CHAIRS AND CABINET WARE!

THE undersigned respectfully announce to the citizens of Delaware and surrounding country, that they have established themselves under the Firm of

J. J. REICHARTS & CO.

for the purpose of manufacturing

Chairs and Cabinet Ware.

they will be found at J. J. Reichart's old stand, on William street, opposite the D. A. WARE STEAM FURNITURE ROOM, where they will be pleased to receive a share of the patronage heretofore so liberally bestowed on the Firm of

J. J. REICHARTS & CO.

The subscriber having purchased and refitted the building adjoining his Sandusky street, near Delaware Run, known as the "OLENTANGY IRON WORKS," will be happy to see and wait upon his old customers and all persons wishing articles in his line. He has on hand a larger and finer assortment of

CARRIAGES AND BUGGIES

than ever before offered for sale in Delaware.

The undersigned would inform his friends and customers, to whom he is so much indebted for their liberal patronage, that he is sparing no pains or expense, in order that he may furnish work in his line, of a style and quality equal to any made in the Western country, (or Eastern either). He has made arrangements by which he receives the drafts of all new styles of Carriages and Buggies, as fast as they are introduced in Philadelphia and Cincinnati, and keeps experienced workmen at all the different branches of his business. He can with confidence say that he has not a job on hand, neither will he have, which is not of

THE LATEST STYLE.

Finally he would say he turns his back to *a man any where*. Having the disposition, means and ability, he will please you if you but give him a call.

All work manufactured at this establishment warranted.

FURNITURE.

A. A. WELCH would call attention to the large and select stock of superior

Cabinet Furniture, Chairs, Bedsteds, Mattresses, &c. &c.

to be found at his Ware Rooms on the west side of Sandusky street, one door North of Chamberlain & Avery's Hardware Store. His stock comprises a general assortment of City Made Furniture as well as articles of his own manufacture—all which will be sold for prompt pay at the lowest possible rates.

He has also received a supply of the celebrated Dodge Chairs, *Patent Spring Bedsted*, an article that will repay a careful examination, as they are the very best spring-bottom bedsteds manufactured. Please call and see.

UNDERTAKING.

He is prepared to respond promptly to all calls in this line—will manufacture to order Coffins of any desired style—and constantly keeps on hand a supply of the justly celebrated

Patent Metallic Burial Cases,

The superiority of this description of casement for the remains of deceased friends is universally acknowledged where they have been used—being air-tight, they are especially well designed for keeping a corpse in warm weather or for an unusual length of time, as well as in preserving it from the encroachments of water or interment. "Dust it is, the body so deposited is nothing but dust, and it is a wise and holy law of nature, that to dust it shall return; but still how much more consolatory to the surviving friends is the reflection, that this body shall be prevented to pass again into, and form a part of its native element by the aid of time and natural causes alone, instead of being immersed in water and exposed to the depredations of insects by which the remains are consumed before their ordinary and natural decay; or how satisfactory it would be to feel assured, that it remained in the earth where it had been placed, without disturbance from the knife of the dissector, or any other human agency!"

A HEARSE, accompanied by a careful driver, will at all times be procurable for funeral occasions.

DENTISTRY.

THE subscriber, a Resident Dentist, has recently introduced into his practice several New Styles of ARTIFICIAL TEETH, and is now prepared to make for those who may desire it, a superior article of

Porcelain Teeth,

according to the Sutherland Patent. This work he will warrant to be superior to any other Patent Work, and its advantages will be apparent on an examination of the work. He is also making the work of recent introduction denominated

Cheoplasty,

and in making this style of work, he can give better satisfaction in adaptation to the mouth than by any other style of work. The adaptation is perfect.

He has been making for he last three years, and is now prepared to make a superior quality of

Continuous Gum Work,

as presented by Dr. John Allen, of New York. And in this work he will put up the teeth to suit the natural teeth and contour. He has had this work in use in quite a number of cases for the last three years, and finds it still giving the very best of satisfaction.

He also is prepared to furnish the SUBSTANTIAL SUBSTITUTE, which are sold by some cheap.

He is prepared to make ALL OTHER KINDS OF WORK, such as is usually done in all styles of Dentistry.

TERMS CASH, or to those who are known to the public or who may satisfy proper vouchers. Children from 5 to 10 years of age, half price. Teeth extracted painlessly and in most cases teeth regulated. If will have to be kept longer than usual, I will do so and will be prepared to do all kinds of work in a workmanlike manner. All work warranted to give perfect satisfaction—and if he fails, all he asks is a fair and reasonable trial to satisfy a right, and if he turn fails he will refund all money received. He will have on hand in a few days a GOLD WIRE SET, all the above styles.

All those who may require the services of a Dentist will find it greatly to their interest to call and examine his assortment and his mode of operating.

Delaware Carriage Manufactory.

Messrs. MOREHOUSE & EVANS,

RESPECTFULLY announce to the public, that they have purchased the Carriage Manufactory of Mr. McElroy, for a term of years, and have been engaged during the winter in manufacturing

Carriages & Buggies of every variety and style of finish,

so that any farmer can be suited. The completeness of their facilities for making the best quality of work, cannot be surpassed by any house in long experience in the business; and as they have and will keep none but the very best of workmen at the several branches. And we are determined by close attention to business to assain and extend the high reputation this shop has so long held—hoping that the patronage of the public will be bestowed on the highest bidder.

All those that intend to purchase the ensuing year, will find it greatly to their interest to call and examine this work, as we intend our to be excelled in quality of workmanship or price by any house in the country.

All work sold at this establishment is warranted. Repairing done at the shortest notice.

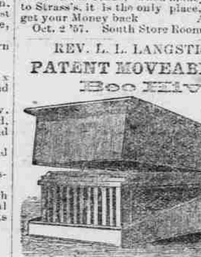
PATENT MOVEABLE COMB

Bee Hive.



THE subscriber having purchased the Patent Right for the above named Hive, in several counties in Ohio, and prepared himself for the manufacture of the Hive, in the counties unsold, in his ware room, this, now offers it for sale.—This Hive is the result of long and laborious study, and the perfection of an EXPENSIVE INTELLIGENT and PRACTICAL BEE KEEPER, and is confidently offered to the public as possessing tools that he is NOT obtaining the mere enumeration of a patent, but the reality of a PRACTICAL ESSAY, WORTH A GENUINE WORTH, which will SUIT THE WANTS AND INFIRMITIES of which he is the inventor, and the abuse and losses of the Bee-keeper. It is extremely simple in its construction and arrangement, while it gives the Apiarian perfect control, not only of the bees, but the honey or any other enemy to its prosperity, he has first secured, for the benefit of the bee, a part of the honey, for want of comb in it, and the. Without the slightest danger to any medicated bee
