GREAT ATTRACTION—BALLOON ASCENSION!—Mr. W. J. SHOTTS, an experienced Æronaut, will make an ascension (weather permitting) *Monday next*, from the County Fair Grounds, directly east of town, in his mammoth balloon "America," which is forty-four feet in diameter and sixty-four feet in height when inflated, and claimed to be the largest in existence. The public will be admitted *free of charge*, the business men of the town having subscribed a sum sufficient to defray the expense. Of course everybody desires to witness so imposing and novel a spectacle, and an immense crowd will consequently be present.

Messrs. HAWES & JONES have removed their Sewing Machine Depot to No. 3, Williams Block, in the rear room of Mr. Platt's jewelry store—where all persons desiring an instrument of the kind are invited to call.

The Western Ohio Synod (Old School Presbyterian) commenced its annual session in the 1st Presbyterian Church, in this place, last Wednesday.

OPERATIONS IN REAL ESTATE.—Judge WILLIAMS has purchased the fine residence on Winter street, opposite the 1st Presbyterian Church, recently occepied by T. PETTIBONE, which he is now putting in thorough repair preparatory to occupying it.

Rev. D. MCCARTER has purchased the elegant premises recently occupied by Judge Finch, on the north end of Sandusky street.

Mr. THOS. EVANS Jr. has purchased of Mr. F. C. WELCH his late residence opposite the M. E. Church, on William street—and the last named gentleman has purchased the new residence recently erected by Mr. THOS. GRIFFITH, on Franklin street directly north of the Baptist Church.

A NEW ROOFING.—We have examined specimens of an artificial slate for roofing. It is composed of a composition pressed upon both sides of a prepared straw board, which is a new feature in composition roofing. It is firm and solid in appearance and is said to be perfectly fire as well as water proof. The expense is about the same as shingles per square, and when its durability and fire-proof qualities are taken into consideration it is the cheapest roofing now in use. Mr. WEAVER, proprietor of the patent, is now at the American House with samples of the roofing and machine for manufacturing. Any one wishing to engage in a good business will do well to call and see him.

The third effort has finally secured a session of the District Court in this county. It commenced Tuesday last—Judges Sutliff (of the Supreme Court,) Geddes and Sample presiding. Some important cases are pending, but we believe none of them have yet been disposed of.

Mr. F. BERLETT, of Scioto, jumped from his buggy on Saturday last while the horse was running at full speed, and was supposed to be seriously injured, which we are happy to learn has proved not to be the case. It was an almost miraculous escape.

INFLAMMATION OF THE EYES.—Like all other inflamation, is caused by impurity of the blood which causes all eruptive diseases, as Salt Rheum, Scurvy, Boils, Sores, Ulcers, &c. The blood being unhealthy, and of an impure nature also occasions Dropsies. The blood becoming obstructed in the viens, the watery part of the

HANCE'S VEGETABLE EXTRACT

EPILEPTIC PILLS,

For the Cure of Fits, Spasms, Cramps, and all Nervous and Constitutional Diseases.

PERSONS who are laboring under this distressing malady will find HANCE'S VEGETABLE EPILEPTIC PILLS to be the only remedy ever discovered for curing Epilepsy or Falling Fits.

These pills possess a specific action on the nervous system; and, although they are prepared especially for the purpose of curing Fits, they will be found of especial benefit for all persons afflicted with weak nerves, or whose nervous system has been prostrated or shattered from any cause whatever. In Chronic complaints, or diseases of long standing, superinduced by nervousness, they are exceedingly beneficial.

Price $5 per box, or two boxes for $8. Persons out of the city, enclosing a remittance, will have the pills sent them through the mail, free of postage. For sale by SETH S. HANCE, No. 108 Baltimore Street, Baltimore, Md., to whom orders from all parts of the Union must be addressed.

DR. HUNTER'S

MEDICAL MANUAL.

Being an original and popular Treatise on MAN AND WOMAN;

Their Physiology, Functions and Sexual Disorders of every kind, with brief outline of the most approved and speedy cure of diseases of a private and delicate character incident to the violation of the laws of Nature and of Nature's God.

Price Twenty-Five Cents.

THE Author of the above volume is a graduate, and has had the benefit of a quarter of a century to the study and treatment of Syphilis and kindred disorders as a specialty, he has accumulated a world of most invaluable information in regard to the same, and is able to compress into a single nucleus the very quintessence of medical science on this important subject; as the result of the experience of the most eminent physicians in Europe and America is thoroughly demonstrated in known highly successful practice in the treatment of secret diseases in many thousands of cases in the City of Philadelphia alone.

Testimony of the Professor of Obstetrics in Pennsylvania College, Philadelphia.

"Dr. Hunter's Medical Manual." The author of this work, unlike the majority of those who advertise to cure the diseases of which it treats, is a graduate of one of the best Colleges in the United States. It affords me pleasure to recommend him to the unfortunate, to the victim of malpractice, as a successful and experienced practitioner, in whose honor and integrity they may place the greatest confidence.

JOHN S. PARRY, M. D., Professor, &c.

From A. Woodward, M. D., of Pennsylvania University, Philadelphia.

It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." Numerous cases of Diseases of the Genital Organs, some of them of long standing, have come under my notice, in which his skill has been manifest in restoring to perfect health, in some instances, where the patient has been considered beyond medical aid. In the treatment of Seminal weakness, or disorganization of the functions produced by self abuse, or excess or venery, I do not know his superior in the profession. I have been acquainted with the Author of this work for years, and can in no more just place to him, than to bear testimony to the unfortunate victim of early indiscretion, to recommend him as one, in whose professional skill and surgical dexterity they may safely confide themselves.

ALFRED WOODWARD, M. D.

One copy, securely enveloped, will be forwarded free of postage to any person in the United States for one dollar, or six copies for $5. Address, post paid, CONDEN & CO., Publishers, No. 1, Philadelphia.

☞ Booksellers, Canvassers and Book Agents supplied on the most liberal terms. Oct. 22, '58—y

NEW GOODS

For Fall and Winter Trade!

THE undersigned have just received and are now prepared to submit to public inspection, at their old and well known stand,

No. 1 WILLIAMS BLOCK,

A Large and very Choice Selection of

Seasonable Goods,

Embracing everything desirable to the way of Fancy and Staple Dry Goods, Choice Family Groceries, Crockery and Glassware. House Furnishing Goods, Carpeting, Paper Hangings, Table Cutlery, Notions,

and a host of articles, Ornamental and Useful, too numerous to specify, which make up the COMPLETE ASSORTMENT for which our establishment is so justly celebrated.

We invite all in quest of Good Goods at Fair Prices to give us a call—and think we can safely promise to furnish the ARTICLES CALLED FOR, AT SATISFACTORY PRICES. Approved Produce received in exchange for Goods, as usual.

WILLIAMS & CO.

Delaware, Oct. 22, 1858.

Estate of John Fultz.

NOTICE is hereby given that the undersigned has been appointed and qualified as Administrator of the Estate of John Fultz deceased, late of Delaware county Ohio. All persons interested will govern themselves accordingly.

Oct. 22, 1858—3i JOHN LATHAM.

Fifty Dollars Forfeit.

DR. HUNTER will forfeit $50 if failing to cure any one case of secret disease that may come under his care, no matter how long standing or afflicting. Either sex are invited to his Private Rooms, at North SEVENTH St., Philadelphia, without fear of interruption from other patients. Strangers and others who have been unfortunate in the selection of a Physician are invited to call.

IMPOTENCY.—Through unremitted indulgence of the passions, by excess or self-abuse, the evils are numerous. Premature, impotency, involuntary seminal discharges, wasting of the organs, loss of memory, a distaste for female society, general debility, or constitutional derangement, are sure to follow. If necessary, consult the Doctor with confidence, or address a preliminary letter.

READ AND REFLECT. The afflicted would do well to reflect before trusting their health and happiness, and in many cases their lives, in the hands of physicians ignorant of this class of maladies. Its certainly impossible for one man to understand all the ills the human family are subject to. Every respectable physician has his peculiar branch, in which he is more successful than his brother professors, and to that he devotes most of his time and study.

YEARS OF PRACTICE, exclusively devoted to the study and treatment of diseases of the sexual organs, together with views upon the body, throat, nose, or legs, pains in the head or bones, mercurial rheumatism, strictures, gravel, irregularities, diseases arising from youthful excesses, or impurities of the blood, whereby the constitution has become enfeebled, enables the Doctor to offer speedy relief to all who may place themselves under his care.

☞ Medicines forwarded to any part of the United States. Price Ten Dollars per Package.

For sale, Dr. DICKINSON'S CELEBRATED MAGNETO-ELECTRICAL MACHINE. No oil or other ingredient required; its power being obtained from a permanent magnet. No family should be without one. Price only $10. Oct 22—y

HAMMONTON LANDS

New England Settlement.

RARE OPPORTUNITY. TO ALL WANTING FARMS—In a healthy place, only 25 miles from Philadelphia, on the Camden and Atlantic railroad, New Jersey. An old estate has recently been opened for sale, and further divided into farms, and divided up into lots of ten acres and upwards. The soil is of the best quality for the production of fruits, grain, &c. The farms are sold on the principle of payment in easy quarter yearly instalments, per acre, payable in four years, and a deed given to purchaser within a term of four years, on his making the improvements, and so that he secures the final improvement of the land, by enabling every industrious man to buy a home. It is now beautifully improved by good houses, and is one of the best climates from New England and the Middle States are enough to induce any one to visit it, the improvement and cultivation of Philadelphia. Seventy-five houses have been built in Hammonton during the present year, and many have come from the length and breadth of the Union are settling there. It is an important business place, with two steam saw mills, and a grist mill in contiguity. Every acre of land is capable of being made productive. The water is abundant, and of the purest quality. The soil is a sandy or clay loam, with a clay bottom and reservoir of manure. It is free of stones and rarely worth all. It abounds largely in the phosphates, and more is fertilizing than any other land in the country. Even the pine barrens adjoining under cultivation, it will be found not to be excelled anywhere in the production of fruit and vegetables, and to be healthy.

The reader may be well aware that the earliest and the best fruits and vegetables come from the south, and that there are annually exported to the amount of millions of dollars. The land, is also peculiarly adapted to the early or forcing purposes, in an abundant supply of the best quality of stock manure.

Lumber and building materials can be had on the spot at a cheap price, from the mills. Other mills are now being opened, and brick yards being started on the ground. A person can put up a frame tenement for present convenience for one hundred dollars, the amount of the estimate is only $50. This is the best course to pursue in order to get a place to live in at first. Carpenters and builders are in demand to put up houses on the lots sold.

In selling lots the emigrant has many advantages. He is within a few hours' ride of the great cities of the United States and New England; he is near his old friends and associations, he is in a settled country, where every improvement and comfort of civilization is made; he is in a healthy place, and is not subject to the certainty of losing the greater part of his family, and his stock, as in the Western prairie farmers usually make on account of so many millions of the young and old dying in the first years away from home and friends. Besides, he has a good community and church whilst those settlers in the Western prairies are all young, and have to build a church and school and company grows it free there.

The reader will at once be struck with the advantages here presented, and will be sure to say the property has not been taken up long. They have been taken up in the market, but not in the market, where the prices these settlers were correct to use would be. The subscriber has been before purchase, and has been expected to sell. They will use the land under cultivation; they will meet persons, no doubt, from their own neighborhood, and in the case of the women of their families, and can judge of the character of the people. Persons should come prepared to purchase, as in any settlement, and locations are needed on refusal.

The Hammonton Farmer, a monthly literary and agricultural sheet, containing full information of Hammonton, will be sent to each applicant, and can be subscribed at 25 cents per annum.

Title indisputable. Warrantee deeds given, clear of all encumbrance, when purchase money is paid. Route to the land.—

Leave Vine street, Philadelphia, for Hammonton by railroad at 7½ A. M. and 4 P. M. Also inquire for Mr. Byrnes. Boarding accommodations will be obtained at reasonable rates, addressed to R. J. OGDEN, 20 South Delaware avenue, Office, Philadelphia. Maps sent on application to the City Residence.

Dr. Jackson

HAS at the present time over 1600 patients who are taking his remedies. He also has at his out door treatment consulted personally by over 10,000 invalids, and also a large number in his absence, who have written to him, have those who have faithfully used his prescriptions and needed his advice, failed to receive benefit, even when there was no organic or a certain cure.

Indian Botanic Remedies!

In treatment of diseases of the LUNGS and CHEST, Liver, Stomach, Bowels, Heart, Nerves, Skin, Scrofula, Salt Rheum, Piles, Fever and Ague, Female Complaints, from Impure Blood, Female Diseases of all kinds; also all forms of Chronic, Acute and Nervous diseases, have given Dr. Jackson a World wide reputation.

Caution.—Dr. Jackson deems it to be a duty which he owes to the public, to state, that there are, at this time, public agents in one of unprincipled impostors calling themselves Indian Doctors, who are using his name, in some place to place, quite near to the same place by imposing upon the sick, by representations that they are Dr. Jackson HIMSELF. One particularly has the past season travelled through several counties, stopping among the farmers, and assumed my name and then swindled the people, and even went so far as to exhibit certificates of cures solemnly sworn to, and also to produce testimonials, I have no professional connection with any one in the United States, nor have I had any time authorized any one, either by any person to use my name. I produce only in large towns and cities, and in all cases have had publishing my appearance in all newspapers and by circulars. In this way the public may know at any time where I am to be found.

Beware of persons using my name, coming from house to house in your neighborhood. They are all impostors.

DR. JACKSON can be consulted at *Delaware*, "American House," Saturday and Sunday, December 11 and 12.

Marion, "Miller House," Thursday December 9.

Galion, "Western Hotel," Friday December 10.

P. S.—Letters should be addressed to Dr. Jackson, Erie, Pa., Box 222.

RAYMONDS

DOUBLE-THREADED

Sewing Machine.

The Strongest, Most Elastic and Durable Stitch over made.—Warranted equal to any $100 Machine in the market.

At the Low Price of Twenty-Five Dollars.

THE desideratum so long sought, of a practically good DOUBLE THREADED SEWING MACHINE, at a *Low Price*, has at length been produced.

The Proprietors of Raymond's Family Sewing Machine present it to the public with the fullest confidence in its merits, and challenge to its behalf the most rigid comparison with any and all the high priced machines now favorably known.

This is the first and only cheap machine ever made, which works with TWO THREADS, and forms a double lock stitch, universally esteemed.

The following are among its unmistakeable advantages:

1st. It is simple, strong and durable, easily understood and managed, and not liable to get out of order.

2d. It uses cotton from the ordinary spool, without rewinding, saving time, trouble and waste.

3d. The stitch is stronger and more difficult to rip than any other made by machinery, and is superior to the best hand sewing. The two threads are double locked into each other, and firmly tied and knotted at every stitch.—The durability of this stitch, and its peculiar adaptation to all kinds of family sewing, has been fully demonstrated by the well known Grover & Baker Machine, which has attained an enviable reputation. No other stitch has the same degree of elasticity. This is an important advantage, especially in goods which require frequent washing.

4th. It will Seam, Hem, Gather and Embroider; will sew with cotton or linen thread, and work equally well on all kinds of fabrics, from the finest to the coarsest.

5th. It makes the stitch alike on both sides. There is no occasion to fasten the threads at the end of the seam, as is required by other machines.

6th. Every machine is made to run by hand or foot power, thus combining the advantages of both methods.

7th. Being in constant operation at a saving, this machine is surprising. For the small sum of $25 we are enabled to furnish a sewing instrument possessing in an eminent degree the qualities of former machines which it is free from their objections.

Agent at Delaware will receive a table, $25. With a table and treadle complete, $35. Orders from the country will meet with immediate attention, if accompanied with the cash.—Machines sent to persons who never saw them, are used successfully with a few hours' practice. Complete printed SIRECTIONS will accompany every machine.
