MORNING LEADER

SATURDAY MORNING, JULY 4, 1863.

What would be the Result of a Resistance in New York.

The New York correspondent of the Philadelphia Press writes:

"How the first steps toward enforcing the conscription bodily may result is a matter resting only in speculation. That there will be armed resistance in some localities of the city, no one will doubt. The men who haunt the lanes and by-ways; the finty-faced youths who throng our corners—this solid circle of the vicious and depraved, which now and then by some sudden and passionate propulsion, sends off its human tangents who maim and murder, and then swing on the gallows—this hideous accretion of debasement on debasement which will certainly produce a host of resistants to the only law which has ever conferred any value upon lives so miserable. No rational doubt can be entertained that these men will struggle against the conscription, and struggle fiercely; nor is there a rational doubt that in case the loyal masses will rise in defence of law and order, and smite them with a terrible vengeance. I donot speak rashly or unadvisedly in this matter. I have it from men sincere in their loyalty and fixed in determination, that so surely as this globe revolves, so sure, with the first symptom of uncontrolable revolt among these graduates of tavern and bagnio, there will be bayonets in our streets. One word from the authorities will bring them out, and the social Thug at every turn will find the fingers of the citizen at his throat."

Medal of Honor.

The following official order has been issued:

WAR DEPARTMENT, ADJUTANT GENERAL'S OFFICE, WASHINGTON, June 29, 1863.

By order of the Secretary of War,
E. D. TOWNSEND,

THE POET ON A TRAIN; OR,
The Romance of the Railroad.
By the Author of "Fair Inez," "The Prince of Wales," "The Ghost Hunters," &c., &c.

CHAPTER VI—ALL ABOARD.

Loud I laughed when on the platform,
Fat, Red all within my sleeve,
To think the people round me
Did the landlord so deceive;
So I said, "Now Mr. Landlord,
You, Sir, too, shall have your day,"
As I peeped in at the window
And saw him receive his pay.

He his pay had all collected
Ere the cloks were near half done,
Quickly "All aboard!" I shouted,
And made all the people run;
Out they rushed, all mad as blazes,
Swore the landlord was a cheat,
And with the railroad had combined
That they should not half eat.

But the man who was the maddest,
Was the one who next me sat,
When o'er his person he had spilled
The contents of his hat.
"Our army camp in Flanders,"
Our army in the South,
Would blush to hear the curses
That proceeded from his mouth.

He swore on me he'd take revenge,
And was bound to have my life,
So he seized from off the table quick
The landlord's carving knife,
And with the knife in hand to find me,
He looked madly through the car,
While I was in the depot hid,
Enjoying a segar.

When he saw he could not find me,
After looking through the train,
Into the dining room he ran,
And took my seat again
In the cars, which started off then,
And left him soon behind,
Looking vainly in each corner
Of the depot me to find.

[TO BE CONTINUED.]

In the meantime I would announce to the public that I have brought home from the East the largest and most superb stock of fashionable

WINTER CLOTHING,

Keeps the largest assortment in the Optical line of any in the trade. From his long residence in this City and the extensive patronage received during that time, he would say to his old friends and the public generally, that no effort that could be put forth to secure the very best quality of Crystal Glasses, accurate under its own inspection, to suit the eyes, in all cases curing weakness, dim sight or inflammation of the Eyes, and imparting strength for long reading and fine sewing. The reputation of SOLOMONSON'S establishment as the most reliable to get the best articles in the line that can be obtained, has become an established fact, and is adhered to by his patrons, whom advise it to GO TO SOLOMONSON'S, (make no mistake,) 138 Superior-St., under the Johnson House, where you will find the best kind of SPECTACLES adapted to your sight.

Mr. Solomonson would here inform the public that he never employs any one in the sale of his Lenses, and those who desire a pair of his spectacles can only obtain them by calling at his Establishment.

MEDICAL.

MEDICAL SUCCESS
EXTRAORDINARY.
100 DOLLARS PREMIUM!!
SEMINAL WEAKNESS
Or Spermatorrhœa, Gleet, &c., and
IMPOTENCY CURED,
AFTER ALL OTHER TREATMENT FAILS
DR. A. GIBSON,

Formerly of New York City, will pay One Hundred dollars for the proof that he ever fails to cure the above named diseases. He will pay the same sum for the proof that any other Physician in the United States treats the same diseases with equal success.

After many years of laborious study and experience, Dr. GIBSON is happy in being able to announce to the unfortunate, that he has perfected a system of treatment for

THE SPEEDY AND PERMANENT CURE

of the above, and also all contagious diseases of the REPRODUCTIVE ORGANS, with all bad effects arising therefrom, including general

DEBILITY OR NERVOUS PROSTRATION.

He has succeeded in curing cases in this city, some of whom had expended hundreds of dollars with self-styled physicians, who profess to treat all private maladies with success, and without receiving the least particle of benefit.

Dr. GIBSON does not boast that he is a member of some College in London or Paris, as perhaps some others do for the purpose of ensnaring the innocent, and who hold out great expectations never to be realized. But what Dr. G. might boast of is this, that he is able to give entire satisfaction to those who repose confidence in his ability and integrity, and that he has perfected an American system of treatment which challenges any Physician of London or Paris, or any patent medicine to equal for the radical cure of seminal weakness, and all diseases or derangements, both mental and physical, arising from sexual or secret abuse.

Dr. GIBSON also claims for his new treatment the following advantages over all others yet discovered; and first, the agents used are in no respect disagreeable; he uses no relics of the dark ages such as Mercury, nor any other deleterious drug; Secondly, no restrictions in diet or business is required; Thirdly, his treatment is positive and certain in all cases. He stands prepared to go into any public or private hospital in the United States and demonstrate the immense superiority of his new treatment over any other now known to the world in point of promptness, permanence, withness, safety and convenience to the patient.

Dr. GIBSON is permanently located in Cleveland, and has been during the past three years performed many cures of diseases which had for years resisted all other modes of treatment. Reference can be given to individuals of the first respectability in Cleveland, Boston, New York and other cities in reg
