Chicago Correspondence:

CHICAGO, Dec. 8, 1858.

Messrs. Editors—

The indications of a renewal of eastern confidence in the Northwest have been apparent some time and are daily becoming more palpable. We see it in the altered tone of the leading eastern journals; in the growing interest of their capitalists, and in the steady increase of capital seeking investment here—a more valuable as it is a more substantial criterion of the truth of what we have above stated.

At the date of our last currency was so scarce that exchange was disposed of at a merely nominal premium, and soon after it fell to par. Within a few days, however, the relative values have been restored, and with a better supply of currency, exchange is selling readily at 1 ¾ct. Money on undoubted security is abundant at the usual bank discount—10 ⅌ ct.—and there is a probability of a still lower rate being accepted before next spring. Brokers are doing absolutely nothing, at 1½@2 per cent., and gold quiet at ¾@1¼ per cent.

BREADSTUFFS—Although the shipping season is over and transactions are of no great magnitude, yet the stock of bread stuffs and the daily receipts are so light, that the demand by millers from the interior and from neighboring states during the week, caused a decided excitement in wheat and flour, both of which have advanced materially. The latter has been mainly bought up by speculators, and has advanced 25@30c since our last—held firmly at $3,25@3,50 for spring superfine to extra; $4,75@5 25 for winter red, $5,25@5,50 for winter white.

Within the ten days ending the 4th inst., red wheat has advanced 18@20c, chiefly under the demand above mentioned.—Sales at $1,06@1,08 for No. 1 red; 80@82c for No 2 do. Holders are very firm.

The receipts of corn are very light, and 56c is paid for new and old No. 1 in bags at warehouse

Oats are steady at 45@46c for old crop; new crop dull at 38c @40c.

Rye is in fair demand, and prime samples are readily taken at 55 @60c

Prime qualities butter are scarce and active, and poor qualities in over supply. The supply of cheese of all kinds is very limited, and a good inquiry exists. Good grades would sell well at 8@9c for W. R. Eggs scarce and quick at 20@22c.

Hogs have been animated, and prices advanced to $5,30 for heavy weights. There are very few heavy weights arriving.

Cattle are quiet. The bulk of receipts are this light, coarse grades, and sell at all prices from $1,25@2,50; smooth, and fat heifers are wanted at $3@3,25.

The following table shows the comparative receipts and shipments of hogs, live and dressed, since the winter packing commenced.

	1858	1857
Received up to Dec. 4	128,394	59,380
Shipped since commencement of packing	25,021	18,400
Surplus	102,373	40,980

The market for dressed hogs was hardly so firm yesterday, but prices are maintained. The range is $5,70@$5,30 for 180 to 300 lbs.

Very Respectfully,

HUNTINGTON BROS. & VOGELL.

Sewing Machines.

Sewing Machine Depot,

No. 194 Parson's Block, Superior Street,

CLEVELAND, OHIO.

THE SUBSCRIBER would again call the attention of the public generally, and the ladies especially, to the different varieties of SEWING MACHINES, now on exhibition at the above mentioned place. We are happy to be able to state, that, notwithstanding, for a time, we have been unable to obtain machines in sufficient numbers to meet the demands of our customers, we have now AMPLE facilities for the accommodation of all.

We desire especial attention to the following machines, recently introduced by us,—and are confident that they cannot be excelled in lightness, durability, beauty of workmanship and excellence of operation:

1st. The SLOAT ELLIPTICAL (lock stitch) MACHINE—possessing all the advantages, without the defects of the high-priced machines of the New York Monopolists. Price $60.

2d. BRADSHAW'S IMPROVED SHUTTLE.—also a lock-stitch machine—not excelled by any in the market. The attention of Tailors, and other manufacturers, is invited to this machine. Prices, $65 to $70.

3d. HARRIS' BOUDOIR MACHINE.

This well known machine has been recently improved by P. Bonnet, by the addition of a simple attachment, by which the operator can, if disposed, sew with a double thread. The undersigned takes pleasure in offering this beautiful Family Machine to the public, and invites all to examine the work and operation of said machine. It will do as much and as good work as the best of the high priced machines, and is furnished at a price so low as to bring it within the reach of all. The stitch is most beautiful, and will not rip, though every fourth one be cut. It is simple and easy of operation, making with ease ONE THOUSAND STITCHES PER MINUTE; at the same time it is almost NOISELESS, which is a great advantage over all other machines. Price, $36.

FROM THE VERY FLATTERING MANNER in which our Machines have been received by public—results in the sale of **Twenty Thousand**—we are led to believe that our endeavors to manufacture a RELIABLE machine have been appreciated. "QUAKER CITY"

DOUBLE THREAD

Family Sewing Machine,

Only $35 and $50.

THE citizens of Cleveland, and all others interested in Family Sewing Machines, are invited to call and examine for themselves this

NEW FAMILY SEWING MACHINE.

This Machine is the very latest improvement, (patent granted 18th of August, 1858,) and is acknowledged by all good judges to be THE Fall Sewing Machine that has long been wanted, as it has the advantages of all the old patents, without their complicated machinery—does just as good work, and can be sold a great deal cheaper, while its durability and simplicity will commend itself to all.

It sews from two ordinary spools, without re-winding.

It sews coarse and fine work with equal facility, and has a very elastic stitch, that will not rip, although every fourth stitch be cut.

Each Machine is warranted in perfect order, and full and explicit directions accompany each Machine, and it is so simple, that its operation can be learned thoroughly in one hour.

It is as little liable to get out of repair—is easily oiled, and runs as easily, while there is more room to work on it than any Machine in the market.

This Machine makes a beautiful Embroidery Stitch; also gathers nicely.

As this is the first opportunity the citizens of Cleveland have had of buying this Machine, they are cordially invited to call and examine them at WEUDELL HOUSE BLOCK BANK STREET before purchasing elsewhere.

☞ A few Gents are offered to operators wishing to buy County Rights, as Mr. North has seven two Counties to sell, in this state. All letters addressed to him will receive prompt attention.
