TERMS OF SUBSCRIPTION:

Cash in advance or within three months, $1,50 *during the year*, $2,00; *after the expiration of the year*, $2,50.

CASH PAYMENT.—We notice that several of our brethern in other counties, having become tired of furnishing papers to a large proportion of their subscribers on indefinite credit, the result of which is uncasing annoyance and serious loss—have resolved to inaugurate the *exclusive cash in advance system*, which now prevails universally in most of the Eastern States. Mr. SAXTON of the Urbana Citizen, announces that after the 2d of April no paper will be sent from his office that is not paid for in advance, and no other account be permitted to run more than one year. Mr. SHARP, of the Mt. Gilead Messenger, has also made a similar announcement—and to prove that he is in earnest, last week struck off from his books the names of *over two hundred* delinquents, who can only be replaced on the list "by settling all arrearages and making advance payments for another year."

Necessity will sooner or later compel the universal adoption of this rule. *We* do not propose adopting it at present—but we *are* resolved to make ours, what it is fast becoming, a *prompt paying list;* by which we mean either payment in advance or within the year. A large proportion of our subscribers are now of this class—a limited number, through mere carelessness, are less prompt—while a few, whose names were left on our books when others were dropped, in hopes that they would be just to both us and themselves, and improve, still continue to receive and read our paper year after without making any return whatever, while most of them are regularly in the habit of paying cash in advance for papers taken from abroad. We hope no further hints or duns will be necessary to induce all such to square up the old score, and try the experiment of advance or at least yearly payment. To afford them an opportunity to do so, we shall continue to forward them the paper, as heretofore—but if, after the lapse of a reasonable length of time, no improvement takes place, we shall be compelled, though reluctantly, to conclude that their malady has become chronic and incurable, and act accordingly.

THE HORTICULTURIST.—The March number of this standard rural publication is embellished with a beautiful plate embracing a group of seven choice Summer Pears, together with ten additional illustrations—while the table of contents, in addition to the usual editorial miscellany and monthly calendar of operations in the garden and vineyard, consists of twenty-one articles from the pens of practical horticulturist on various subjects of interest to those devoted to such pursuits. Terms $2 per year—R. PEARSALL SMITH, publisher, Philadelphia.

Among the victims of the late Pacific Hotel calumity, in St. Louis, was EVANS J. WATKINS, of Radnor, in this county—whose remains were brought home for interment.—He was an inmate of the hotel the night of the conflagration, and his body was found among the ruins the next day.

Mr. J. C. BOYNTON a few days since sold his farm, a short distance south of town, to Mr. CHARLES GROSS, for $40, per acre.—There are indications of considerable activity in real estate sales this spring, though at prices considerably below those realized during the speculating mania that prevailed a few years since.

EDITORIAL CHANGES.—WM. P. DUMBLE, for the last eight years editor of the Mt. Gilead Sentinel, the Republican organ in our neighboring county of Morrow, has sold out to Mr. J. W. GRIFFITH, recently of Urbana. Mr. D. retires with the best wishes of his brethern of the press.

Our friend J. R. KNAPP has again assumed control of his old paper, the "Marion Democratic Mirror," which of late years has been in other and generally much less efficient hands.

LUNAR OIL.—Mr. PLOTNER is, as will be seen by his advertisement, prepared to supply this new illuminator and the various styles of lamp suitable for burning it. Our first experience with the article led us to regard it rather unfavorably—but having learned how to properly manage the lamp, it now performs admirably; and from what we hear in its favor from other competent judges, we are inclined to think a thorough test will establish its reputation as an economical and very desirable light.

GEORGE D. PRENTICE, the distinguished Editor of the Louisville Journal, will lecture at Templar Hall to-morrow evening.

We are again under obligations to Mr. WALDO, Agent of the U. S. Express Company, for late St. Louis papers.

REFINED ENJOYMENT OF THE SENSES—*The Poetry of the Toilet.*—The sense which takes cognizance of the volatile and invisible essences which we call odors, although not so absolutely necessary for utilitarian purposes, as the senses of sight, hearing, taste and touch, is nevertheless a valuable endowment, and productive of a large amount of refined enjoyment. It not only warns us of the presence of deleterious properties in the atmosphere, but enables us to distinguish and appreciate rare and exquisite elements of delight in that subtile medium, which would otherwise be lost to us. To the deaf the birds have no song, and vegetation without fragrance would lack a charm as necessary to its perfection as are the vocal powers to the faultless choristers of the woods. The brightest plumes do not atone for the absence of song in the Bird of Paradise, nor would a combination of all the tints of the rainbow compensate us for the loss of fragrance in the rose. A blind poet has beautifully described the perfume of flowers as "floral music," and the sense of smell being less liable to derangement or obliteration than that of hearing, this "floral music" is a poetic luxury which almost all of us enjoy.—From the earliest ages perfumes have been held in high esteem. The Egyptians embalmed their dead with fragrant spices, the Israelites mingled them with their sacrifices, the Romans used them in their lavatories and at their banquets, and in our own day frankincense is used as an emblem of praise and thanksgiving in all Roman Catholic temples. The gentler sex, from the delicacy of their organization and poetic temperament, derive a more exquisite pleasure than men from agreeable odors. It would seem, too, as if Eve had carried with her from paradise the memory of its fragrant atmosphere and transmitted to her daughters a taste for floral perfumes to all her daughters. Art, especially of late years, has done much to minister to this taste. Nature, in her more favored regions, covers her fields with aromatic vegetation, and hangs living censers on the forest boughs. But decay steals their sweetness, and we are indebted to art for their perpetuation. The mailed warriors of Old Spain were entranced by the luxurious aroma exhaled from the blooming wilderness of Florida, but could only bear away with them the recollections of its sweetness—they had no means of preserving it. It required the aid of modern chemistry to fix and concentrate the impalpable essence and render it eternal.—This it would seem has been accomplished in the celebrated FLORIDA WATER, introduced in South America by Murray & Lanman, of New York, some twenty years ago, and which is now becoming a standard luxury of the toilet in the United States. The Farina Cologne was the first grand triumph of chemistry in this department, and Murray & Lanman's Florida Water is the second, and perhaps the greatest. It is certainly a delightful acquisition to the poetry of the toilet.—*Havana Diario de la Marina.*

MARRIED—On the 4th inst., by S. Main Esq., Mr. JOHN SNOWDEN to Miss MARY E. BOWERS, all of Troy.

HOLLOWAY'S PILLS.—General debility, low spirits, and nervous irritation, are the inevitable consequences of indigestion. Renovate the stomach, clear the bowels, and regulate the secretions with these wonder-working Pills, and the strength returns, the depression ceases, the nerves become calm. This is not theory, but practical truth founded on long years of experience, volumes of testimony, and the concurrent admission of all medical men who have ever witnessed the effects of the remedy. In this country, dyspepsia has heretofore been so common a complaint, that it might almost be termed a "national institution." If, however, dyspeptics, generally, are wise enough to resort to this remedy, the disease will soon become a rarity.

KEMP'S WORM PASTILES recommend themselves to children by their tempting appearance and nice flavor, and to mothers by the unerring certainty with which they remove all kinds of intestinal worms. They should be kept as a standard remedy in every household where there are children, being decidedly preferable to the mercurialized vermifuges which are not only of doubtful efficacy but exceedingly nauseous. While on the subject of medicines it may be proper to state that Dawson's SARSAPARILLA, so justly esteemed for its long series of cures of scrofula, consumption, liver disease and cutaneous eruptions, is now manufactured by a new process and in a more concentrated form, and is adding daily to its popularity by new triumphs. The genuine article has a fac simile of D. T. Lanman & Co's signature on the envelope.

OUR NATIONAL DISORDER.—*Dr. Roback's Cures.*—The American stomach is a turning organ. It is generally out of order. The reason is obvious. The driving man of business has not time, or will not take time to properly masticate his food. He bolts it, and as bad habits are catching, all classes follow his example. Hence Dyspepsia, with all its complications—hence Indigestion, Liver complaint, and disorders of the Bowels, in all their various phases. Against these and a hundred other complaints, Dr. Roback is waging an extermminating warfare. His weapons are the celebrated Blood Pills and Blood Purifier, and they are irresistible. The success of these Medicines has been astonishing, even in an age of scientific miracles. They do not *alleviate*, they *extinguish* a disorder. The agony, the fever, the debility, the despondency, which characterize affections of the digestive and secretive organs, vanish under the influence of these preparations. The constitution itself seems to acquire new energy under their operation. We say to the sick, everywhere, read Dr. Roback's advertisements, and give the Blood Pills and Blood Purifier a fair trial. mar 5—1m

A RECIPE THAT RARELY EVER FAILS TO CURE A COLD.—Now, while winter, with its further of Colds and Coughs, is with us, we think a remedy that will relieve such visitations should be highly prized, and all who know the worth of the remedy will do as we do—use it freely. Take a double dose of Dr. Sanford's Invigorator, and it will give greater relief than any other medicine we ever tried, for we have rarely to repeat the dose to be entirely free from Cough, and as soon as the cough has time to throw off the collected matter, the cure is complete. As a family medicine, for the cure of Bowel Diseases, Worms, Derangement of the Stomach and Liver, we can recommend it knowingly. feb 12—1m

FITS! FIT!! FITS!!
HANCE'S VEGETABLE EXTRACT
EPILEPTIC PILLS,
For the Cure of Fits, Spasms, Cramps, and all Nervous and Constitutional Diseases.

PERSONS who are labouring under this distressing malady, should give HANCE'S VEGETABLE EPILEPTIC PILLS to be the only remedy ever discovered for curing Epilepsy or Falling Fits.

These pills possess a specific action on the nervous system; and, although they are prepared especially for the purpose of curing Fits, they will be found of special benefit for all persons afflicted with weak nerves, or whose nervous system has been prostrated or shattered from any cause whatever. In a chronic complaint, or disease of long standing, experienced by nervousness, they are exceedingly beneficial.

Price $1 per box, or two boxes for $5. Persons out of the city, enclosing a remittance, will have the pills sent them through the mail, free of postage. For sale by SMITH S. HANCE, No. 106 N. EIGHTH STREET, Baltimore, Md., to whom orders from all parts of the Union must be addressed, post paid. June 27—1y

vs.
William B. Carpenter et al.

SAID Carpenter will take notice that, on the 24th day of February, 1858, a bill was filed in the office of the Clerk of said Court, their Petition, setting forth that on the 9 day of September, 1856, said Carpenter executed to plaintiffs a promissory note, payable one year after date, for six hundred dollars, with ten per cent interest, payable semi-annually. That there is now due plaintiffs thereon, the sum of six hundred dollars, with ten per cent interest from the 9th day of March 1856, payable semi-annually; that to secure the payment of said note, on said 9th day of September, 1856, said Carpenter executed to plaintiffs a mortgage on the north west quarter of Lot No. 34, and the south east quarter of Lot No. 34, in the town of Delaware, Delaware county, Ohio, bounded north by Winter street, east by S. Lazarus, south by Julian, and west by Lot No. 33. That since the execution of said note and mortgage, said Carpenter has conveyed said premises to Meriah Walling. That said Meriah M. J. Walling has mortgaged a part thereof to A. M. G. Elliott—a part to Thos. Boyd—a part to Samuel Burr—and has conveyed a part to George W. Hall, who has conveyed a part to the same to Virgil P. Lamont. And praying judgment against said Carpenter for six hundred dollars with interest from the 9th day of March 1856, payable semi-annually, and an order for the sale of said mortgaged premises, and other relief.

Said Carpenter is required to answer said Petition by the eighth day of May, 1858.

JENKINS & CO.,
Wholesale Dealers
IN TEAS ONLY.
PHILADELPHIA.

THE new Crop of Teas is now arriving, and selling much below the high rates of the past year; the present therefore opens with the pleasing prospect to our agents of being able to furnish as good an article for less money. We also take pleasure in announcing that we have succeeded in the last shipment of Teas, which we have sold on two and three months, in three and four months credit.

Thousands of Grocers and general store keepers now sell Teas in our Metallic Packages, at the number in a chest, to an enlargement enormous, the areas or size, which the Teas have sold from one to eight years, and have given universal satisfaction.

After experimenting three freely, swelling would indicate. The plan would then gradually subside, and again, producing the same filling, and the Tea was a good or indifferent article, as before. This continued for about four months, and, in all cases, after I commenced your treatment. I was reminded to look, and high or low, in my market, and have never found a large chest bandaging was resorted to in order to reduce it. My conclusion was, that the Tea was good, but the manufacturer altogether of rest to sleep. Improvement was gradual, but confident and sure. Now, mind, I get a uniformity of my sweets, cough, and expectoration, from the outsiders on the side, and am again as healthy as I could for me when in health. And for the weather of this winter has produced no return of my past symptoms, and health and strength remain as clear as I good. I had no expectation of ever again being in a well state. I now purchase the last of what I thought know what means were employed during my recovery. Having resumed my forty years in Logan County, I am well known to its citizens, to whom reference may be had. Yours truly,

NOTICE.

BENJAMIN POWERS, Plaintiff,
against
Otho Hinton, Daniel Collins, Jesse Williams, Delaware Bank of Ohio, and Jeremiah Lynch, Defendants.

Civil Action pending in the Court of Common Pleas of Delaware county, Ohio. Petition.

THE said Otho Hinton, whose residence is unknown to plaintiff, will take notice that said Benjamin Powers did on the 13th day of February, A. D. 1858, file his petition in said county of Common Pleas, setting forth that, on the 10th day of December, 1845, Plaintiff and said Otho Hinton made their promissory note of that date, in writing, for the sum of one thousand dollars payable in one year from date, to Joshua Baldwin or order, with an error in the quarter of a dollar, which said plaintiff was sure on said note for said sum, and that said note was duly endorsed to said defendants in payment of said note, and that he paid to plaintiff, by way of interest, the sum of $1,25 per year, for the use of said money, and that he paid three thousand dollars, that plaintiff received said note as such payment, and thereby assumed and undertook to pay said note, and thereby discharged said note; that plaintiff did afterwards pay said note in lieu of said Otho Hinton, and that said Otho Hinton has not executed a mortgage to said plaintiff, to secure him as security on said note, and that said Otho Hinton owes plaintiff one half of Indian No. 40, in the town of Delaware, county of Delaware and State of Ohio, said mortgage was cancelled, and that said Otho Hinton owes said plaintiff, the sum of $1000, of principal and interest to become due upon said note and saved harmless and indemnified, that said note has not paid and note or any part thereof, except the said five thousand dollars, and that said Otho Hinton owes said plaintiff, the sum of said mortgage is forfeited and the said become absolute; that proceeds to the giving of said mortgage and the execution of said note, amounting to the sum of $1000, and mortgage dated November 19, 1845, that same be sold and the said plaintiff, the mortgage be said Hoges Williams, Daniel Collins and Jeremiah Lynch claim and Patterson and Patterson, claiming under said Otho Hinton the said Hinton; that there is due to said plaintiff upon said mortgage and note five thousand dollars with interest from March 1st, 1841, and that said Hinton is not a resident of the State of Ohio, and praying that he may have judgment against said Hinton for said sum of five hundred dollars, and that said mortgaged premises be sold and given to said plaintiff, and that said Hinton is required to appear and answer said petition on or before the day and hour of said sale, or the allegations of said petition will be taken as confessed.

TO THE SICK

March Appointments.

DR. H. TUBBS, WILL BE IN ATTENDANCE as follows:

DELAWARE, American House, Wednesday, 24 March.

MARYSVILLE, Union House, Tuesday, 23 March.

MARION, U. S. Hotel, Friday, 26 March.

☞ *New testimonials given below monthly.*

For consultation upon all diseases of the Throat, Lungs, Heart, Liver, Stomach, Bowels, Kidneys, and Spleen; also Dropsy, Gravel, Rheumatism, Nervousness, Debility, Dyspepsia, Female Diseases, Ague and Fever, Pile, Impurities of the Blood, Eruptions, Cancers, Ulcers, and all other varieties of long standing complaints, both external and internal.

For some ten years Dr. T. has devoted his entire time to chronic diseases, treating thousands annually, many of whom had exhausted every other resource within their reach. In no case are minerals or other poisons employed, nor does he make sick to make well, nor cast down to build up. The medicines can be taken with safety by the most delicate, and patients may remain at home, and continue with profit to their ordinary diet and employment. Many have renounced all other treatment after 6 weeks and physicians had given up all hope; the indisputable evidence of which can be furnished. Invalids, however reduced and despairing, are invited to call, and may be cured. Those who have long suffered will be given, or expense incurred, without a correspondence. We commend the following unparalleled cure of ulceration of the Throat, lung, bronchial tubes, lies be plenty, to the sceptical. Perhaps no case of Consumption in the last twelve seasons has produced an occasional cold, but recently discovered in the lungs. The Lungs are far weak, and then says Mr. Moore is well known, or should be, in County, is a science, it is a fact, and it is plain to see.

UNION TOWNSHIP, Logan Co., Ohio, Feb. 1858.

DR. TUBBS—Dear Sir: When I saw you last, my lungs were in a very feeble condition. I had had a violent cough for five or six months, and had spitted blood. Your treatment, consisting of your medicines, pills, cupping, and the use of your medicated vapor, soon relieved me, and I was able to do my work. The expectoration of matter, which I had been accustomed to, was great as to cause an enlargement extraordinary, the areas or size, which the Teas have sold from one to eight years, and have given universal satisfaction.

After experimenting three freely, swelling would indicate. The plan would then gradually subside, and again, producing the same filling, and the Tea was a good or indifferent article, as before. This continued for about four months, and,
