☞ A meeting of the electors of the First Ward will be held in the Market House on Monday evening, for the purpose of nominating two independent candidates for Aldermen. By request of

MANY VOTERS.

☞ Mr. E. Y. PEERS, Agent of Adams' Express Company, arrived in our city last evening. He has our thanks for late dates, and also for a specimen of the new one cent coin which has just been put in circulation. Any one wishing to see it can do so by calling at our office, where it is on exhibition.

BEAUTIFUL BOUQUET.—We acknowledge the receipt, through the hands of N. B. SANDERS, Esq., of a magnificent bouquet, made up extensively of the Bay Flowers, which spring spontaneously from the soil of Georgia. MOORE and JOHN CRUSE, and that prince of Engineers, FERGUSON, who extended every courtesy to the returning delegate.

MEMPHIS MEDICAL RECORDER.—This work for May, is on our table, filled with the usual variety of Medical information. It contains a letter from Dr. C. B. GUTHRIE to Dr. MERRILL, and the resolutions of the New York Academy of Medicine, relative to the death of Dr. KANE. This work is published by the Memphis Medical College, and edited by Dr. A. P. MERRILL, assisted by his colleagues. Subscription price $2 per annum.

☞ We understand that the Firemen of our city are to have a Ball on Tuesday evening, in the Exchange Buildings, to which all ladies have a general invitation. With great liberality the managers have gotten up the ball free of charge to all Firemen. We hope they will have a good time of it, and enjoy themselves as much as their brother Firemen are now doing in Charleston and Savannah.

☞ The weather yesterday was one of those disagreeable days that we do not like to see. It commenced raining about 9 A. M., and continued very steady until about 3 P. M., when the clouds broke, and at the time of writing this, it looked like we should soon be visited with some of these beautiful, balmy summer days. The business transactions were very dull, owing to the bad state of the weather. There were crowds of people in our city from the country, to hear the candidates for Governor.

MAIL IRREGULARITIES.—The following letter is but a specimen of what we receive from day to day. We do hope this matter will be looked into by the proper persons:

POST OFFICE, NAPOLEON, ARK., May 28, 1857.

SIR: Your weekly edition of the 20th came to hand this evening, in the Little Rock mail, having been missent there. Such things frequently happen. Many persons complain about this. Very respectfully,

JOSEPH LEWLY, P. M.

P. S. The package of the *Eagle and Enquirer*, of same date, came in the same mail.

A NUISANCE.—We learn from reliable authority that there is now on Main street, between Monroe and Union streets, the carcass of a dead dog, which has been lying there for some days past, much to the annoyance of the inhabitants of that part of the city. We also learn that the parties that had the dog killed were up before the proper person, and confessed that they were the guilty parties, and that the dog should be removed on yesterday evening, but up to a late hour last evening the promise had not been complied with. Now it is the duty of the City Marshal to report all cases of this kind, and let a heavy fine be imposed on any one who shall be guilty of such an act.

☞ We, the undersigned, residents and tax payers of the First Ward, respectfully suggest to the inhabitants of said Ward the propriety of raising a subscription for the purpose of putting a Bridge across Main street on Winchester; also, one across Main and Jackson streets. We having subscribed, towards each of the Bridges, would respectfully request all those interested in having the Bridges built, to call on JACOB BECHTOLD, Port Pitch, below Canal and Front Row, where they can leave their names, also amount of subscription:

River Matters.

Business yesterday was very quiet at our landing, owing to the inclemency of the weather. There were several arrivals and departures, but not much freight was discharged or shipped. The river at this point is at a stand, and has not risen any in twenty-four hours past. We learn from the St. Louis *Democrat* of the 28th instant, that all of the upper rivers are falling very fast. The Ohio river opposite Louisville is also reported as receding rapidly. It was falling at the rate of one inch per hour.

☞ The regular fleet packet *Mattie Wayne* came into port yesterday from St. Louis, with a very good freight On account of the bad weather she was unable to leave on her return trip on yesterday evening, her regular time, but she will positively leave this morning at 10 o'clock, for St. Louis, connecting at Cairo with the Illinois Central Railroad, and all eastern routes. We take pleasure in commending this fleet packet to the traveling community. The veteran Capt. Robt. Riley, and Mr. M. J. Lowe, clerk, are as clever officers as ever trod the decks of a boat. Be sure to get on board in time.

☞ The fine steamer *John Simonds* left our wharf last evening, after the arrival of the cars. She had a good freight for the season.

☞ The fleet steamer *J. C. Swon* is due here to-morrow from St. Louis, bound for New Orleans.

☞ The regular and accommodating passenger packet *Northerner* will be in port this evening from Louisville. To-morrow 4 P. M., is the time of her departure. If you wish to take a trip to the Northern and Eastern cities, and want to enjoy it, just step aboard of the *Northerner*, and the accommodating clerk, Mr. Archer, will be there to register your name and see that you are well attended to. Capt. J. F. Smith will be in command. She is one of the safest and best packets on the river.

☞ The elegant steamer *Glendale* will be here this evening from Cincinnati and return on Wednesday.

☞ The *Kate Frisbee*, regular to the hour, will be here this evening from Napoleon, and leave on to-morrow at 2 P. M. There is no use of recommending this packet for she is too well known.

☞ The *St. Francis No. 2* is due here this evening from St. Francis river, she will leave on Tuesday at 2 P. M.

☞ The fleet steamer *Hiawatha*, will be here this morning from St. Louis en route for New Orleans.

☞ It will be noticed by advertisement in our columns that the steamer *Commodore Perry* will leave our wharf to-morrow evening.

☞ The *City of Huntsville* is the next regular packet from Nashville. She will begin port this evening, and leave to-morrow evening at 2 o'clock, for Nashville. Her comfort and speed has long since been established. She will connect at Cairo with a regular line of mail packets.

☞ The fine steamer *Illinois* was due here last evening from St. Louis, bound for New Orleans, but had not passed down at a late hour.

☞ The fine steamers *Nick Thomas* and *Monarch* are due here this morning from New Orleans, en route for Louisville and Cincinnati.

☞ The elegant steamer *David White* will be here to day from New Orleans bound for Louisville.

☞ The fleet and fine packet *Fanny Bullitt*, will be here to-morrow from St. Louis, bound for New Orleans. She is one of the fastest boats on the river.

☞ The steamer *H. R. W. Hill* was due from St. Louis last evening, but had not arrived at a late hour.

☞ The *Eclipse* was due here last evening from Louisville, bound for New Orleans, but had not arrived at dusk.

☞ We copy the following from the St. Louis *Leader*, of the 29th inst.:

FALLING.—The river at this point after steadily advancing until it had assumed a somewhat high standard, (and a very threatening one to some freight piles that has been permitted by the Harbor Master to remain on the levee long beyond the time prescribed by ordinance,) commenced to recede on Tuesday night, and so continued slowly throughout yesterday. River men are of the opinion that it is but the commencement of a big fall, and that before a month elapses it will be sufficiently low for the tan-tail, light draught sternwheelers to reap a harvest. What a motley sprinkling of smoky Pittsburghers we will have around with us then, should such an event unfortunately take place. All the upper rivers were in fine boating order when last heard from. The Ohio, Tennessee and Cumberland rivers are also reported in excellent navigable condition. Business about the landing easy. Weather inclined to rain.
