FEMALE DISEASE

and a constant attendant of Paris, London, New Orleans and Montreal Hospitals for the last ten years has opened an Office at the

Johnson House, Cleveland,

where he will be happy to meet all those who are afflicted with subacute and chronic diseases.

His treatment is entirely different from the old plan, and is mild, efficacious and effective. His medicines are simply vegetable extracts and oils that have never been used but by two other physicians in America besides himself. He has spent the greatest part of his life and thousands of dollars in obtaining a new secrets in his profession. He use the Urine for all forms of disease. No charge f giving an honest and true statement of their case.

SPERMATORRHŒA.

MORNING LEADER.

ONLY TWELVE LEFT.

The Committee on Revolutionary Pensions reported a resolution tendering thanks to the surviving soldiers of the Revolution, twelve in number, for their services in that war, by which our independence was achieved and our liberty was obtained, and sincerely rejoicing that their lives have been protracted beyond the period usually allotted to man, and that they receive a sum of money as pensioners, which shall help to smooth the rugged path of life on their journey to the tomb; and that copies of this resolution be sent by the Speaker to each Revolutionary pensioner. Unanimously adopted.—*Journal of Congress, March 4, 1864.*

Only Twelve left—Twelve worn and weary men,
With that soft spray of age upon their locks,
In white remembrance of the storm-time, when
To freedom's haven they were outer rocks.

Only Twelve left—How short has grown the roll!
A nation calls it with suspended breath.
Left from its band should pass the sacred scroll
To the last calling of the voice of death.

Only Twelve left—The ranks are thin and wide
Apart in the dim armies of the past;
Faint and afar they stand, who side by side,
Their steel-clad columns on the foemen cast.

Only Twelve left—In the still camps of death
The comrades of their toils and triumphs lie,
And marble sentries guard, with noiseless breath,
Their green encampments of eternity.

Only Twelve left—With slow and feeble tread
Yet, for a little time, their march they keep
From the far fading fields of doubt and dread
To the near fortress of sweet rest and sleep.

Only Twelve left—To sacred leaves to turn
Back to the records of an valued worth
And fix young freedom's lineage at the urn
Of his young baptism, who beheld his birth.

Only Twelve left—The golden fruited years
Have dropped unheeded bounty on the sod,
While a proud nation's feet, 'mid songs and tears
Have turned to paths these heroes never trod.

Harper, for June.

MEDICAL SUCCESS!

EXTRAORDINARY

100 DOLLARS PREMIUM!!

SEMINAL WEAKNESS

Or Spermatorrhœa, Gleet, &c., and IMPOTENCY CURED,

AFTER ALL OTHER TREATMENT FAILS

DR. A. GIBSON

Formerly of New York City, will pay one hundred dollars for the proof that he ever fails to cure the above named diseases. He will pay the same sum for the proof that any other Physician in the United States treats the same diseases with equal success.

After many years of laborious study and experience, Dr. Gibson is happy in being able to announce to the unfortunate, that he has perfected a system of treatment for

THE SPEEDY AND PERMANENT CURE

of the above, and also all contagious diseases of the Reproductive Organs, with all bad effects arising therefrom, including general

DEBILITY OR NERVOUS PROSTRATION

He has succeeded in curing cases in this city, some of whom had expended hundreds of dollars with self-styled physicians, who profess to treat all private maladies with success, and without receiving the least particle of benefit.

Dr. Gibson does not boast that he is a member of some College in London or Paris, as perhaps some others do for the purpose of ensnaring the innocent, and who hold out great expectations never to be realized. But what Dr. G. might boast of is this, that he is able to give entire satisfaction to those who require some change in his ability and integrity, and that he has perfected an American system of treatment which challenges any Physician of London or Paris, or any patent medicine to equal for the radical cure of seminal weakness, and all diseases or derangements, both mental and physical, arising from sexual or secret abuse.

Dr. Gibson also claims for his new treatment the following advantages over all others yet discovered; and first, the agents used are in no respect disagreeable; he uses no relics of the dark ages such as Mercury, nor any other deleterious drug; secondly, no restrictions in diet or business is required; thirdly, his treatment is positive and certain in all cases. He stands prepared to go into any public or private hospital in the United States and demonstrate the immense superiority of his new treatment over any other now known to the world in point of promptness, permanency, mildness, safety and convenience to the patient.

Dr. Gibson is permanently located in Cleveland, and has done the past five years performed many cures of diseases which had for years resisted all other modes of treatment. References can be given to individuals of the best respectability in Cleveland, Boston, New York, and other cities in regard to skill and integrity in all professional transactions. Dyspepsia, Rheumatism, Gravel, and all chronic diseases treated with superior success.

Medicines sent to any part of the country on receipt of ten dollars.

Dr. Gibson's New Work by himself for sale at his office.

DR. GIBSON

PROFESSOR OF ELECTRICITY AND MEDICINE,
Office—113 Seneca Street, a few doors from Superior, upstairs, opposite the City Hotel.

Office hours from 9 to 12 and from 2 to 5 o'clock daily (Sundays excepted.)

DR. HUNTER'S

MEDICAL INFIRMARY.

DR. HUNTER STILL CONTINUES at the old established place, No. 17, Seibert's Block, south side of the Public Square, Cleveland, Ohio, curing all that come—in fact, he is the only reliable physician in Cleveland treating the following diseases, namely: Scrofula, Cancers, Ulcers, Tumors, Fistulæ, Asthma, Bronchial and Lung diseases, Rheumatism, Ague and Fever, Seminal Weakness, and all diseases peculiar to Females; Leucorrhœa or Whites, Suppression of the Menses, Painful Menstruation, Inflammation and Ulceration of the Uterus or Womb, Prolapsus or Falling of the Womb. All diseases of the blood and skin entirely removed from the system. All diseases of the organs of generation of male or female, of whatever name or nature, treated in a careful, a thorough and judicious manner, pointed out by long experience and investigation.

Low prices and quick cures. Recent cases cured in from three to eight days. All syphilitic and mercurial taints entirely removed from the system.

Dr. HUNTER is constantly curing cases in from three to eight weeks that have been treated by other physicians from one to three years.

Young men afflicted with seminal weakness should apply to Dr. Hunter immediately, either in person or by letter, as he never fails to cure. His remedies are perfectly safe, and unknown to any other physician in the United States.

Patients of either sex living at a distance, by stating their diseases in writing, giving all the symptoms, can obtain medicines with directions for use, by addressing Dr. Hunter, of Cleveland, Ohio, post-paid, and enclosing a fee.

All communications confidential.

From his experience and extensive practice, he makes no scruples in asserting that whatever he undertakes in his specialty, he will SURE CERTAINLY PERFORM. No matter how hopeless may be the case—whether from extreme debility and prostration of the system, or from unsuccessful treatment of empirics or self-styled "M.D.'s" whom many have unfortunately been under, or from the false delicacy that many of my patients tell me Kept them from an early application to me, or the so long fixed idea of overcoming the disease by the advancement of age, and a strictly moral mind; for they, one and all, make the case worse, and if it is an early one, it is in danger of being entirely lost, it affects the entire animal economy, and then requires general as well as local treatment which Dr. Hunter is happy to be able to say that thorough investigation, and great improvement in the treatment of private and delicate diseases of both sexes, of however long duration, yield to his mode of treatment. If unfortunate value life and health, they should be sure and call on a physician of age and experience.

No charge for advice. The Doctor's office is constantly thronged with patients from all parts of the country.

Hunt is the only agent in the United States for **Dr. Nichols' Female Monthly Pills,** the only genuine Female Pills in the United States.

NOTICE TO LADIES.—No article of medicine intended for the exclusive use of Females, that has ever made its appearance, has met with such universal success as these celebrated Pills. No disease is so little understood, and consequently badly treated as female diseases. These Pills are the result of much study and careful experience in all varieties of female complaints, and in all cases of irregularities, suppression, leucorrhœa or whites, inflammation of the bladder, kidneys and womb, and loss of nervous energy, their use is above all praise. Among the many thousands that have used them in all parts of the Union, none speak ill of them, for all like them. They contain no mercury, no iron, no steel, no deadly oils. Their use can do no harm, and when used according to directions, they always do good.

N. B. Married ladies who have reason to believe themselves in the family way, should not use them, as by their action on the womb, miscarriage would be the consequence.

Price—$1 per box. Persons sending for Pills will inclose one dollar and two postage stamps.

Several persons knowing the efficacy of these Pills, have advertised as being agents for Dr. Nichols' Pills and selling a worthless pill.

N. B. The genuine Nichols' Female Italian Pills cannot be found at any other place in the United States except at Dr. Hunter's Infirmary, Cleveland Ohio.

Dr. Hunter has in his possession numerous certificates and testimonials which relieved and happy patients have tendered him, and have kindly permitted him to use their names as references.
