Special Notices.

MATRIMONIAL.

TO THE LADIES OF THE UNITED STATES:

It has been my good fortune to restore to health many thousands of my country-women.

My success has excited the malice of the envious and jealous; but their persecutions have served only to extend and establish my reputation. Showers of gratitful offerings have fallen upon me railway, from the fair sufferers whom I have relieved. So long as I am held in affectionate and thankful remembrance by those who have experienced my skill, I can afford to despise the efforts of mischief-makers and slanderers.

My friends have repeatedly urged me to place my medicine for producing menstruation within the reach of the Ladies of the United States; but an indisposition to enter a field so occupied by quacks, with their pernicious nostrums, and a fear that unprincipled counterfeiters might palm upon the public their worthless imitations, have hitherto prevented me from establishing agencies for the sale of my "AMIE DE FEMME," in the United States.

At last, I yield to the entreaties of patients and friends, and offer to the suffering Females of America a medicine which has rendered me somewhat famous throughout the Old World.

In regard to the efficacy of the "AMIE DE FEMME," I need only say, that it is in liquid form, and is exactly such as I have used in my practice in France, for many years, and that it has never failed to secure a satisfactory result.

The "Amie de Femme" and menstruation stand in the relation of cause and effect. It is alike powerful to originate a healthy menstrual flow where it never has existed, and to restore it where it has been from any cause suppressed.

In order to guard against imposition, the wrapper of directions on each bottle of the "Amie de Femme" will bear my written signature, and both the bottle and enclosing box will be sealed with my private seal.

Price, $3.00 a package.

DR. P. H. RICORD.

PARIS, January, 1857.

For sale, Wholesale and Retail, by WILLIAM FISKE, No. 22 Superior street, Cleveland, who will supply the "Amie de Femme" at the Proprietor's prices.

EVERY FEMALE SHOULD READ

The FEMALE MEDICAL PRECEPTOR

Or, Thirty Years Study and Experience,

ESPECIALLY DEVOTED TO

DISEASES OF WOMEN;

By Cornelius L. Cheesman, M. D.,

NEW YORK CITY.

AN INSTRUCTOR, A GUIDE, AND A PHYSICIAN

In which is embodied a full and plain description (knowledge necessary to the welfare of those married or about to be married) of the process of conception, pregnancy and delivery, their pains and dangers, as well as the methods by which many of the latter may be obviated, and teaching how the system may be invigorated and restored to its proper tone, after having been prostrated by complaints incidental to the human frame. Also, much PHYSIOLOGICAL INSTRUCTION, which will obviate the necessity of any government of sickness, and enable the observant reader to be, to a great extent, her own physician.

TENTH EDITION.

This book is more available to the understanding of the non-professional reader, and more skillfully elaborated, planned, arranged and carried out, than any work of its kind ever before the public. While it gives wholesome particulars, and in some respects answers information upon some of the most delicate subjects connected with the female system. It should be placed in the hands of every female, single or married.

PRICE 25 CENTS.

This work also contains prescriptions used by the doctor in his practice for the positive cure of *Scrofulous Eruptives—Fever and Ague—Severe Coughs and Colds—Rheumatism—Dropsy—Falling off of the Hair, &c., &c., &c.*, any one of which prescriptions may prove of great value to the reader.

This book will be sent by mail, free of postage, on the receipt of its price, which may be sent either in money or postage stamps. All orders should be addressed to

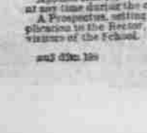
J. B. Barnes & Co., Proprietors of the Cleveland Planing Works, Atwater Block are prepared with ample force of experienced workmen to do every description of Planing in the most thorough manner, on the most scientific plans, on reasonable terms, and on short notice. They have stocks of Fountains of different styles and sizes, Bathing Tubs of cast iron and wood, lined with tinned copper, steam heaters, bent and extremely low prices, Leather and India Rubber Hose, every description of Brass and Plated Cocks, including the Patent Self-Closing Cock, recently introduced, Wash Bowls, and all kinds of Water Works Fixtures kept constantly on hand. All work warranted.

mh9-dkwly.



GROVER AND BAKER'S FAMILY SEWING MACHINES.—The particular attention of Ladies is called to the above machine, which possesses the following decided and unmistakable advantages:

1st. Cotton is used as it is purchased—on spools—without re-winding; saving time, trouble and waste.

2d. The trouble and perplexity of filling a shuttle, (as in other machines,) is in this avoided; no shuttle is employed, the under thread being used from a large spool.

3d. It is very simple yet strong in construction, easily learned and kept in order, and does not require to be taken apart to be oiled.

4th. The stitch is always distinct, even and regular, and will not rip though every fourth stitch be cut.

5th. The stitch is as elastic as the most elastic fabric.

This Machine embroiders beautifully.

Ladies and others interested in the saving of labor are invited to call at the sales-room of the subscriber and examine for themselves. The above machines are freely shown and samples of work given at all times.

The services of a lady and the use of a machine can be obtained by the day in families, by calling at the room of Mr. Hopkins. Terms $1.50 per day.

SAMUEL HOPKINS.

ANNUAL MEETING OF THE STOCKHOLDERS OF THE C. & E. R. R.—The annual meeting of the Stockholders of the Cleveland & Erie R. R. was held yesterday afternoon. The afternoon was spent in discussing the management of the old Board, and the meeting then adjourned till this morning at 9 o'clock, without coming to a vote. More than usual interest was manifested, owing to the dissatisfaction expressed by a portion of the stockholders at the management of the road during the past year. They claimed that for the first time in the history of the road the Directors failed to declare the usual semi-annual cash dividend the first January last, but in lieu thereof declared a stock dividend. On the other hand the friends of the old Board defended and justified it in not having declared the January dividend, on account of the dullness of the times caused by the late revolution, and on account of the Company being compelled to pay the interest on the $500,000 loan it negotiated to pay its subscription to the Erie & Sunbury Rail Road, which interest that road had agreed to take care of, but failed to do so.

The friends of the old administration have nominated the old Board for re-election, which goes for re-electing the present President, WM. CASE, Esq. The other party has brought forward an entire new ticket, which contemplates the election of AMASA STONE, Esq., for the same office. The contest promises to be quite animated.

FOR LAKE SUPERIOR.—The popular and elegant propeller *Iron City*, Capt. J. E. TURNER, will sail at ten o'clock to-night for the Upper Lakes. Her list of passengers is already large, and continues to grow larger. She is a staunch, comfortable, and splendid boat, and her officers among the very best of men—polite, attentive and good sailors. In the words of an evening cotemporary, "Try the *Iron City* on."

DROWNED.—A fine little boy by the name of Thomas Bachelor was drowned yesterday forenoon in the canal near Webster's Oil Cloth Factory. It seems that Thomas went into the canal for the purpose of bathing, and while in was taken with a cramp and drowned.—The body was recovered in fifteen minutes, but too late to be resuscitated.

Thomas was an orphan boy, living with his aunt, who was quite greatly overcome on hearing the news of the sad accident.

FOR PUT-IN-BAY.—Let those who contemplate taking part in the Put-in-Bay excursion on Friday begin to get their baskets ready.—The occasion will be a joyous one. Any quantity of fun will be had, for everybody in the party will contribute his or her share to the general enjoyment. Again we say, get everything ready, and so! Tickets may be obtained at the Union Railroad Ticket Office.

We understand that parties are intending to leave Painesville to attend the forthcoming *pic-nic* to Put-in-Bay. From all we can hear there will be as big a crowd on this occasion, as there was on the former excursion, when the *Ocean* was crowded to overflowing.

AN ATTEMPT TO KIDNAP A COLORED GIRL.—Yesterday afternoon quite an excitement was created among our colored population, owing to an attempt, as it is alleged, of a mulatto by the name of Brokum, to carry off a colored girl for the purpose of selling her into slavery.

The facts of the case are these. It seems that Brokum, who claimed to be a Cuban by birth, lived on Bolivar street with his daughter. He had living with him a little girl about eight or ten years of age, the daughter of a slave he owned while living in the South. According to his story, the mother of the child died while it was an infant, and he gave it to his daughter, who raised it. Yesterday suspicion was excited among some of the white neighbors that Brokum intended to take the girl to Missouri to sell her into slavery. Application was made to Judge Bishop for a writ of *Habeas Corpus*, which was granted. The writ was served by officer Hunt on Brokum, and the child was taken into custody. The daughter of Brokum made a frantic effort to rescue the child from the officer, but failed. The girl was locked up in jail for safe-keeping. Brokum, at his own request, was locked up with her, he not wishing to be separated from her.

The case will come up before Judge Bishop for examination this forenoon.

J. R. GIDDINGS.—The Hon. J. R. Giddings was in town this morning. He looks hale and hearty. Mr. G. has represented the Ashtabula District in Congress for quite a period and will probably continue to represent it for some time to come, if not longer. It is supposed he commenced life somewhere, though this is not definitely known. He goes against the Slave Power. He spits upon the Slave Power. He tramples the Slave Power under foot, and would be pleased to rip the entrails all out of the Slave Power, transport them to his own delightful Ashtabula, and distribute them round among his constituents to feed their hogs on. He wears treble-soled cowhide brogans for the purpose of more effectually stamping on the Slave Power. He adores niggers, does J. R. G.—Niggers are his joy and his pride. He thinks nigger, dreams nigger. We have heard, and have no reason to doubt the report, that his idea of Heaven is a place peopled exclusively with niggers in yellow vests, brass fob-chains and striped pantaloons, their lackeys being white men.

He is considered by his rather numerous constituents as being vastly the superior of the late Gen. Geo. Washington. He rather inclines to that opinion himself. It is believed the father he has emitted from his mouth in denouncing the Slave Power would shave the male inhabitants of the United States for a period of ten years. He is of the Republican persuasion.—He will doubtless be re-nominated for the next Congress, and we trust his constituents will remember the importance of one vote and the far greater importance of several votes. We hope they will likewise vote early and often; also vote frequently, and urge their neighbors to do the same. And those persons who have said we couldn't say a fair thing of a political opponent must now be convinced of the rank injustice of the assertion.—*Plain Dealer* 10th.

"Those persons," and all persons, who read the above characteristic and contemptible *Plain Dealer* notice of the visit of the venerable Hon. J. R. GIDDINGS to our city, from the pen of the young Toledo importation, "*charles f. brown, associate editor*," must "be convinced" of the literal truth of that expressive line

"*Potatoes they grow small, on Manasse.*"

GUITAR.—J. H. THOMAS, Teacher of the Guitar, Rooms at No. 3 Euclid street. Terms—Fifty cents per lesson. tf.

NEW MUSIC.—We have received from Messrs. Brainard & Co. several pieces of new music.—At their store can always be found a very large assortment of music, including the very latest. They are the largest publishers in the West.

FIRE.—About three o'clock yesterday morning a fire broke out in the building occupied by Messrs. Best & Freemen, merchants, the Library Association and Brown the daguerreotypist, and belonging to Dudley Baldwin. It was first discovered in the back part of Mr. Brown's rooms, and consumed all his materials. It is presumed to have originated among the chemicals used in his profession. The fire companies were early on hand, and by their untiring exertions, succeeded in extinguishing it before it was beyond control. The following are the losers and the amounts of their losses:

Brown, Daguerrean, 3d floor, loss $1,300, insured in the Ætna, of Hardford, for $800.

Dr. Atkinson, Dentist, same floor, loss $50, no insurance. Also, L. P. Dodge, loss on chemical stock $100, no insurance.

Library Association, 2d floor, damage by water $400, no insurance.

Best & Freeman, first floor, damage by water $1,000, insured for $18,000 in the following companies:—Roger Williams, Liverpool and London, Home, and Irving.

Dudley Baldwin, loss on building $1,000, insured in the Continental and Liverpool and London for $8,000.

The Library Association Rooms will have to be closed for some days while repairs are going on. Best & Freeman will occupy the storeroom lately vacated by Mr. Harney until their room is again in proper condition. The Library Association's insurance policy but a short time since expired, and was designed to have been renewed, but was not; and now sustains considerable loss in consequence.

CITY COUNCIL.

TUESDAY EVENING, Aug. 10.

PETITIONS.—Of A. Graham and others, asking that certain portions of Hamilton street beween North Perry and Depot streets be opened. Referred to the Board of City Improvements.——Of Alert Hose Company, asking repairs to their Hose House. Referred to Committee on Fire and Water.

REPORTS.—Of the Trustees of Water Works for July, by Geo. W. Girty, Secretary.

Total amount of rents, &c., received	$750 00
Total disbursements	532 20
Repairs	84.20
Receipts over disbursements	133.82

Received and filed.

RESOLUTIONS.—By Col. Rider, authorizing A. M. Eberman to erect a barn on Academy Lane, the same to be enclosed in a brick wall as soon as practicable. Adopted.——By Mr. Mueller, Authorizing the Board of Education to grant the use of the second story of the School House on Penn street, near Lorain, West Side, to the free German-English school. Adopted.——By Col. Rider, Authorizing the Board of City Improvements to cause the removal of certain obstructions in the river. Adopted.——By Mr. Thompson, That the Market Clerk request venders and sellers of fruits and vegetables to occupy the Central Market Grounds. Adopted.——By same, That six shillings per day be paid to M. Davis for attending the Public parks. Adopted.——By Mr. Masters, That F. W. Marseilles be allowed $300 per year for prison and out-door services as City Physician. Adopted—ayes 13, nays 5.——By Mr. Ransom, Directing the assessment of sixty-five per cent of the cost of street gas lights upon the streets where gas is burned. Lost—ayes 5, nays 12.——By Mr. Herrick, Authorizing the Committee on Fire and Water to cause Alert House to be repaired, provided the expense does not exceed one hundred dollars. Adopted.

COMMUNICATIONS.—Of Alexander Smith, agent for the owners of certain property on Michigan street, complaining that the city hay scales in said street were a nuisance, and asking the removal of the same. Referred to the Committee on Markets.——Of C. L. Russell, Acting Ship Channel Commissioner, calling the attention of the Council to the fact that a portion of the ship channel fund, $500 to $700, has been devoted to purposes not intended, and in driving piles and planking and docking streets abutting on the ship channel. Referred to the Judiciary Committee.

ORDINANCES.—To vacate a portion of Kinsman, Miami, and Pittsburgh streets. Referred to Committee on Ordinances.——To establish the grade of Willams street between Superior and St. Clair streets. Same reference.——To assess a special tax on all the real estate bounding and abutting on Vestry street between Pearl and York streets. Same reference.——To establish and lay out Long street. Engrossed.

Adjourned.

BY TELEGRAPH.

Reported by the Union Telegraph, OFFICE, WARING'S BLOCK, CORNER OF BANK AND ST. CLAIR STREETS.

YESTERDAY AFTERNOON'S REPORT

ATLANTIC TELEGRAPH.

WASHINGTON, Aug. 9.

The Secretary of the Navy has received a dispatch from Capt. Hudson, saying the electricians report the insulation and continuity of the cable perfect, and are busily engaged preparing the battery for the reception of Queen Victoria's message to the President.

ATLANTIC CABLE.

ST. JOHNS, N. F., Aug. 10.

A dispatch from Trinity Bay this morning is as follows:

"Everything in connection with the Atlantic cable is progressing satisfactorily.

Signed CYRUS W. FIELD."

FROM NEW YORK.

NEW YORK, Aug. 10.

The Hatters' Bank of Bethel, Conn., was robbed on Sunday night of $36,000, chiefly in its own bills of the denominations of 10's, 20's and 50's. The officers caution the public against taking bills of this description for the present.

TREASURY LOANS.

WASHINGTON, Aug. 10.

The Secretary of the Treasury has awarded $2,000,000 of the loan to Robbins & Son, Albany, that house stated by telegraph that they wished to reduce their proposals to $1,000,000. The secretary acted on the principle that nothing but sealed proposals to be first opened by him could be considered one of the bidders at premium of five per cent; telegraph offering 5 1 2 per twenty thousand, but the Secretary would not consider the telegraphic despatch and made the award at 5 per cent.

This loan at 108 pays the same interest as the government 6 per cent loan at 114 1-2 in addition to what was stated yesterday. All the bids above 4 12 100 are successful and all that at this rate obtained a portion of the amount bid for the aggregate bids were over $38,000,000.

The stock is quoted here to-day 106.

The Secretary of the Navy left here this morning for Connecticut. He will be absent about two weeks, and will, before his return, inspect the Navy Yards. Chief Clerk Welch is acting as Secretary.

From present indications it is supposed at the Navy Department that the Paraguay Expedition will start by the 1st of October.

DINNER TO GOV. CHASE.

BOSTON, Aug. 10.

GOV. Chase, of Ohio, received a complimentary dinner at the Parker House yesterday, from the leading Republicans. Gov. Banks presided.

LAST NIGHT'S REPORT.

FROM NEW YORK.

NEW YORK, Aug. 10.

The S. S. Jura sailed to-day for Liverpool with 17 passengers and $150,000 in specie.

Sales of the new Treasury bonds have made today at $1,05 1 2a1,06. The Rothschilds are said to have bought a large amount.

ADDRESS TO C. W. FIELD.

ST. JOHNS, N. F., Aug. 10.

The following is a copy of the address presented to Mr. Field to-day:

TO CYRUS W. FIELD, Esq., General Manager o the Atlantic Co.

We, the Executive Council of Newfoundland, have great and sincere pleasure in offering you our congratulations on the success of the grand project of the landing of the telegraph cable.

Intimately acquainted as we have been with the enterprise which has distinguished you from the commencement of the great work of telegraphic connection between the Old and New World, and feeling that under Providence this triumph is mainly due to your well directed and indomitable exertions, we desire to express to you our high appreciation of your services to the cause of the world's progress, and our sympathy in those feelings inseparable from the present profound result.

We recognize in this achievement the creation of new bonds of commercial and social union between the people of the two great nations thus marvelously connected, and we are gratified to remember the all contributed towards this most important object by the Colony of Newfoundland, and the privileges conferred on the company you represent. We sincerely trust the best expectations of the results of the enterprise to all the interests associated with it, may be abundantly fulfilled, and that you, Sir, individually, may reap from it an ample recompense for your many labors and sacrifices from its conception to the present hour.

On behalf of the Executive Council of Newfoundland.

(Signed.) LAWRENCE O'BRIEN, Pres't.

MR. FIELD'S REPLY.

To the Honorable Executive Council of Newfoundland.

PRESIDENT AND HONORABLE GENTLEMEN:—I thank you with all my heart for all the cordial manifestations of your good will. There is, however, nothing new to me in the present tone of feeling. Upwards of four years ago I first laid before the Legislature of this Colony the plan of uniting the two continents by means of the telegraph. The communications received were readily countenanced, and in the Charter of Incorporation then passed was unfolded the whole view which has now arrived at its final accomplishment. The terms of that charter were liberal and encouraging, but had your elements been guided by a different spirit the project would have been abandoned and years perhaps might have passed without witnessing this happy union of the two worlds, with the beneficent consequences it is destined to diffuse.

The exclusive privileges conferred by the Colony to the N. Y. F. F. and London Telegraph Company made her the subject of severe criticism, and it is therefore with satisfaction I observe the approving terms in which you refer to them.

Every enlightened country recognizes a right of property in those who organize a work where science or skill or capital has been interested.—This protection is necessary to draw out the efforts of men in new works of public utility, for who would sow if he could not reap; and while the individual has his reward, society is the gainer by his labor.

In the exclusive privileges you have conferred on the Company I represent, the principle of copy right only is involved, and I think there can now be no doubt but that your policy has conduced to the interest of the Colony, for I confidently trust that the future may be productive of much benefit to your people from the great work which from the beginning to the present time has had your consistent and liberal support, I shall look with peculiar pleasure on the advantages resulting from the proud position of this Colony in the telegraph connection of the New and Old Worlds, and shall be ever ready to promote your views of advancement by all the means in my power.

Signed CYRUS W. FIELD.

FROM ST. LOUIS.

ST. LOUIS, Aug. 10.

A despatch from St. Joseph per U. S. Ex. to Boonville says that the Salt Lake mail had arrived.

Brigham Young, Orson Hyde and Heber Kimball had returned to the city.

Capt. Dickinson, quarter-master of the army, had issued proposals for timber and materials for building a fort at Cedar Valley, which, when completed would be occupied by Gen. Johnston, in command of the 10th Infantry, Phelp's battery and 2d dragoons, as the head-quarters of the Utah forces.

The 6th Infantry are ordered to Oregon to reinforce Col. Steptoe.

The Battalion of Volunteers under command of Col. Bee left on the 19th ult. for Fort Leavenworth, where they will be mustered out of service.

The steamer Edward Warring was burnt to the water's edge at Alton yesterday. Loss about $20,000. Boat insured for $11,000 in Pittsburgh offices.

THE ATLANTIC CABLE.

HALIFAX, Aug. 10.

We have assurances from Trinity Bay to-day that the recording instruments connected with the Atlantic Cable, were expected to be in perfect order this evening, and if the anticipations of electricians have been realized, it is thought probable that the Queen's message to the President will come over the wires this evening or to-morrow forenoon.

THIRTIETH

ANNUAL FAIR

OF THE

AMERICAN INSTITUTE,

At the Crystal Palace,

In the City of New York.

The managers announce that the Exhibition will be opened on

Wednesday, the 15th day of September next.

The Palace will be prepared for the reception of goods on and after the 7th of September. Machinery and heavy articles will be received and stored after the 1st of July.

Those desirous interested to embrace MACHINERY and NEW INVENTION MANUFACTURES of all descriptions, and AGRICULTURAL and HORTICULTURAL PRODUCTIONS of every kind.

GOLD, SILVER and BRONZE MEDALS, SILVER CUPS, and DIPLOMAS will be awarded on the report of competent and impartial judges.

The managers would impress upon exhibitors the importance of making early application for the space they wish to occupy.

Circulars containing full particulars can be had by applying to WM. H. LEGGAT, Corresponding Secretary of the Institute, No. 351 Broadway, New York, to whom all communications should be addressed.

By Order of the Managers,

F. W. GEISSENHAINER, Jr., Chair'n.

JOHN W. CHAMBERS, Sec'y.

Dentistry.

DENTISTRY.—THOSE HAVING Sets of Teeth which they carefully keep in the drawer or foul troublesome to carry in the pocket, are especially invited to call at DR. HALLWELL'S Dental Rooms.—To such a liberal arrangement will be offered. Having made arrangements, I am prepared to use the Vulcanized Gutta-percha, instead of Gold or Silver for Artificial Teeth, which has the highest reputation to anything here-tofore used for its extreme lightness, cleanliness, durability and neatness. One tooth or an entire set can be modelled so life-like as to defy the closest observer, and a perfect fit Warranted.—Silver and Gold Plates as usual, from $10 to $25 per full set.

IMPROVEMENT IN DENTISTRY, PATENTED BY M. L. WRIGHT, M. D.

D. POLLOCK, M. L. WRIGHT,

AUGUST 11, 1857.

ARE MANUFACTURING

Partial Sets, Half Sets and Whole Sets

PORCELAIN TEETH.

SUPERIORITY OF THEIR METHOD of producing Artificial Teeth over any other known method:

1st. IMPLICITY.—One piece chemically united in all its parts, and of the same quality of material.

2d. SOLIDITY.—That compels nature to adapt herself to the model of her own improvement. This adaptation ensures—comfort and ability ever after.

3d PURITY.—The entire Plate and Teeth are impervious to the action of any known chemical agent; hence in disease or health, proof against the corrosive and offensive secretions of the mouth common to gold plate work, and other inferior methods.

4th. COLOR.—Bright, lively, and a good imitation of nature.

N. B.—Any method of producing sets of Artificial Teeth heretofore known, can be had at our Rooms, (not the ordinal I this object, is a counterfeit of true Porcelain

PATRONAGE.—Sin ce April, 1856, we have inserted Five Hundred Sets of Teeth, during the number, forty-nine have taken the place of Gold Plate work. In the last named cases all have given their testimony to the superiority, and so will all other cases where our terms have been complied with. In no case where teeth have been good for use have been any dissatisfaction.

TERMS.—According to the nature of the case, and given after examination.

PAYMENT.—Upon the receipt of the order, or on delivery. Persons with Gold Plate can apply their plate in part payment.

GUARANTY.—Satisfaction, provided the terms of payment and Special Instructions have been complied with.—Persons wanting information, reference will be given to those in constant use of our work.

We prefer to apply partial sets soon after the extraction of the natural teeth—the work is better enough to intervene between the extracting and the application.

To our patrons, and those who desire to become such, we will say that our arrangements are such that we can and will apply an *entire double set of teeth fitted*, satisfactorily within two days after the arrival of the patient.

TO THE DENTAL PROFESSION.

Those of you who appreciate this enterprise, we will make arrangements with you, by which improvements may be taken of your patients' cases, as articulating, models, &c., and forwarded to us by Express, and without delay returned filled with reasonable accuracy to fit, ready for adjusting model. We will also make Block Work to order on reasonable terms.

Testimonials and References.

As we observed with much interest for the last two years, above method of producing Artificial Teeth, and believe statements of this Circular correct.

T. GARLICK.

I have investigated with care, for the last three years the above method of producing Artificial Teeth, and find it in the Laboratory of Dr. Wright, and also in use, and can say with confidence that his plan is the best known one, and entirely successful where proper care is observed. The superiority of it is a kind of Dental work over gold or an kind of metallic plate, cannot be questioned, and the state ment in Dr. Wright's Circular of the number of cases where his work has taken the place of gold plate, is true. Much of this work on gold plate had been furnished by the best Dentists in the country. I am not conversant with the success of Porcelain work for the last two years than Dr. Wright.

N. B.—Having learned that persons claiming to do this work, and in many cases claiming to be our agents for the same, we will state that we have no agents but those in the U. S. A., who have my right from the above patentee to such claim, and in those cases it is either an infringement or an imposition—if it works well, it is our patent; if an infringement, we will in due time attend to that.
