FATAL ACCIDENT.—The son of JOSEPH DAVIS, about two years and six months of age, was scalded on Wednesday evening, so badly as to cause his death on the following Saturday. We subjoin the following particulars from the Standard of yesterday:

"The mother had been washing, and having finished, lifted the boiler, which was about half full of hot water, off the fire, and poured in some cold water, intending to use it in washing the floor. She started out of the door with the boiler, but had hardly got out, when she heard the screams of the child, she hastened back, and found her child badly scalded. When she took the boiler off, she thinks he was some three feet from it, but thinks, as she was going out, he had got near enough to have it spill upon him. His sufferings were great, but they are over now."

The Ladies of the First Presbyterian Church will give a Supper next Tuesday evening at Union Hall for the benefit of their church. All are invited to attend. Admission for Gentleman and Lady, $1,00—the same for Gentleman and two Ladies. Children, 25 cents. Ice Cream and Oysters extra.

The County Fair commenced on Wednesday. The number of entries is larger than any of the preceding ones; the attendance is also very large.

MR. THOMSON:—Please announce the name of NATHANIEL EVENS, as a candidate for ASSESSOR. He is in every way qualified for the office. MANY FRIENDS.

FISTULA AND BLOTCHES are the result of impure blood. The blood becomes thick and clogged. The skin is not able to cast off the impurities so important to health. How many young men and women we see with their faces covered with pimples and blotches, who are endeavoring to remove them by the use of soaps and washes of various kinds. This is very dangerous and should never be practised by persons desirous of good health. Mothers who have children afflicted with sores and eruptions should never dry them up by external applications, for in this way they will drive in the humors and produce ill health for the child during its whole life time. Those persons who have that ailment and who desire to cure it, should try Monsa's Indian Root Pills are prepared expressly for the cure of eruptions of the skin, such as Pimples Blotches, Sores, Ulcers, &c., they clean the blood of all impurities, producing a beautiful, clear and healthy skin, so much admired by all people of taste and refinement. Sept. 24.—1m.

☞ TO THE MILLION.—Dr. Mann, of Galion Ohio, has, after years of deep study and untiring researches succeeded in presenting to the public an article superior to any now in use, and indeed it bids fair to be a powerful discoverer. We advise the lame, to try *Mann's Apis Balsam*, the only remedy that has ever been found that will effectually drive from the system, without any bad results, Chills, Fever and Ague. It seldom occurs that we notice, under any circumstance, patent or proprietary medicines, for certainly we have anything of the kind, for we have a prejudice against most of them, but candor compels us to invite attention to the advertisement of this *Balsam* found in another column of this paper. It seems to be a fact admitted by all classes of individuals that have tested it and found immediate relief therefrom to surpass anything of the kind ever offered to the public. Try it. Sold by all good druggists. Sept. 24.—1m.

A PARAGRAPH FOR INVALIDS.—We trust that Dr. Roback's advertisement in another column, will not escape the notice of the sick and suffering. It is an earnest and convicting document, and we are credibly informed, that the cures accomplished by his celebrated Scandinavian Remedies—the Blood Pills and Blood Purifier—fully bear out the statement it contains, these great Vegetable curatives are immutably presented in this paper. The settlers on new lands, the planters and farmers in the valleys of the Ohio and the Mississippi, the ague-and-fever ridden residents on the banks of the Red River, and in the rich lands in all Southern States of the Alleghanies have great faith in Dr. Roback's preparations. STARTLING DEVELOPMENTS!

AWFUL INTELLIGENCE!!

MR. De Forty, the electrician, actually refuses to give the public and delegate information in regard to the ATLANTIC CABLE, and says it has taken no account—Doubtful of success, that our rejoicings were a little too premature, that the greatest of modern enterprises has failed, that the

Great Cable has parted!

But what is this in comparison to the excitement created by the arrival of our

Brandreth's Pills

Purify the Blood.

CONTINUED pain or uneasiness in any organ is generally the result of some derangement of the digestive apparatus. Thirty years' personal experience by the undersigned fully justifies the following:

Dr. Jagnet Lull, of Pittsfield, N. Y., says:—"I have suffered from dyspepsia, costiveness, and the dull headache. Brandreth's pills, when every other remedy had failed, and the patient was given up to die. Skin diseases of an inveterate character, which defied the skill of the faculty, have yielded to the purifying influence of Brandreth's Pills. I have seen them cure dropsy, and have known them to prevent a fever
