REVIEW OF THE GENERAL WHOLESALE AND PRODUCE MARKET, for the week ending Monday Evening, Sept. 13, 9 o'clock, reference being had to the tables.

ALCOHOL.—Remains steady at our quotations.

COAL.—The following are the receipts by railroad and canal for the past week

| | |
|---|---|
| Per Mahoning Road | 3,180 tons. |
| Per Pittsburgh Road | 2,0 0 " |
| Per Canal | 2,360 " |
| Total | 7,600 " |

The amount received for the corresponding period of last year, was 10,101 tons.

The business continues very dull, with a tendency to lower prices. The receipts mostly go to Upper Lake ports.

FEATHERS—Are on market in some extent, at 44c per lb

FLOUR—The market has ruled very dull during the week. Almost the only sales which have been made, have been to the retail trade; the only exceptions being those noted in our daily reports of Wednesday and Saturday. Double extra has sold during the week at $5, and on Saturday common extra sold at $5@5 25. See table for quotations

RYE FLOUR—The stock on hand is extremely small, and is held at $4.

FRUITS—There is a good supply of green apples for the city market, and choice varieties of summer apples, sell at 50@100c. Dried Apples are not inquired for except for speculative purposes. The stock on hand is large, amounting to over 2,000 bus., but is most of it held out of market. Sellers are asking $2.

FREIGHTS—Continue unsettled. There are still no regular rates to quote.

FISH—Mackerel have advanced, and we revise our quotations. There is little doing in Lake Fish, and prices are unchanged.

GRAIN—Wheat has again experienced a decline. Red, which sold at the opening of the week at $1,10, receded to $1,05, free on board, at which figure a large sale was made on Saturday, and which is equivalent to $1,03½ on track. The whole amount in store here is 87,700 bush, a larger amount than has been on hand here at any one time since June, 1856, which is the farthest point to which our weekly record extends. The amount on hand for the corresponding period of last year, was 48,220 bushels. The market closed dull, and we anticipate a still farther decline.

CORN—Has ruled dull. A considerable amount has been put upon the market this week at 60c, without finding buyers. The stock on hand amounts to 30,0 0 bus.

OATS—The market remains dull, with no transactions except in a small way. Sales to the amount of a few hundred bushels have been made at 44c, 46c, and 48c. The stock on hand is 34,568 bus.

RYE—A single sale has transpired during the week—one car-load at 68c. The entire stock on the market is only 180 bu

BARLEY—The supply is limited to 86 bus. No sales have been made for some time, and we continue to quote it nominal at 60@70c.

BEANS—Sales have been made during the week at $1,12½ for choice. They are held generally at 75c@$1.

HIGHWINES—Are lower. Sales were made during the week at 22½@23c.

LUMBER—Continues without change.

OILS AND PAINTS—A slight advance may be quoted in Linseed, which ranges $0@5c.

PROVISIONS.—MESS PORK—Occasional small sales are made at our quotations, but the article is not very active.

LARD—Very little doing. Sales, as will be seen by our daily reports, occasionally transpire to a limited extent. We have no change to note in prices.

CHEESE—Continues steady at 7@8c. Sales are mostly restricted to the retail trade, but an occasional sale is made for export.

BUTTER—There is a steady but limited demand for Central as our quotations. In Western Reserve there is little doing—It will be seen by our Cincinnati report, that the better grades of W. R. are scarce in that market.

EGGS—Are in moderate demand at 8c. The supply on hand is quite limited

SALT—Remains stationary at $1,46 from dock. No variation in sacks.

SUGARS.—Have declined, and are quoted ¼@½c lower.

TALLOW—No sales to note.

VEGETABLES—Potatoes are selling at 40@50c.
