☞ If any people in the world ever needed an apostle to cast their devils out, it is ours who live in this water-logged country. The miasmatic poison of our Swamps and Marshes becomes a veritable devil in the blood to revel in the Agues and Fevers which shake and torch us all. Ayer's "AGUE CURE" is said to be the apostle we need, and some of our neighbors who have tried it confirm the report.—*Journal, Plano, Ill.*

Sore Throat Plague and Sore Throat.—This quality of searing hold and causing the expulsion of depraved humors is possessed by no other medicine than Brandreth's Pills. They operate only upon the tissues involved in, that is affected by the disease. In fact, they seize upon those humors not so much from preference as from natural affinity, because their life is below that of the surrounding parts and which, setting on the tissues of the throat, the inflamed the throat region, produces sore throat, sore throat plague and the severe headache and fever. We know how after one or six pills are taken the effect is felt, peculiar creeping in the part affected, a sort of collecting up of the diseased humor ready for expulsion. Moreover weakening effect can ever rise from their use, because they cannot act upon healthy parts. Taken early they prevent all chronic diseases. Of how important is sickness to use that medicine which only extinguishes the disease, and leaves no evil effects behind.

☞ Fever and Ague! Fever and Ague!! Fever and Ague!!!—Emigrants and others who remove to the Western parts of the United States, complain in bitter terms of the fatal diseases that prevail in those sections.—Some of the most intelligent physicians bear testimony to this fact. Dickens, the Shakspeare of things, in picturing "Little Eton," a Western settlement, in a book entitled "Martin Chuzzlewit," says that the most flourishing in situation was the Fever and Ague, which had killed all who attempted to make a permanent residence of it. Mark Tapley, who could only be jolly under the most gloomy circumstances, said the Fever and Ague had given him cause for more jolly than he would live to experience again.—DR. J. HOSTETTER'S CELEBRATED BITTERS is the only remedy for this terrible disease, that we would recommend to the public. Try them, and be convinced of their powers.

MATRIMONIAL.

To the Ladies of the United States:
It has been my good fortune to restore to health many thousands of my country-women.
My success has excited the malice of the envious and alone; but their prosecutions have served only to extend and establish my reputation. Showers of grateful offerings have fallen upon my pathway, from the fair sufferers whom I have relieved. Belong as I am held in affectionate and thankful remembrance by those who have experienced my skill, I can afford to despise the efforts of mischief-makers and slanderers.
My friends have repeatedly urged me to place my medicine for producing menstruation within the reach of the Ladies of the United States; but an indisposition to enter a field so occupied by quacks, with their pernicious nostrums and a fear that unprincipled counterfeiters might palm upon the public their worthless imitations, have hitherto prevented me from establishing agencies for the sale of my AMIE DE FEMME," in the United States.
At last, I yield to the importunities of patients and friends and offer to the suffering Females of America a medicine which has reached me somewhat famous throughout the Old World.
In regard to the efficacy of the "AMIE DE FEMME," I need only say, that it is in liquid form, and is exactly such as I have used in my practice in France, for many years and that it has never failed to secure a satisfactory result.
The "Amie de Femme" and menstruation stand in the relation of cause and effect; It is alike powerful to originate a healthy menstrual flow where it never has existed, and to restore it where it has been from any cause suppressed.
In order to guard against imposition, the wrapper of three boxes on each bottle of the "Amie de Femme" will bear my written signature, and each the bottle and enclosing box will be sealed with my private seal.
Price, $5.00 a package.
Dr. P. M. RICORD.

Crowded Out.—Several articles are unavoidably crowded out and others abridged by press of matter.

The Oberlin Choir in Cleveland.—We understand that the immense Oberlin Choir will sing in this city before long. They will draw a multitude.

☞ Prof Fitzgerald will resume his excellent English and Classical School on Monday next.

"London Illustrated News" for August 10 is received and for sale by Hawks & Bro.

Bayard Taylor's Letters need no eulogium. J. B Cobb & Co. have the book.

☞ Would it not be better for the Local of the *Herald* to bear in mind that it comes with very poor grace from *him* to exult over the flogging of one editor by another? The most prudent thing he can do is to keep silent. Does he understand?

Police Court.—Charles Juny and Thomas Robertson for burglary upon the house of Oliver Scovill, and theft of one matrass worth $11, and one lounge worth $2, had their case continued to the 5th with bail at $600 each.
Several other cases continued.

An Editor Cowhided.—A. H. Meadee, Editor of the Wool Grower was yesterday assaulted by Walter H. Shupe, Editor of the Weekly Gleaner, and struck several times with a rawhide about the face and head. The cause was an article in the Wool Grower obnoxious to the Gleaner.

Picnic.—A party of English citizens hailing principally from one town in England—Malmsbury in Wiltshire, had a picnic on Thursday at a grove on St. Clair street road about four miles from the city. The best of order characterized all the proceedings, and no accident occurred to mar the pleasure of the occasion.

Arctic Panorama.—This Panorama wil be exhibited this afternoon for the benefit of families and children, and this evening for the last time in this city. The Melodeon has been crowded by visitors to see this painting, a thing unprecedented in the history of Panorama exhibitions in Cleveland.

Republican Speakers at Painesville.—Gov. Chase, Hon. E. Wade and R. G. Riddle, Esq, addressed the Republicans of Lake county yesterday at Painesville. We learn that a very large crowd gathered and that the speeches were just as would have been expected—strong, able, fearless and earnest.

Hawks & Brother have received the "North British Review" for August. The contents are "Guizot Memoirs," "Painters patronized by Charles First," "Syriac Church History—John of Ephesus," "Wanderings of an Artist," "Glaciers," "Patrick Fraser Tytler," "Idyls of the King," "New England Provincial Life and History," "Botany and Scottish Botanists," "Elizabeth Stuart, Queen of Bohemia," and Napoleonism and Italy."

Arrest of Burglars.—Officers McKinstry and Odell yesterday returned from the country with two men, Monte and Watson, who had stolen from George W. Beeman of La Grange, Lorain county, on the 24th of August, one silver hunting case watch, worth $60; one silver watch, open face, worth $15; one ladies gold double locket and one gold neck chain, and also two silk dresses.
Shortly after, they stole from John Dyke of Strongville, one gold ring, worth $3; a gold breast pin worth $5, and two silk dresses, worth $20 each. They will be examined this morning.

Cuyahoga Falls Union.—To-day is the last day of the Fair of the above Society. The attendance both days as yet has been very large.—Yesterday there were not less than from 6000 to 7000 persons on the ground. Over $1000 have been, or are to be paid out in premiums. The races yesterday were as follows: The first was a Double Team Race, in which there were three entries. We could not learn the names of the winning horses.
The second race for green horses, was between "Betsey Baker," entered by Thomas Brown, "Black Hawk," entered by Gen. Pitch, and a cream horse. The purse was $30, mile heats—best 2 in 3. Black Hawk won the race in two straight heats,—time 3:04, 3:00.
In the third race for Roadsters, there were seven entries. The purse was $15, single dash, of 4 miles. It was won by "Son of Malta" in 12:2.
This was followed by a pacing race between "Stranger," of Medina, and "Butcher Boy" of Cleveland. The former distanced the latter in 2:38. Purse, $50.
To-day will be the great day and there will be a great crowd in attendance. There will be a race between four named stallions for a purse of $100, and another for trotting horses for a like purse.—Also a pacing race with three prizes of $20, $15, and $10. There will be a number of other exciting races, among which the scrub mule race will excite not a little sport.
The grounds and buildings are all in excellent condition and of attractive appearance. Among the noticeable arrangements is a fine stand for the special convenience of reporters,—stands for ladies, gentlemen, &c.

Board of Education.—The Board held a meeting last night with closed doors. We suppose the appointment of teachers was made, but could get no report.

Brooklyn Township.—A large and enthusiastic meeting of the Republican voters of Brooklyn Township was held at the Wade House, Thursday evening, Sept 1st, for the purpose of electing six delegates to the Republican County Convention, to be holden at Cleveland, Saturday Sep. 3, 1859.
The meeting was organized by the appointment of S. N. Herrick as Chairman, and C. S. Gates and Chas. W. Standart as Secretaries. The following named persons were duly elected delegates to the County Convention: S. N. Herrick, F. W. Pelton, Wm. Wilson, A. A. Betts, F. Nicola, J. B. Shull.
The following named persons were elected as the Township Central Committee for the ensuing year: Wm. Faller, F. Nicola, J. B. Shull, Daniel Fish, 2d, Diodate Clark.
It was resolved, that the delegates to the county Convention be instructed to request the County Covention to order the County Central Committee to allow the Township Central Committees to appoint the hour at which the primary elections are to be holden.
It was ordered that the proceedings of this meeting be published in the Cleveland Herald, Morning Leader, and Waechter am Erie.
S. HERRICK, Chairman.
C. S. Gates, Chas. W. Standart, } Secretaries.

Improvements.—Water is being introduced upon Granger and Perry streets. The new kind of cement pipe is being laid, previous experiments having proved its practical utility.
The work of grading has been commenced upon Michigan and Long streets. The latter will soon be prepared for travel.
The new Engine House for the use of Engine Co. No. 5, which is being erected upon Champlain st., near Ontario, is being pushed rapidly forward. It will be a convenient and substantial house, and in a good location.
The stone for paving Vineyard street is on the ground, and the work will soon be commenced.—The street needs it.
The excavation for the new block upon Seneca street, near the corner of St. Clair, has been commenced.

Relics of Former Times.—Among the various articles exhibited at the Bedford Union Fair, none were so interesting or suggestive as a large collection of old books, newspapers, &c., belonging to Mr. C. D. Purdy and other members of his family. Here was an old Bible printed in England in 1656, with all the antique marginal flourishes and embellishments. Here is a "Plaine Exposition of the Way to Heaven" printed in 1699, two hundred and fifty years ago. Then coming down to later date we have Franklin's paper of 1723, almanacs of the last century and a half, and Jackson's "Coffin Pamphlets" in abundance. Here too are some early numbers of Horace Greeley's "Log Cabin" full to the brim of inspiring songs in praise and honor of "Tippecanoe and Tyler too." Here a whole years file of "The Balance and Columbian Repository." Our thanks are due to Mr. Purdy for one number of this paper bearing date Thursday, December 17, 1801. This contains, besides a long essay to the people of the United States upon self and political government, an article "Reflections on the Peace, No 2." There is a Liverpool price current "just arrived" of the 20th of October preceeding, in which superfine flour is quoted at one pound sixteen shillings, wheat at ten shillings per 70 lbs., and corn at three shillings per bushel. In the latest foreign news we learn that "Bonaparte has concluded a treaty of peace with the Ottoman Porte, in which he stipulated for the evacuation of Egypt by the French Enemy." In this number is the Message of Thomas Jefferson of Dec. 8. We have also an offer of $10 reward for a blackboy named Solomon who has ran away from Henry B. Livingston.
Mr. Purdy also has a very large and rare collection of ancient coins, Roman, English and American. Some of them were dug from the ruins of Pompeii and Herculaneum and are worn almost as thin as paper. Some are bronze and some copper, some round and some square, and all interesting relics of by gone generations. An unfortunate fire which occurred in the house of Mr. Purdy's family some years since, distroyed a large number of very old and rare papers.

Hon. J. R. Ashmun.—This gentleman returned to the city last evening. His business is still such as to require the use of a crutch. This fact will account for his failure to address the Democracy of Lake county in various parts of the State.—*Toledo Blade.*

Hot Weather and Water.—During the intensely hot weather we have had this season, we have often heard people complain in a most doleful manner of the heat, and yet do not introduce water on their premises with which to keep themselves cool by wetting their door yards and side walks. We would advise those to call on B. P. Bowers, (successor to J. B.
