Considerable commotion has been produced among the denizens of that portion of our town known as "Ireland," situated south of the depot, in consequence of a printed notice having been served by the owner of the land upon some forty or more proprietors of shanties, ordering them to vacate the premises they have heretofore occupied. Being a migratory class, the great body of them, in accordance with their ideas of the Democratic doctrine of "Squatter Sovereignty," have been accustomed to locate on unoccupied grounds adjacent to the rail-road track upon which they are at the time employed, generally selecting if possible the property of the company. The existing community in East Delaware located under similar circumstances, and the cessation of rail-road building has protracted to an unusual period, if not made permanent, what under the former state of affairs would have probably been only a temporary occupancy. A number own lots of their own, while others occupy land belonging to the S. M. & P. Company—and such of course are not affected by the present movement.

ADJOURNMENT.—By reference to the notice in our advertising columns, it will be seen that the Cemetery meeting has been adjourned till Monday evening next. The object of the meeting is to relieve the Association from serious embarrassments under which it is at present laboring—the nature and extent of which can be learned from the following exhibit of its affairs, made at the late meeting by the Trustees: Whole amount of orders issued, $5472,00; Received from sale of Lots and burials $1561,63. Sale of 20 acres off the South side, 1650 dollars; Timber, Hay, &c., 334 dollars and 54 cts; total receipts 3646 dollars and 17 cts; making the indebtedness 1835 dollars and 83 cts. The indebtedness is to the Delaware Branch Bank 1500 dollars; orders outstanding 335 dollars 83 cts; number of lots 4033; sold 1384, average value 20 dollars; value of 8944 lots unsold, 17,890 dollars; amount due Association collectable, $58,61; not collectable, 127 dollars 88 cts; total amount due, 186 dollars, 49 cts.

SORGHUM.—The culture of this article attracted considerable attention in our county, and throughout the country at large, during the season of 1857, and the results in most cases seemed to be sufficiently satisfactory to warrant the expectation that the present year would witness increased interest in the culture and still more flattering returns. Such has not, however, been the case, at least so far as this county concerned—there having been no effort, so far as we are advised, to grow it to any considerable extent or to manufacture sugar or molasses in quantity. If we are mistaken in this we should be pleased to be corrected, and will cheerfully publish accounts that may be furnished of any experiments that may have been made.

In some few counties of this State, and in the counties generally of several Western States, especially Illinois and Iowa, it was different—the culture having been gone into on an extensive scale and large quantities of syrup produced. We have noticed no accounts of success in efforts to produce sugar.

We are indebted to Rev. Dr. HARRIS, Secretary of the Delaware Conference of the M. E. Church, for a copy of the Minutes of the late session, held at West Liberty.—It is got up with the care, judgment and appropriateness of arrangement, which characterize all the official acts of Dr. H., who filled the same place during the last session of the General Conference, and is conceded to be the most competent and efficient officer who has ever discharged the responsible duties of the post.

We acknowledge our obligations to J. H. KLIPPART, Esq., the efficient and popular Secretary of the Ohio State Board of Agriculture, for a copy of the 12th Annual Report of the Board. It is a volume of 823 pages, well got up, and the contents admirably arranged—a decided improvement on its predecessors.

S. M. & P. RAILROAD.—The *Marysville Tribune* of Wednesday says: 'We learn that a contract has been completed with a responsible company for ironing this road from Delaware to Lakeville, the point of intersection of Pittsburg and Fort Wayne road. The friends of this road have had a difficult task to perform, and well deserve, as they will receive the thanks of all interested, for sticking to it through its dark days."

The 5.30 p. m. freight train on the C. C. & C. Railroad, in approaching the depot at this place Wednesday last, ran over and killed two cows, the property of some of the residents of the neighborhood.

Should any of our readers wish to purchase on advantageous terms a first rate farm, situated in a pleasant neighborhood, an opportunity to do so can be secured by calling on Mr. ALWOOD SMITH—whose advertisement will be found in another column.

Tax-payers in the eastern portion of the county will please observe that the Treasurer has added to the number of places at which his deptuy will attend for the purpose of accommodating them.

ANTI-SLAVERY LECTURE.—We are requested to announce that J. M. LANGSTON, A. M., the celebrated colored orator and member of the Lorain bar, will address the citizens of Delaware, on Saturday evening, Nov. 13th, at 7 o'clock, at Templar Hall.

Under the existing law governing the matter it is necessary tax-payers should have with them their road receipts in the settlement of their taxes. Attention to this may save considerable unnecessary trouble.

DR. MANN'S AGUE BALSAM,

Unrivalled in the History of Medicine.

THIS Balsam, that has been so rationally sold and met with such unrivalled success for the past five years, and brought health and happiness to many families throughout the Western Country, is the result of years of study and experiment, by the proprietors of this wonderful compound; and we are happy to state to the world that the object sought for has been gained, which is found in the numerous evidences in favor of this remedy. This Balsam is only recommended for one class of diseases, viz: those produced by malaria, and enters directly into the circulation, and thereby counteracts the poison of malaria in the system, and as a mode it is particularly recommended. Now for a few evidences.

OSHKIN, O., June 1st, 1858.

MESSRS. S. K. MANN & CO.—Gents: Having had occasion to use some of your Ague Balsam in my family, I find it the most prompt and efficient residual agent for the ague in all cases we have used, and as a stomachic tonic, I think it has no equal. Your Obedient Servant,

SAM'L HOLBRY.

OLIVE, ILL., Sept. 28, 1857.

MESSRS. S. K. MANN & CO.—Gents: Your Ague Balsam is the only remedy that seems to meet the wants of the people of this locality. We have upon our shelves all the popular remedies of the country, the use of intermittents but Dr. Mann's Balsam sells in preference to all others, from the simple fact that it cures. It is desired by all other remedies ever offered. Truly Yours,

H. W. HYDE.

DR. MANN & Co., Galion, Ohio—Gents: Your Ague Balsam is the peoples' remedy, in this part of the country, for the ague and fever, and I do not hesitate to say it is so far in advance of any other medicine, that it is looked upon as a perfect specific in malarious diseases.

Very Truly Yours, REED & PETTIJOHN.

CAIRO, ILL., May 15th 1858. SAINT LOUIS, June 1st, 1858.

MESSRS S. K. MANN & CO.—We find the demand for Dr. Mann's Ague Balsam increasing, and the great demand for it is sufficient evidence of its great merit. In all places in our territory we find the universal opinion of those selling it, and more particularly those using it, to be, that it has no equal in proprietary remedies, and that it is a certain specific for the malarious diseases. Truly Yours, O. J. WOOD & CO.
