses the following decided and unmistakable advantages:

1st. Cotton is used as it is purchased—on spools—without re-winding; saving time, trouble and waste.

2d. The trouble and perplexity of filling a shuttle, (as in other machines,) is in this avoided; no shuttle is employed, the under thread being used from a large spool.

3d. It is very simple yet strong in construction, easily learned and kept in order, and does not require to be taken apart to be oiled.

4th. The stitch is always distinct, even and regular, and will not rip though every fourth stitch be cut.

5th. The stitch is as elastic as the most elastic fabric.

This Machine embroiders beautifully.

Ladies and others interested in the saving of labor are invited to call at the sales-room of the subscriber and examine for themselves. The above machines are freely shown and samples of work given at all times.

The services of a lady and the use of a machine can be obtained by the day in families, by calling at the room of Mr. Hopkins. Terms $1.50 per day.

PERSONAL.—Senator WADE was at the Angier House yesterday.

SAILED.—The steamer City of Cleveland sailed for Superior last night with a large load of passengers and freight.

FOR LAKE SUPERIOR.—The elegant propeller *Iron City*, Capt J. E. Turner, will sail for Lake Superior to-morrow night.

AT THE AMERICAN, YESTERDAY—W. Chidsey, J. W. Carleton, R. R. Cox, Jr., Geo. D. Winchell, Joseph Kirkup, and J. Dan Jones, of Cincinnati, bound for the Upper Lakes. They left on the City of Cleveland, last night.

POLICE COURT.—There were twenty-one cases before the Court yesterday morning, as follows: Petit larceny 3; grand larceny 4; violating water works ordinance 1; assault and battery 5; vagrancy 3; destroying property 1; disturbance 1; keeping disorderly house 1; drunk 3.

The cases of Maria Keys alias Falkner, and others, for grand larceny, were continued.

WETHERELL'S PATENT HORSE HOE.—An exhibition of the working of this new and useful machine will take place at McWard's, east of the Water Cure. We understand that this implement operates well and many of our farmers have expressed their admiration of it. To farmers and gardeners it will be of great advantage as it hoes easily and rapidly kills all weeds.

DROWNED.—An Englishman about twenty six years of age, who has worked in this city for some three months past, was drowned in the River near the foot of Superior street yesterday forenoon. His name was William Pease. He was engaged in "poling" a flat scow, loaded with barrels of copper for J. G. Hussey's Copper Smelting Works, when he made a misstep and fell into the river. Unfortunately instead of rising out of the way of the boat, he came up directly under it, and before he could be got out, was dead. Every effort to resuscitate him was unavailing. He lived formerly in Pittsburgh, and was highly esteemed by his companions.

PROBABLE MURDER.—One Strickland, a drunken fellow who lives on the Flats, West Side, near the Ship Yards, on Saturday night last, had a quarrel with his wife, and while she was attempting to escape from him, struck her in the forehead with a hatchet, inflicting two severe and dangerous wounds. The wounds were exactly in the form of a letter V. It is very probable that the woman will die; her condition being most critical. Strickland was arrested by officers Wright and Farley, and is now in jail. His case will come up for hearing on Wednesday morning.

Strickland and his wife are both represented as being a most miserable couple, always quarrelling, fighting and drinking.

SALE OF THE STEAMERS CANADA AND AMERICA.—The Detroit *Tribune* says that intelligence has reached there that N. P. Stewart, Esq., of that city, who purchased the steamers Canada and America of the Great Western Railroad Company, and took them over the Rapids of St. Lawrence river, at great risk, has sold them to parties in New York city for the sum of $200,000. They are to be taken around Cape Horn to California, and are to run between San Francisco and the new Eldorado, upon the Frazer rive, within the old disputed ground of 54:40 notoriety between Great Britain and the United States. The track where the gold has been discovered is supposed to be within British possessions. It was a hazardous attempt in taking the steamers over the rapids, but it has proved a most successful one. The upper cabins of the steamers are to be taken off for the trip around the Cape, to be replaced on reaching San Francisco.

$3,00 FOR GRAIN has been paid by persons wanting a few bushels of a choice article to Sow.

Now this was shrewd on their part, and no one accused them of SUIT-ing themselves to a NAP when it would SEEM proper to be wide awake.

The farmer should be governed by the same rule in getting a SUIT of clothes of the right GRAIN, with even and smooth Nap that some master workman has had to SEW upon, and has left upon it an even, clean, and firm SEAM.

A garment made "to the LETTER"—as above—will never be called upon to recognize the "LET 'ER RIP."

At J. Sonneborn's, 156 Superior street, Cleveland, O., clothes of the above firm and handsome description, may always be found in any quantity, and what doubly adds to the wonder, is, the prices are invariably FIFTEEN PER CENT *less than at any other clothing store in the State.*

Admission *free*, and attendants to show visitors through the extensive establishment—*gratis.*

HEALTH OF AMERICAN WOMEN. *From the N. Y. Daily News* (Extract.)

"We desire to call attention to a letter from Dr. Joshua F. Bridge, on "The Health of American Women," in another column. He treats the subject in an able manner, and his skill and medical judgment may be relied upon."

From the Albany Morning Express.

"Marshall's Uterine Catholicon has proved to be fully as valuable as it is claimed to be in many severe fevers, and by medical gentlemen and others. Dr. Bridge is a regular physician of very fine attainments, a man of great judgment and discrimination, a judicious and highly successful practitioner, in all diseases, especially those of women and children."

From Physicians.

"Marshall's Uterine Catholicon will certainly cure all the diseases for which it is recommended."

"There is no medicine like it in this country."

"In the worst cases I have ever met with Marshall's Uterine Catholicon is a certain and safe remedy."
