☞ Copies of the SUNDAY APPEAL can be had at our counting-room this morning until 9 o'clock.

☞ Cards intended for Mr. THOMPSON, who delivered the evening lecture in St. Louis, for a Republican, at Hernando, are in our hands.

☞ The gentlemanly clerks of the fine steamer James Montgomery, has our thanks for late Louisville papers.

☞ The tailoring establishment of Mr. SCHOOS has been removed to Main street, immediately opposite the office of the *Eagle and Enquirer*.

☞ Both the Nashville Know-Nothing papers are engaged in a long and lengthy letter, the subject of controversy between Messrs. Ewing and Cheatham.

☞ A meeting of Know-Nothings, was called yesterday, to be held at the *Eagle* office last night. We presume our cotemporary, the *Bulletin*, will contain the proceedings in full this morning.

☞ We understand that Mr. CHARLES PORTER, with that liberality for which he is famed, has made a donation to each fire company in the amount of $100. He justly appreciates the exertions of our gallant firemen during the recent extensive conflagration, and manifests his debt of gratitude by deeds—not words alone.

GREAT REDUCTION OF FARE.—Passengers going East will find it to their interest to procure through tickets before leaving Memphis. Mr. MORIN informs us that he can ticket through from Cairo to New York for $20 95, or from this point for $26 95, and to other places in the North and East at like favorable rates.

OUR CITY SCHOOLS.—The examinations of the different City Schools will take place during the present week, commencing to-morrow morning. We would direct the attention of parents, and the citizens generally, to the fact, and trust that they will bestow that attention upon them which is necessary to stimulate both the teachers and pupils to proper exertion, and keep alive in the community a proper interest in their welfare.

☞ Mr. and Mrs. WALLS, having made arrangements with the several railroad officers, will attend under the APPEAL daily throughout the extent of these roads. Persons wishing to take the paper by this means, will be enabled to get it in advance of the mails. Mr. WALLS is experienced in his business, and will be prompt in his attention to his patrons.

ADVERTISE—ADVERTISE.—If you want your advertisements handsomely displayed and widely circulated, hand them into the APPEAL. We have ample capacity through the medium of our large Daily, which is extensively circulated, not only in the city, but every morning throughout the country also, by means of the various railroads. Now is the time to provide for the fall trade.

EXAMINATION OF THE CITY SCHOOLS.—The superintendent of the City Schools requests us to state that the Primary Schools will be examined on Monday, the Junior on Tuesday and Wednesday, the Senior on Thursday next, at the Navy Yard, from the hours of eight and half past one o'clock of each day. The schools in South Memphis will be examined at Hayes's Building, on Main street, below Union; those in the Northern Church, on Friday, at the same hours as above. Parents, and the public generally, are specially invited to attend.

CRIMINAL COURT.—WADE H. BOLTON returned into hands of $10,000 for his appearance at the October term of the Criminal Court, THOS. DICKENS and WASHINGTON BOLTON were his securities.

The case of FERDINAND BURGNER, for murder, is still on trial. The jury was empanneled yesterday, and most of the witnesses for the State examined.

The Grand Jury returned a true bill against WM. NORTON for the murder of ED. DUGAN. Also a bill of indictment against GEORGE L. BLAKE, for assault and battery.

LITERARY FEAST.—As will be seen by reference to a notice in our new advertisement column, an examination and exhibition of the Shelby Male High School will take place at Germantown to-morrow. Col. AYERS will send out an extra train of cars, which will return in the evening, thus affording our citizens an opportunity of attending the celebration and reaching home at night. Mr. RAFFER has made extensive preparations for the occasion, and we feel confident all who attend will derive pleasure. Entertainment not profferred. Hershew's celebrated band has been engaged, and will be on hand during the day and evening. No doubt a large number of our citizens, who take a deep interest in this school, will be present and participate in the festivities.

THE COURT SQUARE QUESTION.—We invite attention to the spirited communication of Mr. FACKLER, in relation to Court Square. It will repay perusal.

EDITOR APPEAL:—I noticed a few days in your local columns, an expression of the fear that no action was taken, or reference to the recent Council meeting, to the Court Square. Let me assure you and your large circle of interested readers, that there was no delay to be taken on this subject. I contracted with Messrs. Wood, Lowdnes, through their agent, at Memphis, for the erection of a fence, substantial and ornamental, of the same pattern as that of the Court House, with large massive gates in each of the four sides, and, in case of disaster occurs, we hope to see citizens in less than six weeks or quicker demonstration of the prettiest tasteful iron railing that can be found in the South or West can equal, for taste and design in this matter, our Square in a manner thus will add much to the beauty of our city, and we think we can congratulate ourselves upon the complete success of the selection of pattern, and that in the award of the contract to the above largest and ornamental iron railing establishment in the United States, we have had an eye to the interests of the city.

I will be cheerfully given to any one who will apply to the Committee, to possess a set of drawings, or perhaps, for want of place to review them with this subject, that the fence, in my humble opinion, the Square alone. Without a amount of $10,000 added to the control of the Special Committee, other very necessary and improvements might be made on the Square, setting out of shrubbery, protecting ornamental iron fences, &c.; but as it is not my lot again a candidate for any office, I offer my colleagues stand a chance of being treated, the pursuance of the other hands. In common their name is Legion.

TO THE TRADE.

HAVING engaged the services of Mr. Levin Bush, A. C. Wolfe, and Jacob Bush, we beg to inform our friends and the public that we are now prepared to receive our fall and winter stock of Clothing, Hats, Caps, Boots and Shoes, Hardware, Cutlery, Guns, Powder, Shot, Lead, Cordage, Bagging, Rope, Bacon, Lard, Tobacco, Cigars, Wines, Liquors, Brooms, Buckets, Tubs, Cedar Ware, Willow Ware, Notions, &c., &c., which we will sell at the lowest cash prices. Our friends and the public are invited to call and examine our stock before purchasing elsewhere.

River Matters.

The river is rising fast last evening. It has risen in all about ten inches since we first reported it rising. The weather continues pleasant for the season of the year.

The fine steamer *Empress* is due this evening from Louisville.

The *J. G. Cline* is now over due from Nashville.

The *Prometheus* will arrive this morning from New Orleans on her way to St. Louis.

The *Eddy* is the next regular packet from St. Louis. She will arrive to-morrow and return on Tuesday.

The *Mattie Wayne* has been withdrawn for the present from the Memphis and St. Louis trade. She left St. Louis on Wednesday last for Louisville.

The steamer *Republic* was sold on Thursday last, at St. Louis, by Maj. Bryant, U. S. Marshal, for $26,250. Wm. Hart, of New Albany, Indiana, being the purchaser.

The popular steamer *Northerner* will arrive to-night from Louisville. Ever punctual, she will depart on her return trip at five o'clock to-morrow evening. Those desirous of taking passage on a superior packet are referred to Mr. Archer, the gentlemanly first clerk of this fine low-pressure steamer. Captain Smith, the courteous commander, will be found on the hurricane deck when her signal bell commences ringing.

The following steamboat accidents we find recorded in the St. Louis papers:

"On Sunday night, the 7th inst., the steamer *Gen. Pike*, which was descending, came in contact with the draw pier of the Rock Island bridge and damaged the boat $1,000. The upper guards, aft, were all torn off, and several out-riggers broken, and the boat otherwise badly injured."

"The *Star of the West*, Capt. M. Ohman, struck some obstruction in Missouri river, which tore out her bow and carried it seven feet water. The accident happened on Friday last, about eight miles below Lexington. The boat was bound up. Her freight was put out on the bank. It is mostly damaged."

"The little steamer *Black Hawk* was sunk in the Wabash river, near Little Rock, last week. It is thought she can be raised."

NEW POST OFFICES ESTABLISHED.—Jonesville, Covington county, Miss., David W. McInnis, Postmaster; Marie Hill, Drew county, Ark., C. L. Reynolds, Postmaster; Pond Hill, Gibson county, Tenn., Thomas D. Locke, Postmaster; Cross Bridges, Maury county, Tenn., James Brown, Postmaster.

GREAT REDUCTION OF FARE.—Passengers going East will find it to their interest to procure through tickets before leaving Memphis. Mr. MORIN informs us that he can ticket through from Cairo to New York for $20 95, or from this point for $26 95, and to other places in the North and East at like favorable rates.

A BEAUTIFUL CLASSICAL ALLUSION.—Mr. WINTHROP, of Mass., in his address at the Musical Festival in Boston last week, alludes to the contemplated submarine telegraph in these words:

"Oh, Christmas Eve, in the year 1814, the Treaty of Peace between England and the United States was signed at Ghent—a worthy commemoration of that blessed event when the Herald Angels were singing to the shepherds on the Plains of Bethlehem, 'Peace on earth, good will towards men.' But that treaty was not known on this side of the ocean for six or seven weeks after its date. The great battle of New Orleans, as you well know, was fought at least two weeks after that treaty of peace was signed. Our modern system of railroads and steamers and telegraphs might have saved that effusion of fraternal blood, which, alas! deprived individual heroes, might have deprived our country and its history, of all the glory which belonged to that really great victory, if that gigantic Ocean Harp, which is at this moment, in process of being strung, whose deep diapason is destined to produce a more magnificent music on the sea than mythology or modern fable ever ascribed to siren, mermaid, or Triton; if the mysterious gamut of that profound submarine chord had been in successful operation then, as we hope it soon will be, between St. Solon's and Valentia, those critical, those rattling rampartis at New Orleans might never have been celebrated in history; while of those who so gallantly defended them, many would not have been held so low, and some perhaps would hardly have risen so high."

☞ An exchange says:

"Christopher C. Sharp, the murderer of Dr. Stout, escaped from the State Prison at Fort Madison, Iowa, some months ago by the strategem of making a dummy. He threw west to Tennessee and married a young girl of sixteen, the daughter of a wealthy and respectable citizen of that State. His wife discovered his whereabouts, and had him arrested for bigamy. The authorities of Iowa also got track of him, and he has just been returned to his old quarters in prison."

GREATEST LEAP ON RECORD.—A Wisconsin paper, the *Helena Shot-Tower*, records the greatest leap on record:

"A horse, twelve years old, jumped from the bank over a perpendicular precipice of one hundred and eighty feet into the river below, and came out safe and sound, after swimming nearly half a mile to a suitable landing place. The water at the point where the leap was made was from twenty to twenty-five feet deep."

RIO GRANDE COTTON.—The editor of the Brownsville *Flag* has been shown specimens of very fine crop of cotton, raised by Col. H. Clay Davis, near that city, six bales of which, he says, have already been shipped to this market. It will compare favorably with the best produced from the cotton lands of the Mississippi. The *Flag* thinks the valley of the Rio Grande admirably adapted to the cultivation of the great staple, which, in view of the present high prices and the abundance of cheap labor in that region, it commends to the attention of planters.

THE QUICKEST TRANSATLANTIC PASSAGE.—The *Baltic* sailed from Liverpool to New York, 9 days 12 hours and 5 minutes; and the *Persia*, from New York to Liverpool, 9 days 1 hour and 30 minutes, are the shortest passages ever made across the Atlantic.

MORTUARY RECORD.—The following is the list of interments for the week ending Saturday, June 20, 1857:

Jane Iola McNeil, 4 months, Cancer of the Breast.
Mary Ann Newman, aged one hour, Stillborn.
Mary Ann Hutton, 2 months, Scald.
William M. Nelson, 4 months, measles.
Mary E. Hope, 10 months, starved to death.
Mrs. M. J. Smithson, 35 years, consumption.

Request.

THE subscribers have it in contemplation to compile and publish a gazetteer, or book, embracing the leading business, professional, &c., of the recent Railroad Conventions at Memphis and Charleston. Anticipating full account of the visit of the Mississippi Delegation to Charleston, Atlanta, Augusta, Charlotte, Savannah, and Macon, we make the gazetteer as complete as possible, we therefore request that gentlemen of the delegates who actually attended the Memphis Convention from the cities above named, to forward immediately to him, by mail, at this place. He also requests that the speakers who participated in the discussions, at the Convention, would send him revised copies of their addresses, should they deem it advisable. The compilation, it is expected, will make about 300 pages, large octavo, and will be sent to subscribers, postage paid, at $1 per copy. The Mayors and Aldermen of the cities above named, and the delegates generally, will oblige the undersigned, by subscribing the number of copies they may desire to take.

The object of the compilation is to preserve in a durable form, a full record of the rejoicings over the completion of a work which will ever be regarded as the dawn of a new era in our annals, and is rendered memorable by the benign results, political, social, and commercial, which are to flow from it to the author time.

Those of the delegates from Memphis to Charleston, who actually attended, and whose names were published in the *Eagle and Enquirer* of the 26th May, are requested to forward their names through the Post Office to
