PLAIN AND ORNAMENTAL PRINTING.

☞ Plain and Ornamental Printing of every description done at the Printing Establishment of the *Leader* Office, on the latest improved and most rapid steam presses, in the best style, on short notice, and at reasonable rates. Particular attention paid to blank work. Every description of Binding done, especially Blank Books, Ledgers, Journals, Sales Books, Receiving Books, &c., &c.

FINANCIAL, ETC.

Business for the past week has been fair. There has been some activity in Wheat and Corn, and prices are a trifle better. Oats have have ruled dull. Barley and Rye are pretty much out of the market.

In the wholesale trade a good degree of activity prevails.

Money matters remain without change.

The Cincinnati Times of Saturday says that a disposition for increased activity was manifest there, although the general characteristic of the week's business had been dullness.

In Chicago there is reported to be a continued increase in shipments, and an improving demand for money consequent thereon.

The Shipping List of Saturday, says that business in New York is quiet. The city is full of Southern and Western buyers, who operate with great caution, in view of the scarcity of money in their respective localities. The supply of unemployed money there, continues excessive.

The Boston Journal says that the opinion generally prevailed during the late panic, that the debts of Western merchants would prove worthless; but that the success of some lately-returned collecting agents of some of the largest jobbing houses in that city, has put a much more favorable face on the matter.

There has been a decline in Land Warrants, and prices are somewhat unsettled. We give below the quotations of Saturday.

A convention of Wisconsin bankers have passed resolutions requiring the banks of that state which are located at inaccessible points, and which have been thrown out by Chicago and St. Louis bankers, ostensibly for that reason, to redeem their currency in Madison or Milwaukee.

We annex the quotations for foreign money in this city, our own currency being the standard.

REVIEW OF THE GENERAL WHOLESALE AND PRODUCE MARKET, for the week ending Monday Evening, Sept. 27, 8 o'clock, reference being had to the tables.

ALCOHOL—A further decline has taken place during the week, and we now quote it 42@50c for 76 to 95 proof, which are manufacturer's prices.

COAL.—The trade continues without change, except that a slight improvement is manifest in retail sales, occasioned by the approach of cool weather. The receipts for the week have been—

Per Mahoning Road	2,300 tons
Per Pittsburgh Road	1,810 "
Per Canal	2,649 "
Total	6,759 "

The amount received for the corresponding period of last year, was 8,294 tons.

FEATHERS—Sales to a light amount have been made at 46c

FISH—Lake fish have been somewhat dull for some time, and there is still little improvement manifest. There is a report of a light stock of Trout and Whitefish in Milwaukee, with an upward tendency in prices. The catch of the Mackinaw fisheries this season, is reported to be poor, and in put at 10,000 bbls. Last year it was 12,500 bbls.

FLOUR—Has been inactive during the week without change in rates. The shipments per Lake, have amounted to a little over 3,000 bbls. We quote superfine $4.50@4.87½; extras $5@5.50; double extras $5.75@6.50.

FRUITS—Green Apples are in good supply at 75c@$1 per bu. Dried Fruits remain inactive, without change. The only sale for the week has been a small lot apples at $2. Cranberries have made their appearance somewhat plentifully, and it is expected will be in good demand to supply the deficiency in dried fruits. They are held at $2.50@$3 per bu. The crop is large this year, but has been damaged by too early gathering. Thousands of bushels are reported to have rotted on the hands of the pickers.

GRAIN—WHEAT—There has been more firmness in the market the past week, and prices have advanced 3 or 4c per bus, closing on Saturday at $1.10, when some 18,000 bushels changed hands at $1.09@1.10. Holders are hoping a still further improvement, and much of the receipts is put in store to await it. The receipts at the Upper Lake Ports are very large—amounting in Chicago, for the week past, to 336,000 bu., and in Milwaukee to 280,000 bus. The amount in store in the former place is stated to be equal to the quantity awaiting there to go forward last spring. In Milwaukee the amount is put at 1,091,000 bu. Very much of this is inferior wheat, taking 4 to 5 bus. to make a barrel of flour.

CORN—Considerable sales have been made, and prices have advanced somewhat, and recovered the decline of the previous week, closing at 60c. The advices from the West generally place the corn crop out of danger from frost, and give assurance of fully two thirds the crop of last year. In Kentucky it is put at three-fourths.

OATS—Have been inactive with small sales at 42c for new. Old, of which the supply continues large, are mostly held out of market.

RYE—Nothing doing. Nominal at 65c.

BARLEY—Small sales of prime Barley, have been made at 70c. The supply on hand and the receipts, are very light. Our Toronto correspondent reports large orders received in Canada, (where the crop has been abundant and excellent) from Ohio and the West. Cincinnati brewers and maltsters have been buying them freely, and at prices which make it cost a bent 70c in Cincinnati.

BRANS—Nothing doing, and no change in prices.

HIGHWINES—Have further declined, and are quoted 21@21½c.

LUMBER—Activity seems to be the characteristic of the lumber market everywhere. We however note no change in prices at any point. In Chicago, rates are reported "easier if anything."

OILS AND PAINTS—Linseed is quoted a little better, and is firm at 87c. Sperm has slightly advanced in New Bedford The receipts there have been—

	Sperm.	Whale.
For the week	2,203	519
Previously	62,991	169,994
From January 1 to date	65,194	171,893
Same time last year	49,472	226,355

PROVISIONS—Mess Pork—A trifling improvement may be noted. We quote it $16.25@$16. c.

BACON—Very little doing.

LARD—We advance our quotation ½c on No 1, which ranges at 10@11c.

CHEESE—Continues steady at 7@8c. Sales are mostly restricted to the retail trade, but an occasional sale is made for export.

EGGS—Are in better demand, and are quick at 9@10c.—Choice may be quoted at 11c

BUTTER—There is a steady but limited demand for Central at our quotations. In Western Reserve there is little doing.

SEEDS—Timothy is in some demand with sales at $1.75@$2.00.

SALT—Remains stationary at $1.45 from dock. No variation in sacks.

SUGARS—We note a decline of ⅛@¼c in New Orleans, and a further decline of the same amount, in crushed, powdered and granulated.

TALLOW—No sales to note.

VEGETABLES—Potatoes are selling at 40@50c.

Chicago Correspondence:

CHICAGO, Sept. 25, 1858.

DEAR SIR:—Business among bankers and brokers, which has been at a stand-still for some time past, is slowly improving. The amount of produce paper placed within the past two weeks, has been comparatively trifling, owing to very light shipments. With the establishment of a margin between here and New York, shipments are growing more important, and the demand for money improves.

Exchange is firm, with but limited supply at 1 per cent. Currency, supply increasing.

FLOUR AND GRAIN—Our Breadstuffs market closes dull and drooping after a tolerably steady week, with a slight upward tendency on Wheat, and a buoyant feeling in Corn. The depressed condition of European markets, and unsatisfactory nature of foreign advices, has effectually prevented any attempt at activity, and the accumulation in our storehouses, is at length beginning to tell on our market.

The grading of a large per cent of the new crop of Wheat, into rejected and the inferior quality of our No. 2 Spring will have a tendency, we opine, to advance prices, when the facts are fully known in the eastern markets. For the present, however, we are compelled to submit to the unfortunate resulting from a disparity of views between buyer and seller. In New York they cited, they knew the condition of the crop, and that the taste of poor wheat and short crop, was the fabrication; while here we know the actual condition of affairs, and that such assumption as Wheat at 75c per bu., and flour at $4.25 per bbl.—taking five sixths of the flour handled by the former to make one of the latter—cannot long continue.

Wheat, which had been held firmly, despite late Eastern markets full 8@9c on the arrival of the Fetida, but the decline was regained, and the market was steady until receipt of advices per Great Britain and Niagara. Under these the market gave way completely. We quote closing sales to-day at $1.10 for White Wheat, $1.05@1.08 for Red, $1.05 for No 2 do, 75c for No. 2 Spring, and 50c for rejected do. All in the market. The decline on the higher grades is not so great as on common, and the demand is steadier.

Corn, until within the last 2 hours has been steady and tenacious, but closes dull and drooping to-day, with a decline of 1@2c.

Oats have been quite inactive, and close with small sales and quotations nominal at 45c for old crop, and 36@37c for new.

Rye and Barley are dull, with small sales only, at 55@60c for the former, and 65@70c for the latter; 70@75c for No. 1. The market is well stocked with common grades of barley, while prime Dairy is very scarce.

Cheese is very dull.

A good demand exists for beans, with receipts rather light.

Very Respectfully,
HUNTINGTON BROS. & VOGELL.

NEW YORK PRODUCE MARKET—Sept. 27.

[BY TELEGRAPH.]

Flour—The market is dull and heavy, and prices are the shade lower; sales 9,400 bbls at $3.90@4.10 for common; $4.20@4.37 for superfine state; $4.40@4.60 for extra state; $4.75@5.25 for superfine western; $5@5.20 for common to medium extra western; $5.25@5.60 for shipping brands of extra round hoop Ohio. Canadian flour unchanged; sales of 500 bbls at $5.25@5.50 for common to good extra. Rye flour at $3.25@3.30 for inferior grades.

Wheat—Wanted for export at full prices, for common and good sound; other rate steady, and good parcels dull; sales 30,000 bus sundry lots at Albany; 4,000 bus good white Canadian at $1.25; 2,000 bus white Canadian—the prices of the cargo—at $1.60.

Corn—Dull and 2@3c lower; sales 30,000 bus at 72@73c for sound yellow, and 70@72c for western.

Oats—Firm at 40@41c for state; 41@43c for western.

Barley—Heavy; sales 500 bbls at 72c.

Pork—Is dull and heavy; sales 300 bbls at $16.10@16.25 for mess; $14@15 for prime; $16@16.25 for super mess.

Beef—Dull and heavy, sales at $14@14.25 for repacked Chicago; $18@15.25 for extra mess. Beef hams and prime mess steady. Cut meats are steady.

Cut Meats—Quiet; sales 100 bbls dry salted hams at 8½; shoulders are held at 5½@5¾c.

Lard—Dull and lower; sales 300 bbls at 11@11½c.

Butter—In moderate request at 12@18c for Ohio; 16@22c for state.

Cheese—Steady at 8@8½c.

Sugar—Second hand better; Mo to 6¾; S 6@; Ohio 6c yl, 30; Hav1 1st most 8½; M S 3d most 6c; Porto rico 5¾@; C a T 3¾; N Y C 7½; Rice 7¾; Hav1 10¾; B T; Sandwich 6¾; 101 C; M S 2¾; per 44¾; Pan 11¾; Cut & Rlns 6¾; Lat 5¾.
