☞ We are under obligations to the gentlemanly clerks of the steamers *L. M. Kennett* and *Empress* for late St. Louis and Louisville papers.

☞ We are under obligations to The Adams Express Company for New York and Augusta papers in advance of the mail.

☞ Our readers will bear in mind that the Post Office is open on Sundays only one hour for the delivery of mail matter—from 8 to 9 o'clock, A. M.

☞ The new Board of Health was organized on Friday by the selection of Dr. A. P. MERRILL, President, and Dr. D. F. WRIGHT, Secretary.

☞ There will be a called meeting of the Melodia Social Temple on Monday evening, April 20th. A full attendance is desired, as business of importance will come up for consideration.

☞ Mr. BURNS, who was so severely injured by the explosion of his boiler, last Sunday morning, and who was reported dead on Thursday, we are informed, is still alive, and his physician entertains hope of his ultimate recovery.

☞ Services at Calvary Church on Sunday morning at 10½ o'clock, A. M. Sermon by the Right Rev. Bishop OTEY. Services at 8 o'clock P. M., by the Rev. Dr. BARNARD, President of the University of Mississippi

☞ We are pleased to learn that the report of Mr. SANKHEAD's death, circulated on Friday evening, is unfounded, and that Mr. S. is rapidly recovering from his severe illness. Dr. J. A. WILLIAMS, his attending physician returned to our city last evening, and informs us that Mr. S. is entirely out of danger.

S. O. BALLARD, COLLECTOR OF MEMPHIS. This gentleman reached the city day before yesterday, so that the statement heretofore made about him proved to be incorrect. At a late hour last night, we made inquiry in regard to his condition and ascertained that he was better, and friends now entertain the hope of his recovery.

MYSTERIOUS DISAPPEARANCE.—On the last trip of the steamer *Florida* from New Orleans to St. Louis, a deck passenger of the name of AUSTIN COONEY, an Irishman, was missing, and it is feared that he has been drowned, while attempting to draw water from the river; as a bucket was missing at the same time.

☞ We had the pleasure of a visit on Friday from Mr. A. CROSS, one of the editors of the *Purdy Argus*, a sterling Democratic paper, published in McNairy county. We learn from Mr. C. there is no doubt of the return to Congress of Hon. JOHN V. WRIGHT, from that district.

FIREMEN'S VISIT.—We heard yesterday that one of the Charleston Fire Companies will visit our city to participate in the railroad festivities, on the 1st proximo, bringing their engine, filled with water from the Atlantic Ocean, along with them. This water they will throw from their engine into the Mississippi river. This will give zest to the occasion.

☞ We direct attention to the law card of Messrs. BROWN & FRAZIER, the latter of whom has opened an office in our city. Mr. F. comes to Memphis with a high reputation for all the qualities which make up an estimable, useful and efficient member of the legal profession and a good citizen. We extend the hand of welcome to him.

CRIMINAL COURT.—A few misdemeanor cases were disposed of in the Criminal Court yesterday; and forfeitures were taken against W. P. HEISTAND and his security for failing to appear in Court, to answer the charge of an assault with intent to kill

Court will meet a few minutes on Monday morning, to sign the Minutes and a Bill of Exceptions in the NORFLEET case.

☞ Our esteemed friend and co-laborer in Democracy, Major HIRAM TILGHMAN, returned home on Friday evening, after an absence of near two months. He is in the enjoyment of the best of health. He attended the Nashville Convention as a delegate from Shelby county, and represents that the greatest harmony prevailed among the Democracy there assembled.

☞ Messrs. COPELAND & GILCHRIST sold one bale of Cotton raised by Mr. A. J. WILLIAMS, of Gibson county, Tennessee, *for twenty cents* per pound yesterday. This is the highest figure paid this season. The planter who can get 20 cents per pound for his Cotton should be satisfied with "all the world and the rest of mankind."

☞ We would direct attention to the card of Messrs. MORRIS & WARD, new Dry Goods Dealers in our city, who have opened a house on Main street, next door above the *Eagle and Enquirer* office. Our friend Mr. JAMES SANNONER selected the goods of this house in the Northern cities, which is the best guaranty that they are suited to the trade. Mr. SANNONER is always on hand to attend to the calls of his friends.

MAN KILLED AT PADUCAH.—We learn from a gentleman direct from Paducah, Ky., that a difficulty occurred at that place on Saturday last, between two young men, eighteen and nineteen years of age, named KEMP and WILSON, which resulted in the former shooting the latter three times. WILSON died on Sunday morning. KEMP had an examination on Monday, before Esquire SMEDLEY, and was discharged on the ground of justifiable homicide.

NOTICE TO "FILE" BORROWERS.—We are constrained, in self-defense, to refuse permission to any person to take our "files" out of the office. We have been importuned several times recently, to loan one or another of the bound volumes of the APPEAL, and our good nature getting the better of our judgment, we have complied with the requests made. Upon looking over one of our volumes, yesterday, we found it had been mutilated, and we have, therefore, re-resolved that from this time forth, these *documents*, all-important to us, shall remain in close custody, and that we will be the custodians.

WHARFBOAT BURNT.—We learn that Mr. BURTON's wharfboat at Vicksburg, was destroyed by fire on Friday. The books and papers were saved. The boat was an old one and the loss is not great. A wharfboat has just been finished at Paducah, Ky., for Mr. B., intended to be placed at the Vicksburg landing. It cost $16,000, and is said to be the finest one ever built. It was towed to Cairo by the *Ben Franklin*, and was lying there on Friday evening, waiting for a steamer to tow it down to Vicksburg. It will take the place of the one destroyed.

☞ At the annual session of the Grand Encampment, I. O. O. F., at Nashville, on Monday, the following gentlemen were elected officers for the ensuing year, to wit:

Henry C. Hensley, Olive Branch Encampment, No. 4 G. P.
W. Elliott, of Gayoso Encampment, No 3, G. H. P.
M. C. Foulk, of Ridgeley encampment, No. 1, G. S. W.
DeWitt C. Orr, Haywood Encampment, No. 18, G. J. W.
R. H Barry, of Ridgeley Encampment, No. 1, G. S.
John Coltart, of Olive Branch Encampment, No. 4, G. T.
John McFarland, of Wiley Encampment, No. 7, G. S.
M. D. A. Nolen, of Olive Branch Encampment, N 4, G. M.
R. D. Farnsworth of Olive Branch Encampment, No. 4, Grand Representative to the Grand Lodge of the United States.

MADAME LAGRANGE.—This lady did not arrive on Saturday, hence no Concert was given at Odd Fellows' Hall, last evening. She telegraphed from Vicksburg, on Thursday morning, that she would leave on the *Southern Belle* for this city, that morning. The storm of Friday night, detained the boat, we presume, as it had not arrived at eight o'clock, last evening. The Concert, as advertised for Monday evening, will be given, when our citizens will have a chance of judging for themselves as to the claims of Madame LAGRANGE and her troupe for the high commendations which have been passed upon their Concerts in other cities. A large number of tickets have been disposed of, and we doubt not, if the weather is favorable, a large and fashionable audience will be present at Odd Fellows' Hall, to greet the celebrated songstress.

☞ Our merchants have generally received nearly their whole stocks of Spring and Summer Dry Goods. Among others, we observe that our friend A. C. BLAIR is in receipt of a heavy and well selected stock of the latest styles of every article usually kept by our dry goods merchants, to which he invites the attention of both country and city dealers. Mr. BLAIR's goods have been selected with care and attention, and his orders have all been filled to the very best houses in the East. He is a most clever and experienced merchant, and has fully acquainted himself with the wants of our trade. In addition to this, his clerks are all polite, gentlemanly and attentive to customers, and will permit no customer to depart dissatisfied. Our young friend, Mr. TEMPLE, is with this house, being well known and extensively acquainted in our city, ever ready to accommodate those who may call.

River Matters.

☞ The river continues to swell gradually. The heavy rises reported in the upper Mississippi and Missouri rivers have not reached here yet. The weather is cloudy and cold During Friday night there was a heavy rain, and the wind changed from the South to the Northwest.

☞ The *St. Francis No. 2* will arrive this evening from St. Francis river. She will return on Tuesday afternoon.

☞ The *Evansville* is due from White river. She will probably arrive this evening.

NORTHERNER.—This fine packet left Louisville on Friday, and will arrive here this evening. She will leave punctually at five o'clock to-morrow evening, on her return trip. Her accommodation for passengers are excellent, and she is one of the fleetest boats that comes to this port. Capt. Smith is well known on the river as a careful and experienced officer; and Mr. Archer, the gentlemanly clerk, has made a host of friends since the *Northerner* entered the Louisville and Memphis trade. If you want to make a quick trip to the Falls City, get on board the *Northerner*.

☞ The *Mattie Wade* was advertised to leave St. Louis for this port on Thursday evening. She will be found at the landing to-day, and will return to-morrow. Her commander, Captain Riley, is a white-souled, gentleman, and is one of the most popular officers on the river. The *Mattie* has fine accommodations for passengers, and will make a quick trip to St. Louis.

☞ The *Mobile Register*, of the 11th inst., says:

"The Alabama still continues in good boating condition, and the Black Warrior can yet be ascended by light draught steamers to Tuscaloosa. But the Bigby is again low. A letter received from Gainesville informs us that rain was then falling, and that the river was rising; but scarcely was the document perused when tidings came that the water had fallen again."

☞ The fine steamer *Kate Frisbee*, under command of Captain Marsh Miller, will arrive from Napoleon. She is the regular mail packet, and will return at two o'clock to-morrow afternoon. Captain Will Wood has charge of the clerk's office. Messrs. Lavalette, Shirley & Co., are her agents.

☞ The *Nebraska* will arrive this evening from New Orleans.

☞ We copy the following from the Louisville *Courier* of last Tuesday:

When the *Falls City* left New Orleans—a usual practice—she fired a gun, the wad of which struck Mr. Edward Wilkins, of the firm of W. R. Leverich & Co., on the hand, and benefit prevented it from the arm. Likewise a portion of the ingredients from the gun hit Mr. Edward Montgomery on the side of the face so severely that he may loose the use of his eye. Mr. Henry Dentzel was standing at the time of the accident between the two wounded young men, but escaped no injury. The accident occasioned by firing the cannon from the *Falls City*, may have the effect of abolishing the precious amusement. Not long since a steamboat owner had to pay $1 100 for an injury inflicted by firing the cannon on the departure of his boat, and he was glad to compromise on those terms to exhibit.

☞ The St. Louis *Republican*, of Thursday, says:

The river at this point continues swelling at the rate of about six inches per day. The last arrival from the Missouri reports that river still rising, and overflowing its banks all the way down from St Joseph. There is now plenty of water in the Missouri, and we do not hear of a sand-bar. There is not one in the river. The other rivers remain about as last reported.

☞ We are indebted to Mr. HISE for a late St. Louis paper

DANIEL F WRIGHT, Secretary of Board of Health.

☞ We have read a treatise upon the origin, causes, symptoms, and proper treatment for the cure of Fever and Ague, by G. A. LEONARD, of New York, and it is one of the most sensibly written articles that we have ever perused. It is scientific, yet void of those big words used by some to mystify the science of medicine. It is sufficiently plain to be understood by the uninitiated, and deep enough for the wisest in the medical profession. His *South American Fever and Ague Remedy*, alluded to therein, is the article which can effect a permanent cure of that disease; and any one reading that work, will see that it is a scientific article.

AGE AND DEBILITY.—As old age comes creeping on, it brings with it many attendant infirmities. Loss of appetite and weakness impair the health, and want of activity makes the mind discontented and unhappy. In cases where old age adds its influence, it is almost impossible to add vigor and health, and although many remedies have been tried, all have failed, until BOERHAVE'S HOLLAND BITTERS were known and used. In every case where they have been employed, they have invariably given strength and restored the appetite. They have become a great agent for this alone, and are used by many people who are suffering from the loss of appetite and general debility. In cases of long standing chronic diseases, they act as a charm, invigorating the system, thus giving nature another opportunity to repair physical injuries. See advertisement in another column.

SAVANNAH RAILROAD ROUTE.
Special Notice to Shippers.
THE completion of the Memphis and Charleston Railroad, which has just been accomplished, connects this city (Memphis) with Savannah, Georgia, by continuous rail. Shippers of Goods from or to Northern and Eastern cities will find it greatly to their interest to order their shipments via Savannah. Besides the ability and willingness of this line to offer every facility afforded by the Charleston route, it possesses one peculiar advantage over it. There is *one trans-shipment less* by Savannah than by Charleston. Goods and Produce are transported between Savannah and Atlanta, in the same cars, without detention or trans-shipment.

Rates of freight are at present same as by the other route. Handbills, containing rates and other information relative to the Savannah Line, will be issued in due time.

Mr. J. A. S. TUTTLE is the agent of the Central Railroad, in New York. Office No. 13 Broadway, where he will be pleased to furnish rates, and confer with Southern Merchants or their Agents in that city, as to the advantages of shipping via Savannah.

A. G. WARE,
Agent Savannah Line, Atlanta, Georgia.
