The Island of Hayti.

The following interesting information respecting the agricultural products of Hayti has been received at the Department of State, from SETH WEBB Jr., Esq., United States Commercial Agent for Port au Prince:

"All the agricultural products of Hayti are this year larger than for many years. The coffee crop is unusually good, both in quality and quantity, and larger than it ever has been since the time of the French. It will, it is said, exceed fifty million of pounds. The export duty on coffee is 1 3-4 cents a pound; and the Government derives from this source alone, the present year, $874,000—a sum sufficient, if properly spent, to meet all the public expenses. So easy is it to raise revenue in an island as rich as this.

Hayti is admirably adapted to the cultivation of cotton, and could alone supply the whole demand of England. Like every other vegetable product, cotton grows here luxuriantly, and two crops a year can be picked. In quality, both the native cotton and that which comes from Sea Island and other foreign seed are excellent. The staple is long, thick and fine, and I think requires different gins and machinery from our coarser kinds. The want of these has probably been the reason why our American manufacturers have found some difficulty in using Haytien cotton.—In England, however, it is in common use for mixing with coarser kinds; and it brings a good price in all the great cotton markets in Europe.

BURIED ALIVE.—A woman, a few days since, says the Cincinnati Inquirer, suddenly died in that city, and in the absence of her husband in the army, was placed by her friends in a cemetery vault. Soon after the husband returned not only to be surprised but severely shocked by the melancholy news that awaited him. Anxious once more to behold the beloved features of his departed wife before her remains were deposited in the grave, he had the coffin opened in the presence of several friends, when, what was his horror and astonishment to find she had changed position, and was lying flat upon her face, having in her struggles and terrible dream, torn the flesh entirely off from one of her shoulders. The feeling of the husband and friends may be imagined at the exposure of the testimony of such a frightful death. The lid of the coffin was replaced and lowered into the grave there to rest till the resurrection.

PROF. O. J. WOOD'S

Restorative Cordial AND BLOOD RENOVATOR.

Is precisely what its name indicates, for while pleasant to the taste, it is invigorating, exhilarating and strengthening to the vital powers. It also purifies, eradicates and renews the blood in all its original purity, and thus relieves and renews the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all.

So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly *alcohol so as to be not in perfect accordance with the laws of nature, and hence soothe the weakest stomach and tone up the digestive organs, and allay all nervous and other irritations.* It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those thoroughly combining powerful tonic and soothing properties, and consequently can never injure. As a sure preventive and cure of

Consumption, Bronchitis, Indigestion, Dyspepsia, Loss of Appetite, Faintness, Nervous Irritability, Neuralgia, Palpitation of the Heart, Sick Headache, Hypochondria, Night Sweats, Languor, Giddiness, and all that class of cases so painfully felt, called Systemic Weakness and Irregularities.

THERE IS NOTHING ITS EQUAL.

Also, Liver Derangements or Torpidity, & Liver Complaints Diseases of the Kidney, or any general derangement of the Urinary organs.

It will not only cure the debility following Chills and Fever, but prevent all attacks arising from Miasmatic influences, and cure the diseases at once, if already attacked.

TRAVELERS should always have a bottle with them, as it will infallibly prevent any deleterious consequences following upon change of climate and water.

As it prevents costiveness, strengthens the digestive organs, it should be in the house of all persons of sedentary habits.

LADIES not accustomed to much out-door exercise should always use it.

MOTHERS should use it, for it is a perfect relief, taken a month or two before the hard trial, she will pass the dreadful period with perfect ease and safety.

There is no mistake about it.

THE CORDIAL IS ALL WE CLAIM FOR IT!!

Mothers Try It!

And to you we appeal, to detect the illness or decline not only of your daughters before it be too late, but also your sons and husbands, for while the former from false delicacy often go down to a premature grave, rather than let their condition be known in time, the latter are often so mixed up with the excitement of business, that if it were not for you, they too would travel in the same downward path, until it is too late to arrest their fatal fall. But the mother is always vigilant, and to you we confidently appeal: for we are sure your never-failing affection will unerringly point you to PROF. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR as the remedy which should be always on hand in time of need.

O. J. WOOD, Proprietor, 444 Broadway, New York, and 114 Market street, St. Louis, Mo., and sold by all good Druggists. Price One Dollar per Bottle. Sold in Ashtabula by HENDRY & COPELAND.

FOR STATESMEN, JUDGES, CLERGYMEN,

Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 30th, 1858.

GENTLEMEN: Your note of the 15th inst, has been recently rec'd, saying that you had heard that I had been benefitted by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years ago it began to turn gray and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Both of these disagreeabilities bothered with them, and about 6 months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair. For I had really no expectation that gray hair could ever be restored to its original color, except from dyes. I was, how ever, greatly surprised to find after the use of two bottles of it, that not only was the falling off arrested, but the color was restored to the gray hair and sensibility to the scalp, and decided growth to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, strongly recommend all husbands who value the health and beauty of their wives to profit by my example, and use it if gray or getting bald. Very respectfully,

BEN. A. LAVENDER.

To O. J. Wood & Co., 444 Broadway, New York.

My family are almost from the city, and I am no longer a No. 11 Carroll Place.

Hamilton, Ala., July 20th, 1859.

To Prof. O. J. Wood: Dear Sir: Your "Hair Restorative" has done my half so much good since I commenced its use of it, that I wish to make known to the public its effects on the hair, which are great. A man or woman may be nearly deprived of hair, and by a moderate use of your Hair Restorative, the hair will return more beautiful than ever; at least this is my experience. Believe it all.

Yours truly, WM. H. KENEDY

P. S.—You can publish the above if you like. My publishing in our Southern papers you will get more patronage south of Mason and Dixon's line. Send certificates in the *Mobile Mercury*, strong Southern paper. W. H. Ken. ely.

Wood's Hair Restorative.

PROF. O. J. WOOD—Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever in New Orleans in 1853. I was induced to make a trial of your preparation, and found it to answer all the very timing needed. My hair is now thick and glossy, and words can express my obligations to you in giving to the afflicted such a treasure. FINLEY JOHNSON

THE ONLY PREPARATION having proved to strong and direct as to

EXPEL THE DOUBTS OF ALL.

For Statesmen, Judges, Editors, Physicians of the oldest schools as well as new, give it their unqualified sanction, are recommended it for all cases of eruptions, and diseases of the scalp and brain; but all who have used it, unite in testifying that it will preserve the hair from being gray, and from falling to any age, as well as restore. See the following:

GRANDVIEW, S. C., June 25th, 1860.

PROF. O. J. WOOD: Dear Sir:—Your Hair Restorative is rapidly gaining popularity in this community. I have no occasion to lay prejudice aside, and give your Hair Restorative a perfect test:—

Having the year 1856, I was so unfortunate as to be thrown from my saddle against a rock near the roadside, from which my head received a most terrible blow; causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself, and, I thought, understanding the nature of the disease, but was finally defeated in every prescription advanced.

These and other circumstances induced me to resort to your worthy Hair Restorative, which I have every reason to believe, produced a very happy result; two months after the first application, I had as beautiful a head of young hair as I ever saw, for which I certainly owe you my most sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; moreover, I shall use my influence which I flatter myself to say, is not a little.

You can publish this if you think proper.

Yours, very respectfully, M. J. WRIGHT, M. D.

Office of the Jeffersonian, Phillipsburg, Va., Dec. 12, '58.

Dear Sir:—I feel it my duty as well as my pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place—a lawyer—has been bald ever since his early youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your Hair Restorative, which he liked very much; and after using some two or three bottles his hair grew out luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement: I give it to you at the request of Mr. Bradford. You can sell a great deal of your Hair Restorative in this and adjoining counties, if you have the proper agents.

Yours, &c., THOMPSON SURGHNOR.

DR. WOOD: Dear Sir:—Permit me to express the obligations I am under for the entire restoration of my hair to its original color: about the time of my arrival in the U. States it was rapidly becoming gray, but upon the application of your Hair Restorative it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable. S. THALBERG.

The Restorative is put up in bottles of three sizes, viz large, medium and small: the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least 2 per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent more in proportion, and retails for $3

CHILDREN TEETHING

MRS. WINSLOW, an experienced nurse and Female Physician, presents to the attention of Mothers, her

Soothing Syrup, for Children Teething.

Which greatly facilitates the process of teething, by softening the gums, reducing all inflammations—will allay ALL PAIN and spasmodic action, and is sure

To Regulate the Bowels.

Depend upon it, mothers, it will give rest to yourselves, and *Relief and Health to your Infants.*

We have put up and sold this article for over ten years, and can say in confidence and truth of it, what we have never been able to say of any other medicine—she has it failed in a single instance to effect a cure when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter, "what we do know," after ten years experience, and pledge our reputation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skillful nurses in New England, and has been used with never-failing success in

Thousands of Cases.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

Griping in the Bowels, and Wind Colic,

and overcome convulsions, which if not speedily remedied, end in death. We believe it the best and surest remedy in the world, in all cases of Dysentery and Diarrhœa in Children, whether it arises from Teething, or any other cause. We would say to every Mother who has a child suffering from any of the foregoing complaints, do not let your prejudices, nor the prejudices of others, stand between you and your suffering child and the relief that will be sure—yes absolutely sure—to follow the use of this Medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac simile of CURTIS & PERKINS, New York, is on the outside wrapper.

HABERDASHERY VERSIFIED.

In the "noise and confusion" that so constantly rages,
And is chronicled forth in the Telegraph's pages,
About Dry Goods, and Dress Goods, and Ginghams and Laces,
Shawls, Bonnets, and Cloaks that rival the graces.
May I claim your attention, to a brief rehearsal,
Of a list of Choice Goods in a stock universal;
And though less pretending, are in merit more sound,
And are quietly waiting your notice down town.
There Cloths of all grades and textures you'll find,
Of pure Wool from your flocks and of Alabama combined,
And Vestings, the finest Marseilles, Silk and black satin,
Yarn made of Cotton, Thread, Wadding and Batting,
Wicks, Flannels, a bleached goods, Stripes, Sheeting a twine,
And Muslins and Lawns, bonnet, dress and swiss fine,
Cambrics and Summer Stuffs, checked, striped & white shirts,
Gloves, Dress Goods, Shawls and ribbons and Skeleton Skirts,
Spice, pepper, and cassia, saleratus, (gold medal) kaolin soap,
Brooms, baskets, and bed cords, clothes lines, buck gloves, and cedil rope,
Super teas, sugars and c fee, both Java and Rio,
Pure, as new can be found in the State of Ohio.
Paper hangings, tea kettles, fancy prints and hand boxes,
Clothe pins, woolen yarn, and bows for the necks of your oxes.
Stone churns, jars, jars, and crocks, assorted glass and nails,
Mop handles, wood and iron, sash, pitch-forks, and water pails.
Shoes for children, boys and ladies, also gents and ladies boots,
And hose for gents to work with, wooden pumps, and superior Buffalos,
Scythes, snaths, rakes, and wash-boards, half bushels, and sole leather,
Chalk, rosin, whiting, coal oil, and umbrellas for bad weather
The largest lot of Hats and Caps, of every grade and style,
If all outside were heaped at once "twouldn't be so big a pile.
Shoemakers, too, a word with you, I have for you good news,
Here's nearly all the implements for making boots and shoes,
Lasts, pegs, pinchers, hammers, knives, thread, peg and sewing awls,
Tacks, Nails, awl-handles, bristles, lining, binding, heel balls,
French calf, French chalk, kip, floats, size sticks and morocco,
Webbings and lastings of various shades, shoe needles, and Tobacco.
But hold! my muse, nor further tax the printer's gentle mood,
He'll never find space for a tithe of the list of this full stock of Goods;
Say then, that the stock is full and complete,
That we are anxiously awaiting, our patrons to greet,
Invite them all, from South, from North, from East, and from West,
From city, from country, Lincolnites, Douglasites, and all the rest,
From every point of the compass, come all,
Leave all your spare dimes with your friend,
Stephen Hall.
