# THE DAILY APPEAL.

FRIDAY.....APRIL 10, 1857.

☞ We are indebted to Mr. W. W. HODGE, who returned home yesterday, for late Louisville papers.

☞ There is a letter detained in the St. Louis post-office, for non payment of postage, for C. H. KLAPPROTH, Hustsville, Ala.

☞ We are under obligations to the clerk of the fine steamer *Pennsylvania* for St. Louis and Cincinnati papers of Tuesday last.

☞ We are indebted to the clerk of the steamer *Cora No. 2* for a package of New Orleans papers.

☞ Our esteemed young friend and correspondent, Mr L. HOUSEMAN, of Oxford, Miss., paid us a visit at our sanctum yesterday.

☞ Three men were arrested yesterday morning on the steamer *Alconia*, on suspicion of having stolen a negro who was in their possession.

☞ If you want a genuine article of Pittsburgh coal, leave your orders at A. J. WATT & Co's, corner of Main and Union streets.

☞ The *Niagara* arrived yesterday from Illinois river, having in tow three barges filled with ice for Messrs. DUVAL, ALGEO & Co.

☞ The machinery for the Water Works, proposed to be located on the bluff, by Mr. TUCKER, between Madison and Court streets, arrived yesterday morning on the *Glendale*.

FROST.—There was a heavy frost in this city and neighborhood night before last. At an early hour yesterday morning it was very perceptible on the roof of houses.

☞ It being found impossible to obtain a jury in the case of the State vs. CONNER, a change of venue to Tipton county was granted yesterday, in the Criminal Court, and the case will be tried at Covington.

☞ Dr. MERRILL will deliver a free lecture to-morrow evening at Odd Fellows' Hall, on "Medical Ethics, and the mutual relations of patient and physician."

☞ The Mississippi and Tennessee Central Railroad has been completed to Mellon, Madison county, ten miles from Jackson, and a barbacue will be given at that place to-morrow, in honor of the event.

☞ We have received from Messrs. CLEAVES & GUION *Harper's Weekly* for April 4th. It contains an immense amount of interesting and valuable reading matter. The leading article, "*The Pulpit*," will attract attention.

CHILD DROWNED.—A son of Mr. HONE, who resides on Poplar street, was drowned yesterday morning in the bayou, between Poplar and Washington streets. The boy was between two and three years old. His body was not recovered until three o'clock yesterday afternoon.

THE NEW THEATRE.—We observe with pleasure the site for the new Theatre on Jefferson, immediately east of Third street, is being prepared for active operations. It is to be a fine building and to be finished by the 1st of October, in time for the next Theatrical season.

☞ The *Visitor*, after referring to the notices received from the city press in relation to the change recently made, and the editors of the two papers, already named, says "a fluent and able writer, who has had considerable experience in editorial matters, is also connected with the editorial department of the *News and Visitor*. He prefers, however, to remain incog."

☞ The telegraph announces that the mission to China has been tendered to WM. B. REED, Esq, of Philadelphia. Mr. R. was one of the most prominent Whigs in Pennsylvania, and is one of that noble band who joined the Democratic party, when his own was dismembered. He fought manfully for the Democracy in the last campaign, and this compliment to him is well deserved.

THE SOUTHERN ROUTE!—Merchants and business men generally in Memphis, and throughout this section of country, will be pleased to learn that the Savannah Railroad line is in competition with the Charleston route, in the matter of transporting goods from the Northern and Eastern cities to Memphis, and all other points on the Memphis and Charleston Railroad. See Agent's advertisement in special notice column this morning.

ARREST.—The special police yesterday arrested a man who gave his name as MORGAN, but who is also known by the name of SARO, for stealing mantillas from the store of LEHMAN & Co., on Main street He purchased goods to the value of $2 or $3, and when the back of the storekeeper was towards him, picked up the mantillas from the counter and placed them under his coat. He was detected, and the police sent for, who lodged him in the calaboose. He hails from Mississippi, and had over $100 on his person when arrested.

THEATRE.—Last night was the opening of the spring season at the Theatre, and although the house was not crowded, there was a very good attendance. The beautiful opera of the *Daughter of the Regiment* was presented, in which the members of the English Opera Troupe, with the exception of Mr. TREVOR and Mr. ROBERTSON, appeared. The music was very good, and the singing of Miss DURAND Miss HODSON and Mr. LYSTER was excellent. We noticed the familiar faces of Mr. BEYDON, Mr. ASH and Mr. CAMPBELL on the stage, and are glad to learn that Mr. B and Mr. C. have been engaged for the spring season by Mr. ASH. *The Daughter of the Regiment* will be presented again to-night.

Miss ELIZA COOK, a charming danseuse, made her debut last evening, and met with a very warm reception. She is a very pretty young lady, and dances well, and we have no doubt she will become a great favorite.

There is six feet five inches in the canal, and five feet and stationary at Pittsburgh.

**BOERHAVE'S HOLLAND BITTERS,**

THE CELEBRATED HOLLAND REMEDY FOR

**DYSPEPSIA,**

DISEASE OF THE KIDNEYS, LIVER COMPLAINT, WEAKNESS OF ANY KIND, Fever and Ague,

And the various affections consequent upon a Disordered Stomach or Liver,

SUCH as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a complete cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the Northern States, his introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty continent. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally invigorating in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Wherever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

**CAUTION.**

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Do not persuaded to buy anything else until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

**SAVANNAH RAILROAD ROUTE.**

**Special Notice to Shippers.**

THE completion of the Memphis and Charleston Railroad, which has just been accomplished, connects this city (Memphis) with Savannah, Georgia, by continuous rail. Shippers of Goods from or to Northern and Eastern cities will find it greatly to their interest to order their shipments via Savannah. Besides the ability and willingness of this line to offer every facility afforded by the Charleston route, it possesses one peculiar advantage over it. There is *one trans-shipment less* by Savannah than by Charleston. Goods and Produce are transported between Savannah and Atlanta, in the same cars, without detention or trans-shipment.

Rates of freight are at present same as by the other route. Handbills, containing rates and other information relative to the Savannah Line, will be issued in due time.

Mr. J. A. S. TUTTLE is the agent of the Central Railroad, in New York. Office No. 13 Broadway, where he will be pleased to furnish rates, and confer with Southern Merchants or their Agents in that city, as to the advantages of shipping via Savannah.

A. G. WARE, Agent Savannah Line, Atlanta, Georgia.

**Wood's Restorative.**

OF all the restoratives of the hair that have been invented, Wood's pre-eminently claims the first place. It will certainly restore the natural color of the hair, if the directions are followed for a sufficient length of time. It also has produced astonishing effects in bringing out a growth of hair, where the head had been previously bald. Wood does not pretend that it will do this in all cases; and we think his candor is a good recommendation of the virtues which his restorative really possesses. If the roots of the hair are destroyed, no human power can make them grow again; but where there is any vitality left in the root, the restorative will soon renew the hair in all its pristine vigor. It has done this repeatedly where all other remedies had failed. It is therefore worth while to at least make the experiment. For clearing the head of dandruff, and thickening and strengthening the hair, it has no rival. The public will obtain further information by examining the advertisement, headed "you deserve credit for your discovery." *Western Patriot.*

**THE ONLY MEDAL AWARDED**

BY the New York Exhibition to the English or foreign Sauce Manufacturers, was obtained, amongst numerous competitors, by LEA & PERRINS, for their

**Worcestershire Sauce,**

whereby further testimony is afforded of its being the best Sauce extant.

The celebrity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health in warming daily more and more to be acknowledged.

In the United States it is held to be the most agreeable condiment, and is esteemed for its tonic and invigorating properties, its habitual use enabling the stomach to digest the food.

On the Continent of Europe, these qualities have been testified to by a gentleman, who writes to LEA & PERRINS thus: "I have carried a bottle of your Worcestershire Sauce in a tour I have just completed through Spain and Portugal, and believe I owe my preservation of health to its use; your Sauce is stomachic, and I think medicinal. I can with truth say there is nothing in a traveler's baggage so essential to his comfort, at least in these countries, as your Sauce."

In India, also, where it is found at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms: "Tell LEA & PERRINS that their Sauce is highly approved in India, and that it is, in my opinion, the most palatable as well as the most wholesome of all sauces."

This Sauce is suitable for every variety of dish, and the universal demand which its excellence has created has led to many imitations being offered to the public, under the guise of Sauces, &c., but the genuine may be known by the signatures of "LEA & PERRINS" being impressed upon the patent metallic capsules, or patent glass stopper of the bottles, as well as the labels and wrapper.
