FOR MORE THAN TWENTY years MATHEWS' VENETIAN HAIR DYE has stood the test of trial, and is constantly increasing in public favor.

THE VENETIAN HAIR DYE is the best and cheapest made. Its price is only 75 cents, and each bottle contains double the quantity of dye in those usually sold for $1.

THE HAIR DYE is manufactured by a peculiar process, which renders it infinitely superior to any dye in market. Being complete in one bottle, no preparation is required, which greatly simplifies the application.

IN USING THIS DYE you avoid that *rusty, dead* appearance by which dyed hair and whiskers are so readily recognized, when an inferior article has been used, as it produces a perfectly natural color of any shade that is required, from a rich brown to a jetty, lustrous black, that will not stain, crock or stain the clothing. Invest 75 cents, and you will be convinced. Sold by all Druggists and Fancy Goods Dealers.

TELEGRAPHIC.

Saturday Evening's Edition.

From New York.

NEW YORK, September 30.

The Tribune's special says: A telegram received by the President to-day from General Weitzel, now commanding in Texas, states that the notorious Duke Gwyn and ex Governor Clarke, of Missouri, have crossed the Rio Grande, surrendered themselves to our forces, and are now supplicating pardon for their manifold sins.

The Herald's Jackson, Miss, correspondent says the corn and cotton crop of the State are a failure, and that the people of Mississippi will have to draw rations from other States for a year.

The Mississippi river levees are washing away, and the stream threatens to flood the whole country adjacent to it.

The railroads of the State remain unrepaired, and the wholecountry is devastated. The social condition is no better, and the people remain idle and shiftless.

There are three candidates in the field for Governor, each of whom is described as an ex-rebel.

A special to the Times says: It is understood that Major General Slocum has tendered his resignation to General Thomas, and pending its acceptance has received leave of absence to be present during the political canvass in New York.

The President has cleared his desk of all pardon applications, he having granted nearly 1,500 within the past three days. The inspection of those lists show the names to belong almost entirely to the $20,000 class, with very few of political prominence. Among them are ex senator Badger, of North Carolina, ex Congressman McQueen, of South Carolina, and Duncan McRae, formerly Colonel in the rebel army and afterward a cotton agent in Europe.

Captain Hall, Commissary of Subsistence, yesterday sold at Alexandria 1,079 head of Government cattle, nearly six cents per pound live weight. They were mostly steers and were principally bought by Virginia farmers.

The Herald's special says that General Baker has lately come into possession of the letter book of the Adjutant's office at Andersonville, together with files of documents and orders which throw a great deal of new light upon the arrangement of that infamous pen and fixes the paternity of many brutal orders beyond dispute by letter press copies of the originals. These documents, which have been unearthed only after a long and untiring search, have been turned over to the Judge Advocate on the Wirz trial, and will be introduced by him in evidence. The case for the prosecution is being re-opened for that purpose. The complicity of high rebel officials in the prison atrocities bids fair to become known from evidence furnished by themselves.

The military commission now in session at Baltimore for the trial of Capt. Beckwith, charged with fraudulent musters of soldiers, have sent in their verdict in his case, and are now engaged on his accomplice. They are likely to make short work of them all.

The Second New York Heavy Artillery were mustered out to-day, and leave for New York to morrow.

It is estimated that there are fully 8,000 negroes in the city of Alexandria, Va., all of whom are self supporting, and who contribute to the maintenance of a considerable number of schools for the colored people.

Owing to the lack of funds, the work on the capitol extension will be discontinued till Congress makes further appropriations.

The detectives of the United States Treasury Department have succeeded in effecting two important arrests of counterfeiters. They were put on the track by the revelations of a counterfeiter named Rekart, captured seven weeks since, and so perfect were the arrangements that the counterfeiters were arrested at different places in this city and Williamsburg, while engaged in their nefarious work. The first of the two was taken on Monday and the second on the 27th inst. They proved to be two English engravers named Overton, who have been practicing their art in criminal ways for the last nine years. They were both commited for trial.

The United States gunboat Galatia, third class, of eleven guns, has been sold by Rear Admiral C. H. Bill, the commandant of the Brooklyn Navy Yard, to the Haytien Government, for $54,000. She will be equipped and receive her armament at this port. A portion of the crew of the Haytien war steamer Geffrard, now in port, will comprise a portion of the crew of the Galatia on her passage to Port Au Prince.

Major General Howard, Commissioner of the Freedmen, has authorized the establishment of a court for the examination and adjustment of all difficulties arising between the Freedmen and their employers. Assistant Superintendents of the Bureau, with two citizens, one to be elected by the white citizens and the other by the freedmen, are to constitute this court, the jurisdiction of which is limited to such cases as are indicated above.

In furtherance of this plan General Howard has been making the tour of Virginia. On the 28th inst., he had an interesting interview with the officials of Portsmouth and Norfolk.

Charles Jones, alias Chauncey Johnson, well known to the police as a notorious character, was yesterday arrested and committed on charges of having stolen $1,600 from the Adams Express Company, and $25,000 from Belmont's banking house. He has a bad record generally.

Southern News.

JACKSON, Miss., September 29.

Governor Sharkey to day issued a proclamation accepting the proposition of Colonel S. Thomas, Assistant Commissioner of the Freedmen's Bureau of Mississippi, transferring the right of trying all cases in which the right of Freedmen are involved from the Freedmen's Bureau to the civil authority, upon the condition that the Provisional Government of that State will take for their mode of procedure the laws now in force, except as far as those laws make a distinction on account of color, and all negroes shall be protected in person and property. It establishes the principle, entitling the negroes to sue and be sued, and making them competent witnesses according to the laws, which constituted part of the system of slavery, and declaring that negroes shall be protected in their persons and property, entitling them to sue and be sued, and making them competent witnesses according to the laws of evidence. The News, in an editorial, denounces the act as an encroachment on the rights of whites, and says it will be repudiated by the people.

From San Francisco.

SAN FRANCISCO, September 28.

The reduced rates of interest is leading to speculation in merchandize. Nearly all articles of prime necessity are much raised, with an unusual small quantity on the way. There is more activity in the general market than has been for many months.

The Central Pacific Railroad Company has been for several months surveying the ground at the summit of the Sierra Nevada, preparatory to finally locating the route across the mountains. They find they are able to construct a road from the summit westward to Tucker river on a grade not exceeding ninety feet per mile, where they expected one hundred and five feet grade.

An incendiary fire at Portland, Oregon, on the 27th, destroyed property valued at $20,000.

Recent heavy rains have damaged the late harvest in Oregon.

Extract.

BALTIMORE, September 29.

The Index of Petersburg published the subjoined extract from a private letter to one of its editors, from Gen. Lee:

It should be the object of all to avoid controversy, to allay passion, and give free scope to reason and every kindly feeling. By doing this and encouraging our citizens to engage in the duties of life with all their heart and mind, with the determination not to be turned aside by thoughts of the past or fears for the future, our country will not only be restored in material prosperity, but will be advanced into science, virtue and religion.

Wishing you every success, I am, truly yours, R. E. LEE.

From Augusta, Ga.

AUGUSTA, Ga., September 28.

The Convention at Montgomery to-day voted by 61 to 19 to repudiate all debts contracted by the state in aid of the late war. The Convention also refused to submit the amendments of the Constitution to a popular vote. The Convention adjourns Saturday.

Montgomery Convention.

NEW YORK, September 30.

The Times' special from Montgomery, Ala., the 29, says: The Convention passed the ordinance by a vote of 59 to 16, practically abolishing the right of negroes to testify in Courts of Justice, to continue till the Legislature makes a law on the subject.

A CARD TO THE LADIES.

DR. DUPONCO'S

Golden Periodical Pills,

FOR FEMALES.

Infallible in Correcting Irregularities, Removing Obstructions of the Monthly Turns, from whatever Cause, and ALWAYS SUCCESSFUL as a PREVENTATIVE.

It is now over thirty years since the above celebrated Pills were first discovered by Dr. Duponco, of Paris, during which time they have been extensively and successfully used in most of the public institution, as well as in private practice, of both hemispheres, *with unparalleled success in every case*, as it is only at the "urgent request" of the thousands of ladies who have used them, that he is induced to make the Pills public for the alleviation of those suffering from any irregularities whatever, as well as to prevent an increase of family, where health will not permit it. Females peculiarly situated, or those supposing themselves so, are cautioned against using these pills while in that condition, as the proprietor assumes no responsibility after the above admonition, although their mildness would prevent any mischief to health, otherwise the Pills are recommended.

Price, $1.00 per Box. Six Boxes $5.00;

Sold in Cleveland by Messrs. BENTON & DUNHAM and STRONG & ARMSTRONG, who will supply Dealers, and send the Pills confidentially by mail on receipt of $1.00, or address

DESELYE'S LIQUID

Cure Warranted,

IF DIRECTIONS ARE FOLLOWED.

CALL FOR A CIRCULAR DESCRIBING ALL SYMPTOMS.

SYMPTOMS:

The symptoms of Catarrh, as they generally appear, are at first very slight. Persons find they have a cold, that they have frequent attacks, and are more sensitive to the change of temperature. In this condition, the nose may be dry, or a slight discharge, thin and acrid, afterwards becoming thick and adhesive. As the disease becomes chronic the discharges are increased in quantity and changed in quality; they are now thick and heavy and are hawked or coughed off. The secretions are offensive, causing a bad breath; the voice is thick and nasal; the eyes are weak; the sense of the smell is lessened or destroyed; deafness frequently takes place. Another common and important symptom of Catarrh is, that the person is obliged to clear his throat in the morning of a thick and slimy mucus, which has fallen down from the head during the night. When this takes place the person may be sure that his disease is on its way to the lungs, and should lose no time in arresting it.

The above are but few of the many Catarrh symptoms.

A single Bottle will last a Month—to be used three times a Day.

IMPOTENCY CURED,

DR. A. GIBSON,

Formerly of New York City, will pay one hundred dollars for the proof that he ever fails to cure the above-named diseases. He will pay the same sum for the proof that any other Physician in the United States treats the same diseases with equal success.

After many years of laborious study and experience Dr. Gibson is happy in being able to announce to the unfortunate, that he has perfected a system of treatment for

THE SPEEDY AND PERMANENT CURE

of the above, and also all contagious diseases of the Reproductive Organs, with all bad effects arising therefrom, including

DEBILITY OR NERVOUS PROSTRATION.

He has succeeded in curing cases in this city, some of whom had expended hundreds of dollars with self-styled physicians, who profess to treat all private maladies with success, and without receiving the least particle of benefit.

Dr. Gibson does not boast that he is a member of some College in London or Paris, as perhaps some others do for the purpose of ensnaring the innocent, and who hold out great expectations, only to be realized. But what Dr. G. might boast of is this, that he is able to give entire satisfaction to those who repose confidence in his skill, ability and integrity, and that he has perfected an American system of treatment which challenges any Physician of London or Paris, or any patent medicine, to equal for the radical cure of seminal weakness, and all diseases or derangements, both mental and physical, arising from sexual or secret abuse.

Dr. Gibson also claims for his new treatment the following advantages over all other yet discovered:—and, first, the agents used are in no respect disagreeable; he uses no relics of the dark ages, such as Mercury, or any other deleterious drug; secondly, no restriction in diet or business is required; thirdly, the treatment is positive and certain in all cases. He stands prepared to go into any public or private hospital in the United States, and demonstrate the immense superiority of his new treatment over any other now known to the world, in point of promptness, permanency, mildness, safety and convenience to the patient.

Dr. Gibson is permanently located in Cleveland, and has during the past five years performed many cures of diseases which had for years resisted all other modes of treatment. References can be given to individuals of the first respectability in Cleveland, Boston, New York and other cities, in regard to skill and integrity in all professional transactions. Dyspepsia, Rheumatism, Scrofula, all Diseases of the Urinary System, and all Chronic Diseases treated with superior success.

Medicines sent to any part of the country on receipt of ten dollars.

PRIVATE AFFAIRS, IN WHICH All Classes are Interested.

Farmers, Drovers, Merchants, Lumbermen, Mechanics, Miners, Bankers, the rich and the poor, should ask themselves if the slightest SYPHILITIC, or so-called PRIVATE DISEASE, taint is lingering in their SYSTEMS, if so, they should apply in person, if possible; if not possible in person, by letter, and receive by return mail a blank circular of questions, which will enable any one to know positively just how they stand.

To the intelligent reader it is not necessary to publish the names of the many complications and forms assumed by this terrible scourge, yet it may be advisable to mention as most prominent STRICTURE PRIMARY, SYPHILIS SECONDARY, and SYPHILIS TERTIARY, the latter involving the bones in its deathly action.

Every one should know, also, that many of the most obstinate and worst ULCERATED THROATS proceed from this cause, and will, if not properly handled, ultimately result in loss of voice. Look to your true interest, and consult by letter, or apply at

DR. DEHART'S

UNITED STATES HOSPITAL AND Private Medical Dispensary,

120 Jefferson Avenue, Detroit, Mich.

Near the Michigan Exchange Hotel.

Where every form of SYPHILIS and all other diseases of the procreative and urinary organs of both sexes are more successfully managed than at any other similar institution in this country. Every one should know that whilst the slightest constitutional contamination exists, marriage is impossible, for the good reason that where offspring ensues disease is nearly always entailed. This, therefore, is one of the worst impediments to matrimony.

YOUNG MEN,

Suffering mentally and bodily from certain early improper practices, will find this a Dispensary where there is no uncertainty about getting relief, but where every one of such cases are cured permanently. No books published by nor issued from this institution by which the minds of the young are poisoned and they thereby ruined.

LADIES,

Married or single, requiring a Female Regulator, should enclose one dollar and three postage stamps, and by return mail they will receive, with full directions, the only reliable Female Regulator in use. This Regulator is fast becoming the favorite of ladies everywhere, simply because its action is mild and safe and can always be depended upon in removing obstructions from colds and any other cause.

All correspondence strictly confidential. Letters on consultation should contain one dollar and a postage stamp for answer. Office and rooms arranged that patients never see each other.

Consultation and services at the office, free to the poor, every Saturday afternoon, from 3 to 5 P. M. Office and Dispensary open from 8 A. M. to 8 P. M., daily, except Sundays. All necessary surgical operations performed.

Address, DR. DEHART, Post Office Drawer 626, Detroit, Mich.

Enclose two postage stamps and send for circular of questions, and, if properly answered, medicines can be sent to any part of the country. Remember these cases must be cured or the worst consequences follow. mh:R8 w
