The FEMALE MEDICAL PRECEPTOR

Or, Thirty Years Study and Experience,

ESPECIALLY DEVOTED TO

DISEASES OF WOMEN;

By Cornelius L. Cheesman, M. D.,

NEW YORK CITY.

AN INSTRUCTOR, A GUIDE, AND A PHYSICIAN in which is embodied a full and chaste description (knowledge necessary to the welfare of those married or about to be married) of the process of conception, pregnancy and delivery, their pains and dangers, as well as the methods by which many of the latter may be obviated, and teaching how the system may be invigorated and restored to its proper tone, after having been prostrated by complaints incidental to the human frame. Also, such PHYSIOLOGICAL INSTRUCTION, which will obviate the necessity of any great amount of sickness, and enable the observant reader to be, to a great extent, her own physician.

TENTH EDITION.

This book is more available to the understanding of the non-professional reader, and more skillfully elaborated, planned, arranged and carried out, than any work of its kind now before the public. While it gives wholesome particulars, she in some respects carries information upon some of the most delicate affairs connected with the female system. It should be placed in the hands of every female, single or married.

PRICE 50 CENTS.

This work also contains prescriptions used by the doctor in his practice for the positive cure of *Scrofulous Eruptions—Fever and Ague—Severe Coughs and Colds—Rheumatism—Dyspepsia—Falling off of the Hair, &c., &c., &c.*, any one of which preparations may prove of great value to the reader.

This book will be sent by mail, free of postage, on the reception of its price, which may be sent either in money or postage stamps. All orders should be addressed to

GROVER AND BAKER'S FAMILY SEWING MACHINES.—The particular attention of Ladies is called to the above machine, which possesses the following decided and unmistakable advantages:

1st. Cotton is used as it is purchased—on spools—without re-winding; saving time, trouble and waste.

2d. The trouble and perplexity of filling a shuttle, (as in other machines,) is in this avoided; no shuttle is employed, the under thread being used from a large spool.

3d. It is very simple yet strong in construction, easily learned and kept in order, and does not require to be taken apart to be oiled.

4th. The stitch is always distinct, even and regular, and will not rip though every fourth stitch be cut.

5th. The stitch is as elastic as the most elastic fabric.

This Machine embroiders beautifully.

Ladies and others interested in the saving of labor are invited to call at the sales-room of the subscriber and examine for themselves. The above machines are freely shown and samples of work given at all times.

The services of a lady and the use of a machine can be obtained by the day in families, by calling at the room of Mr. Hopkins. Terms $1,50 per day.

Congressional Convention—Nineteenth District.

PAINESVILLE, AUG. 5TH—MORNING SESSION.

The Convention was called to order by WM. SLADE, Chairman of the District Committee.—On motion of Dr. VINCENT of Chagrin Falls, Judge JOHN P. CONVERSE of Geauga county, was elected temporary Chairman of the Convention, and S. O. GRISWOLD, Esq., of Cuyahoga, Secretary.

The following gentlemen were chosen a Committee on Credentials—James Mason, Theodore Breck and C. L. Russell of Cuyahoga county; D. Damon, W. W. Branch, and H. Losey of Lake county; G. H. Kent, E. Spencer and M. C. Canfield of Geauga.

The Committee on Permanent Organization consisted of John C. Grannis of Cuyahoga, Uri Seeley of Lake, and S. B. Philbreck of Geauga. This Committee reported officers for the permanent organization of the Convention as follows:

DEXTER DAMON of Lake county, President.

G. H. KENT, Geauga, MOSES HUNT, Cuyahoga, } Vice Pres'ts.

S. O. GRISWOLD, Cuyahoga, E. C. LYMAN, Geauga, GEO. E. PAINE, Lake, } Secretaries.

The Report was unanimously adopted, and the Convention adjourned until half-past one P. M.

AFTERNOON SESSION.

Called to order by Judge CONVERSE.

Messrs. Masters of Cuyahoga, Spencer of Geauga, and Rockwell of Lake, were appointed a Committee to wait upon the officers elect and conduct them to their seats. The officers were introduced, and Mr. Damon briefly thanked the Convention for the honor they had conferred upon him by electing him its President.

Judge Spaulding offered the resolution following:

Resolved, That the delegates to the next Congressional Convention be chosen upon a basis founded on the Republican vote for Governor, given at the next preceding election of that officer in the respective townships and wards.

Unanimously adopted.

Messrs. Andrews of Cuyahoga, Morse of Lake, and Converse of Geauga, were appointed a Committee to present the names of persons suitable to compose the District Committee.

The Committee on Credentials reported that there were no contested seats, except those from the Eleventh Ward of Cleveland, and reported in favor of Smith Neville and Frederick G. Kaufholtz as delegates from that ward. Report adopted.

The list of delegates was called by the Secretary, and it was found that all the delegations were full and the delegates present.

The Committee on District Committees reported as follows: Wm. Slade, Cuyahoga; Wm. L. Perkins, George E. Paine, Wm. Mathews, Lake; Erastus Spencer, Geauga. The report was adopted.

On motion, the Convention proceeded to ballot for nominee for Congress, with the following result:

FIRST BALLOT.

Edward Wade	96
Franklin T. Backus	49
Albert G. Riddle	14

The nomination of Mr. WADE was then made unanimous.

When the result of this ballot was announced, Mr. WADE was loudly called upon. He took his place on the stand, and in brief and eloquent terms returned his warmest thanks to the members of the Convention for again making him their standard-bearer in the 19th District, assuring them that he would endeavor honorably and faithfully, as far as was in his power, to uphold and sustain the honor of the Republican banner. He felt that in the triumph of the principles of the Republican party only was the perpetuity of the institutions of the country to be secured. If again elected, it would be his highest aim to aid in bringing about such a triumph, and in placing the Government once more upon the footing its founders intended it to occupy. Mr. WADE was frequently applauded in the course of his remarks, and resumed his seat amid a perfect storm of cheers.

Mr. BACKUS was also called upon. He was received with enthusiastic applause. He said that although he had not been the choice of the Convention as its nominee, no man would be found in the ranks of the Republican party who would labor more zealously and ardently for the success of Mr. WADE than himself. Whatever feelings of excitement or warmth had been indulged in the deliberations of the Convention, he hoped they would die with the occasion, and that all would unite earnestly and resolutely in securing the election of Mr. WADE. He said that although he was comparatively young, he had outlived one political organization to which he had attached himself in his early years; and that his membership in the Republican party was as old as the party itself. He hoped he might never outlive the Republican party, but *did* hope to live to see the triumph of its principles, and to assist in securing so glorious a result.

Mr. BACKUS was frequently interrupted by warm bursts of applause, and when he concluded was greeted with hearty cheers.

On motion of GEORGE B. SENTER, Esq., the Convention adjourned *sine die*.

HORSE RAILROADS.—Horse Railroads have become institutions in Philadelphia, and the press of that city warmly commends them. A complete revolution in public opinion has been wrought by the practical operation of the roads constructed, and the rails are being laid in several additional streets this season.

An ordinance passed in Chicago to establish a Horse Railroad in State street in that city has been vetoed by Mayor Haines, on the ground that the ordinance failed to fully protect the public interests and the interests of individuals. The Mayor, however, looks upon Horse Railroads as one of the necessities of cities, and is in favor of their construction.

$3,00 FOR GRAIN has been paid by persons wanting a few bushels of a choice article to Sow.

Now this was shrewd on their part, and no one accused them of SUPP-ING themselves to a NAP when it would SEEM proper to be wide awake.

The farmer should be governed by the same rule in getting a SUIT of clothes of the right GRAIN, with even and smooth Nap that some master workman has had to SEW upon, and has left upon it an even, clean, and firm SEAM.

A garment made "to the LETTER"—as above—will never be called upon to recognize the "LET 'ER RIP."

At J. Sonneborn's, 156 Superior street, Cleveland, O., clothes of the above firm and handsome description, may always be found in any quantity, and what doubly adds to the wonder, is, the prices are invariably FIFTEEN PER CENT *less than at any other clothing store in the State.*

Admission *free*, and attendants to show visitors through the extensive establishment—*gratis.* jones4t:twtwtf

FATAL CASUALTY.—There was a terrible thunder storm in the town of Hinckly, on Monday, P. M., the 2d.

Lightning struck the wagon shop of Woodruff & Dean, and killing instantly Mr. S. P. Woodruff. Mr. W.'s father and two others were standing near, and were not hurt. Mr. W. was caught by his father before he fell, but no signs of life were apparent.

The deceased was a young man—leaves a wife and three children, was much respected for his good character and industrious habits.

No signs, or mark of injury were discovered, except a very small mark on his temple and shoulder. The skin was not even broken.—*Herald.*

CATTLE.—Cattle are dying off at a fearful rate in Brooklyn and Parma. A strange disease has broken out among them and nobody knows what it is. About a dozen valuable cows have died in Brooklyn of this disease since Sunday. In Parma the other day a man was badly poisoned in skinning a cow that had died of this singular disorder. His right hand became so inflamed and swollen that it was feared he would have to suffer amputation.—*Dealer.*

YESTERDAY AFTERNOON'S REPORT

FROM WASHINGTON.

WASHINGTON, Aug. 5.

The number of bids for the ten million loan, which will be decided on Monday next, is expected to realize a large amount at a favorable premium to the government. Information has been received that it will also be bid for by foreign capitalists.

The receipts into the Treasury from customs are regarded as indicative of a general revival of business, and will more than realize the expectation of the Government as communicated to Congress toward the close of the late session.

Should the improvement continue at the same ratio, the remaining ten or twenty million loan will not be called for during the first two quarters of the present fiscal year, although N. Granada has interposed objections to the U. S. troops passing over the Isthmus. Our government asserts its right, and will exercise it on the basis of treaty stipulations thus to transport them to and from the Pacific.

Neither the Navy or the Post Office Departments have yet received an answer from Mr. Collin's concerning a resumption of the ocean mail service.

TO BE HUNG.

TOLEDO, Aug. 5.

Michael Beandien, convicted of the murder of Antoine Euspelle in August '57, was sentenced this morning to be hanged on the 17th of September next.

DE RIVIERE ARRESTED.

SAVANNAH, Aug. 5.

De Riviere has been arrested at the instance of Col. Blount, and lodged in jail in the absence of bail. Mrs. and Mi s Blount, it is rumored, sustain De Riviere.

FROM NEW YORK.

NEW YORK, Aug. 5.

Stephen H. Branch, Editor of the Alligator, was yesterday convicted of libel on Mayor Tieman and sentenced to one year's imprisonment, and a fine of $250.

WASHINGTON, Aug. 5.

By the arrival of the Southern mail, we learn the British bark Penelope, from Matamzas, bound to Queenston, has arrived at quarantine below Charleston, with fever on board. The captain, mate and several men had died, and the present commander was procured from a ship at sea.

LAST NIGHT'S REPORT.

FROM THE WEST.

ST. LOUIS, Aug. 5.

A despatch from St. Joseph, dated August 2d, says the Salt Lake mail has arrived but brings no news of importance. Order and quiet had been restored throughout Utah, and the Mormons express themselves highly pleased with the Territorial officers.

Upon Gen. Johnston's entrance into the city the remaining Mormons fled.

Commissioners Powell and McCulloch had fully completed the duty assigned them and were passed at Fort Laramie en route for home.

Johnston had issued a proclamation prohibiting the citizens and soldiers from disturbing the Mormons or their cattle, nor were any troops allowed to enter the city upon any pretext whatever.

The rivers on the route were all high. The Indians were all peaceable.

Gen. Harney returns to the Fort to-day. Barn's battery will reach the post to-morrow.

MISSOURI ELECTION.

ST. LOUIS, Aug. 5.

In the first Congressional district Calloway co. gives Anderson 1329 maj., Pike co. 97 maj., Boone co. 865 maj.

In the fifth district, Morgan co., Woodson 82 majority, Cowper co. 186 maj., Saline co. 163 maj., Pettis co. 115 maj., Lafayette co., Woodson's reported maj. 642.

In the seventh district, Madison co. reported 400 maj. for Woodson; Washington co. 429 maj.; St. Francis co. 24 maj.

In the sixth district, Osage co. gives Phelps a large majority. Green county, Richardson 200 majority.

Second Congressional District—St. Charles Co. gives Anderson 267 majority; Audrain co. 187 maj; Boone co. reported 800 maj.

Fifth District—Jackson county reported 300 majority for Reid; Lafayette reported 642 for Woodson.

Sixth District—Gasconade county gives Richardson 298 majority ouver Phelps.

Moniteau county gives Reid for Congress from 50 to 60 majority.

Saline county gives Woodson 120 majority.

Pitts county gives Woodson 200 majority.

Four townships in Lincoln county give Anderson 427 maj. over Hendeson.

MEXICAN NEWS.

WASHINGTON, Aug. 5.

Tampico news of the 19th of July has been received at New Orleans. The Government troops under Miramon had triumphed over the insurrectionary troops at Queratero, but were subsequently defeated.

The Puestalitel Constitutionalist while retreating from Gannuxato was attacked by Cabas, a Zulouagist from Celaba; his forces were routed and himself and many of them taken prisoners, and afterwards summarily executed.

There had been an outbreak in the districts of Zeirxa and Hustecs, in favor of the Constitutionalists and Gen'l. Moreno of Tampico, had left that city with six hundred men to endeavor to suppress it. Previous to starting he issued a proclamation to the Pronunciado's offering them amnesty on condition of surrendering their arms.

The war steamer Guerero was at Tampico, a harbor defence.

General Vidaurri intended to send from San Luis Potosi 2,000 men against Guanauxato, and 4,000 more were to leave San Luis on the 12th for the Capital.

G. Caravajaral was on the road between Tampico and Tancaesesque and Victoria, cutting off communication with the interior.

COLUMBUS, O., Aug. 5.

The Democratic Congressional Convention here to day nominated S. S. Cox by acclamation.

ALBANY, Aug. 5.

The Central Railroad Directors to-day declared the usual 4 per cent. dividend, payable at the usual time and place.

IMPROVEMENT IN DENTISTRY, PATENTED BY M. L. WRIGHT, M. D., D. POLLOCK, M. L. WRIGHT, AUGUST 11, 1857.

ARE MANUFACTURING

Partial Sets, Half Sets and Whole Sets OF PORCELAIN TEETH.

SUPERIORITY OF THEIR METHOD of producing Artificial Teeth over any other known method:

1st. IMPLICITY.—One piece chemically united in all its parts, and of the same quality of material.

2d. SOLIDITY.—That compels nature to adapt herself to the model of her own impressions. Thus adaptation ensures *comfort and stability ever after.*

3d. PURITY.—The entire Plate and Teeth are impervious to the action of any known chemical agent; hence in disease or health, proof against the corrosive and offensive secretions of the mouth common to gold plate work, and other known metals.

4th. COLOR.—Bright, lively, and a good imitation of nice.

N. B.—Any method of producing sets of Artificial Teeth hermetically sealed, will be found a close imitation of the ordinal (this design), as a counterfeit of true Porcelain.

PATRONAGE.—Since April, 1856, we have inserted Five Hundred and seven Cases. Of this number, eighty-six cases have taken the place of Gold Plate work. In the last number cases all have given their testimony to its superiority, and so with all other cases where our terms have been complied with. In no case where teeth have been paid for has there been any dissatisfaction.

TERMS.—According to the nature of the case, and given afterwards.

PAYMENT.—Upon the receipt of the order, or on delivery. Persons with Gold Plate can apply their plate in part payment.

GUARANTY.—Satisfaction, provided the terms of payment and Special Instructions have been complied with. Persons wanting information, reference will be given to those in constant use of our work.

We prefer to apply partial sets soon after the extracting of the natural teeth—one week is long enough to intervene between the extraction and the application.

To our patrons, and those who desire to become such, we will say that our arrangements are such that we can and will apply an *entire double set of teeth fitted, satisfactorily* within two days after the arrival of the patient.

TO THE DENTAL PROFESSION.

Those of you favorable to this enterprise, we will in arrangements with you, by which impressions may be taken of your patients' cases, as articulating, models, &c., &c., and for which we will be prepared to do by Express, and return fitted with reasonable accuracy to the fitting and articulating model. We will also make Block Work to order on reasonable terms.

Testimonials and References.

I have observed with much interest for the last two years, above method of producing Artificial Teeth, and believe statements of this article correct.

T. GARLICK.

I have investigated with care, for the last three years the above method of making and applying Artificial Teeth to the Laboratory of Dr. Wright, and about use, and can say with confidence that his plan is the best known one, and entirely successful when made under his observation. The superiority of this kind of Dental work over gold or any kind of metallic plate, cannot be questioned, and the statements in Dr. Wright's Circular of the number of cases where his work has taken the place of gold plate, is true. Much of this work on gold plate had been furnished by the best Dental Rooms in the country, and some on the old Dental Porcelain work, at the hands of others than Dr. Wright.

N. B.—Having learned that persons claiming to do this work, and in many cases claiming to be our agents for the same, we will say that up to this date we have no agents for U. S. and persons have any right from the above patentee to such claim, and in the case of its either an infringement or an imposition—if an imposition, let it work its own cure, if an infringement, we will in due time attend to that.
