PROVOKING.—After two weeks' delay we succeeded in receiving from the manufacturers at Cincinnati, a casting to supply the place of the broken one in our press; but when it came to hand it proved two sizes too small, and we were compelled to send it back again, and must get along as best we can till one of the proper dimensions arrives.

COL. JAS. W. CRAWFORD, of this place, has secured the appointment of Engrossing Clerk in the Senate. We regard this as evidence that the Democracy are progressing and improving, for it is very seldom that the party grants favors to veterans in the ranks, if a sufficient number of new converts (and the newer the better) can be found on whom to bestow them.

Referring to the troubles between the Hamilton & Dayton and the Mad River & Lake Erie Railroads, by which the through route between Cincinnati and Cleveland via the S. M. & P. road is broken up, the Cincinnati Commercial of Monday well remarks: "The Delaware route to Cleveland may not be re-opened to-morrow—it may not in the next month—but it is *the* route."

We acknowledge our obligations to Dr. J. H. VAN DEMAN, for a package of Legislative documents, including the Report of the Board of Public Works, Report of the Trustees and Superintendent of the Asylum for the Education of Idiotic and Imbecile Youth, Report of the Secretary of State, Report of the Trustees and Officers of the Southern Lunatic Asylum, Report of the Auditor of State, Report of the Quarter-Master General, and the Inaugural Address of Governor Chase.

ATLANTIC MONTHLY.—The February number is received, and an idea of its character may be formed from the following table of contents: The Great Failure; The Busts of Goethe and Schiller; The Librarian's Story; Daylight and Moonlight; Something about Pictures; Cretins and Idiots; Amours de Voyage; My Aquarium; The Queen of the Red Chessmen; Daybreak; Tea; The Old Burrying-Ground; The Autocrat of the Breakfast-Table; Beranger; A Tiffin of Paragraphs; The Relief of Lucknow; New England Ministers; A Brief Review of the Kansas Usurpation; Sonnet; Art; Literary Notices.

BRISTOL'S SARSAPARILLA.—Extraordinary cures of rheumatism, contracted joints, lumbago and all glandular and muscular diseases have been achieved by this preparation, while as a remedy for scrofula and all ulcerous or lymphatic complaints it may challenge a Materia Medica to produce a rival. As prepared by the present proprietors, LANMAN & CO., Wholesale Druggists, New York, it is said to be of greater strength and efficacy than a bottle of the same would seem to be incredible. The *fac simile* signature of that firm on the label is now the mark of authenticity. KEMP'S WORM PASTILLES, another invaluable remedy prepared by the same house, are rapidly taking the place of the numerous vermifuges. Children are fond of them and they accomplish a rapid cure without the intervention of mercury.

HOLLOWAY'S PILLS.—In all cases of weak stomach, while are unusually attended with want of appetite, nausea, griping, disturbed sleep, and a general prostration of the bodily powers, these pills will be found a swift and certain remedy. Among the most common indications of a diseased stomach, are a sense of fullness after eating, a dry yellow tongue, flatulence in the abdomen, a repulsive taste in the mouth, heaviness in all the limbs, giddiness, pain in the eyes, want of energy, aversion to mental exercise, and irregularity of the bowels. These symptoms disappear very soon after a few doses of the pills have been administered; the stomach, liver and bowels, resume the regular and vigorous performance of their functions, the patient's strength returns, and in a short time the cure is complete.

DR. ROBACK'S CONSTITUENT.—We learn that the distinguished and popular inventor of the famous Scandinavian Remedies, the BLOOD PILLS and BLOOD PURIFIER, advertised in our limited columns, receives nearly as many letters, by every mail, as the Post Office Department. The average is more than 200 per day! His patents, scattered over the Broad West, the Southern States and New England, are sold to reach the remotest nook almost in every village of 100,000! By his patients we mean those who use his preparations as their only MEDICINES. We presume that such a collection is without a parallel in Medical History. jan23—1m

Does any of our high livers ever cut too much dinner? If any of our readers have cause to attempt the appetite a little too far, I will tell them a secret that will lead them to the enjoyment of their dinners without a visit from that gouty old gentleman—Dispepsia. Take a dose of Dr. Sanford's Invigorator after eating, and you will never be troubled with indigestion; but on the contrary, before the next meal time approaches the appetite will be sharp enough to appreciate any kind of food. If the food rises or sours, Invigorator will fix the matter right at once, for there is something in it that, to use the expression of a friend, will let a man eat great suppers, and take them up next morning and digest them. We have tried it in double doses, on one or two occasions, for sick headache, and it acts like a charm.

What we want to say to our readers, young and old, is, if anything ails you, go without delay and get a bottle of Dr. Sanford's Invigorator, and if it don't cure you come and tell us, for we want to see one person that it will not benefit. 1 mo.

BLOOD PURIFIER & BLOOD PILLS.

DISEASE VANQUISHED

—BY—

Dr. Roback's Scandinavian Remedies.

BLOOD PURIFIER & BLOOD PILLS

AFTER years of study and experiment, Dr. Roback, the discoverer of the Blood Pills, succeeded in producing a medicine from twenty three different species of mountain herbs of the North, which acts directly upon the cause of disease in the blood, and by restoring the corpuscles to healthy action, the secretions of health and purity. Purifies the system throughout, wherever it may be located, or which organ it be in most seriously affected. Infallible in the cure of Dyspepsia and all other sickness, resulting from the early use of mercury, tonic, liver and urinary complaints, rheumatism, gravel, dropsy, fever and ague, scurvy, eruptions of the skin, some manner of paralysis, rheumatism, and all those diseases which are the result of the use of mercury, or the effects of the organs of respiration, the liver, the skin, or the urinary organs. Dr. Roback's Blood Pills are unrivalled in curing by this preparation, it is to the mercurial or mineral diseases what Sandal Wood is to gonorrhea, and is sold at a price within the reach of all. Dr. Roback's medicine is prepared in a secret form, so that persons can use it in their own families, without the knowledge of any other person, and at a cost of less than one cent a dose. Dr. Roback's Blood Pills are a safe, sure, and speedy cure for all those diseases which are the result of the use of mercury, or the effects of the organs of respiration, the liver, the skin, or the urinary organs
