THE DAILY APPEAL.

FRIDAY MORNING, JULY 31, 1857.

$20 REWARD.

The first and second bound volumes of the WEEKLY APPEAL are missing from our office. They are the only bound volumes of this paper now extant. We will give the above reward for their discovery and delivery at our office, or we will give ten dollars for either of the volumes.

☞ All persons having books belonging to the APPEAL Library, are requested to return them, and all persons are requested not to ask for the loan of books hereafter, as no such request can be complied with.

Address Before the Democratic Association.

E. M. YERGER, Esq., will address the Democratic Association of Shelby county, at their rooms on Main street, nearly opposite Odd Fellows' Hall, Saturday night at 8 o'clock. A punctual attendance of the members is earnestly requested.

☞ All persons are requested not to purchase papers from our regular carriers, as they are not authorized to sell them. An observance of this request will greatly oblige the publishers.

☞ Thanks to Mr. STEWART, of The Adams Express Company for late papers.

NEW POST OFFICE IN COAHOMA COUNTY, MISSISSIPPI.—The Postmaster-General has established a Post Office at Shufordsville.

FINE POTATOES.—We are indebted to the kindness of Major JEFFERSON MURRELL, near Hickory Withe, for a mess of very large and excellent Irish potatoes.

☞ The ever obliging clerks, Messrs. J. H. TUCHUDI and J. M. SALESBURY, of the steamer *Winchester* will accept our thanks for a file of late St. Louis dates.

☞ The last brick on the Gayoso House extension was laid yesterday. The plastering, painting, &c., is going on rapidly, and the house will be ready for the reception of visitors early in October.

☞ We are now prepared to supply the different districts with election tickets. Only two of the districts in the county have yet procured them. Persons visiting the city during the week, are requested to call at our office, where they can be supplied.

HARD PRESSED.—Having fired all of its airguns at the APPEAL, without any serious damage except to itself, the *Evening News* has commenced criticising the *typographical* errors of our editorials. Such employment is fully in keeping with the mission of our neighbor.

THE LATE RAINS.—Our country friends inform us that the recent rains have greatly improved their crops of corn and cotton, and they now hope for something like a remunerative yield from the latter, while the former is put beyond all doubt or uncertainty.

HEALTH OF ST. LOUIS.—The *Leader* gives the annexed abstract of deaths in the city of St. Louis for the week ending July 27: White males, 55; white females, 36; free colored, 2; slaves, 2; total, 95. Of this number 62 were children of the age of five years and under.

☞ We would invite the attention of steamboatmen and the public generally to the advertisement of Messrs. DAVIS, WILLIAMS & Co., Steamboat and Railroad Agents. It will be found on the third page in the last column. We can commend this firm to the public generally, as industrious and enterprising men. Their office is No. 3 Howard's Row.

FARE TO THE CONVENTION.—The Nashville and Chattanooga, Memphis and Charleston, E. T. and Va., and E. T. and Ga., Railroad Companies have agreed to carry delegates to the Southern Commercial Convention to meet in Knoxville on the 10th of August, at half-fare. The Virginia and Tennessee, and the Alabama and Tennessee River Companies carry them free.

EPISCOPAL CHURCH.—We observe that this church edifice is now undergoing some important repairs and improvements. It is to be considerably enlarged, sufficiently to accommodate three or four hundred more persons, and handsome stained glass is to be substituted for that now used. When completed, the improvements will add greatly to it's comfort and architectual appearance.

MEMPHIS BOTANICO MEDICAL COLLEGE.—The Twelfth Annual Announcement of this Institution for the session of '57 and '58 has been placed upon our table. Most of the faculty have been long and favorably known to the public, and those who have been recently elected come in, too, with high recommendations. All the chairs will be certainly filled, so that students may rest assured there will be no disappointment in this respect. We commend the Institution to the public.

☞ REV. S. WATSON, editor of the *Christian Advocate*, published in this city, after close and untiring devotion to the columns of this worthy paper for about twelve months, left the city on a tour to the Northern cities, for the purpose of recruiting his health. He has left the editorial chair to the capacity of Mr. TEMPLE, Pastor of the Wesley Church, in this city. A pleasant trip to Mr. WATSON, hoping he may return to the city in the enjoyment of health and renewed energies.

ACQUITTAL OF MADELINE SMITH.—We learn by the steamer *Circassian* that Miss MADELINE SMITH, the fast young lady of Glasgow, who was tried for the murder of her lover, EMILE L'ANGELIER, has been acquitted. Moreover, it is added that she had taken passage in the steamer *Asia* for the United States. The *Asia* left Liverpool on the 11th inst., and is now fully due at New York. So there will be a lionne in New York who will receive some of the honors hitherto bestowed upon Mrs. BURDELL-CUNNINGHAM. MADELINE SMITH, however, being young and pretty, will be rather more interesting than the Bond street heroine.

A RETURNED NICARAGUAN.—Lieut. FULTON, who was once connected with the Mississippi press, and served in the Nicaragua war under Capt. MCMANUS, is now in the city, on his way to Yallobusha county, Miss., where his relations reside. We had a short interview with him yesterday, from which we learned that he returned by the way of New York. His appearance indicates that he has not been a stranger to the hardships of military service, and his conversation gives evidence of high intelligence and a full appreciation of the noble qualities of his commander-in-chief. He carried his family with him to Nicaragua. They accompanied him on his return as far as New York, but his straightened circumstances induced him to leave them there until he could procure from friends in the South the means for bringing them home.

It has been suggested that a lecture, at some proper time and place from Lieut. FULTON, would serve the double purpose of enlightening our people in regard to Nicaragua affairs, and afford a distressed Nicaraguan the means of rendering present comfort to himself and family. The recital alone of his hardships should be sufficient to give him a large audience. What say our citizens? What say the friends of Nicaragua? What say the liberal-minded and charitable?

SANTA FE DEMOCRAT.—We are in receipt of the first number of a neat little paper published at Santa Fe, New Mexico, in the Spanish and English languages, by MIGUEL E. PINO. It is strictly Democratic.

We learn from the *Democrat* that S. M. BAIRD has been nominated by the Democracy for Delegate to Congress in place of Mr. OTERO, who, it is charged by that paper, has misrepresented the Territory of New Mexico for two years. Judge BAIRD has been a Representative in the Territorial Legislature and is well qualified in every respect to serve his constituents efficiently.

Speaking of the prospects of our party in New Mexico, the *Democrat* says:

"According to our advices from all parts of the Territory, the people are alert and working to advance the good ol' Democratic cause. Let the people of all the counties enter into the contest, with the same spirit as the people of Rio Arriba and Taos. We are created by the same God, lighted by the same sun, and rained upon by the same waters, as our fellow-citizens from the States; we have the same laws that they have, and it is our duty to extinguish all prejudices of races, and unitedly work for the welfare of the Territory. This is in accordance with Christianity and Democracy."

BRANCH POST OFFICES.—It is said the Postmaster General is about to establish branch post offices in Philadelphia, New York and Boston on the Lonsion and Paris plan.

FOG BELL.—The new fog bell at Gloucester, Mass., tolled its warnings to mariners throughout the whole of last Friday night, and was heard quite distinctly five or six miles distant from it.

WHAT NEXT?—A machine has been invented, says an exchange, for shearing sheep, the operation requiring but three minutes, when the animal jumps from the machine, so smooth that one would suppose it had never had an outer coat to its back.

Port of Memphis.

Arrivals and Departures.

Winchester, St. Louis to Memphis.
R. J. Lackland, New Orleans to St. Louis.
Rodolph, St. Louis to Memphis.
Wm. Dickson, St. Louis to Memphis.

River Matters.

The departure of those boats only, which advertise with us, is noticed in our river column.

Nothing pleases the eye of a business man so much as to see fresh arrivals of Goods and Groceries. Our Levee presented a business appearance for a while yesterday—three fine steamers from St. Louis landed during the day and discharged their cargoes. The river at this point is about at a stand. Not much change in the weather; it continues cloudy with indications of rain.

The *Belfast* will be in port to-day from Cairo, bound for the south after the arrival of the cars this evening. She is an excellent passenger packet and has the best of accommodations. Persons desiring a trip to the Crescent City should avail themselves of this opportunity.

The *Evansville*, Capt. Baird in command, and Mr. Ali. Thompson clerk, will leave for White river and all intermediate points at 4 P. M.

The elegant and new steamer *E. H. Fairchild* will be up from New Orleans to-morrow morning at 5 A. M. This is her first trip up the Mississippi. Capt. Faurett will be in command. He is an experienced boatman and has everything in the right place.

LOUISVILLE, July 27.—The river had risen 3 inches up to last evening. There were then 4 feet 4 inches in the canal.

The St. Louis *Evening News*, of July 28, says:

River matters at our port have undergone no material change. The *Henry Clay* reports the Mississippi very low and falling all the way down. The *Brazil* aground on the Lower Rapids, and the *Metropolitan* aground above Cape au-Gris. The *Clay* tugged at her for three hours, but did not move a grain; she is fast for the season. There are about 32 inches water on the Lower Rapids.

OLD CLAIM REVIVED.—The French Spoliation scheme is up again with a view of bringing influence to bear on the next Congress. A convention of the claimants has been proposed at Philadelphia for the purpose of taking measures to secure the passage of the bill, which, it is said, Mr. BUCHANAN will sign.

A FEMALE ASTRONOMER.—Miss MITCHELL, of Nantucket, Mass., the American lady-astronomer, sailed from New York on Wednesday for Europe, where she will remain a year, visiting the great observatories. Her companion is Miss SWIFT, the daughter of the great banker of Chicago.

THE OPPOSITION TO NAPOLEON IN FRANCE. The number of the opposition votes cast in the late French election is stated to have been about a million. Nine-tenths of these were cast in the cities and large towns of the empire. It is alleged that if the opposition had had more time to organize, it could have doubled or tribled the number.

☞ Madame ANNA LAGRANGE, the distinguished cantatrice, had a benefit at the Academy of Music, in New York, on Monday, at which the receipts were $3,000. At the close of the first act of *Norma*, Col. FULLER, of the *Mirror*, presented the fair beneficiary with a crown of solid gold.

MARRIED.

On the 27th, at the residence of the bride's father, by the Rev. W. F. Talley, Mr. JOSEPH H. ARINGTON to Miss P. D. TALLEY, all of Collierville, Tenn.

DIED.

At his residence, in Coahoma county, Mississippi, on the 19th inst, JAMES S. KILLEBREW, in the fifty-ninth year of his age.

Clarksville *Jeffersonian* please copy.

At the residence of her husband, in De-Soto county Mississippi, on Sunday evening, the 19th of July, at 4 o'clock, after a short but painful illness, Mrs. ROXANNA T. Jones wife of M. D. Johnson, in the 26th year of her age.

Her remains were removed to Marshall county, Mississippi, and interred in the burying ground near the residence of her parents, and where repose several members of her family.

Mrs. Johnson was an excellent and superior woman. Gentle, quiet, sincere and unobtrusive in her manners—it was emphatically the sanctuary of home and the social circle that the amiable and amiable qualities of her character could be fully known and appreciated. She was a dutiful and affectionate daughter, and an affectionate wife and mother, one of the best and most devoted of wives. She leaves two little children, an afflicted husband, and a large number of her relations and friends to mourn her irreparable loss. Mrs. J. was perfectly resigned to death, and only regretted having to leave her family. Though dead she yet liveth; for she lived in the Faith, "to live was Christ, but to die was gain." The deceased was a native of Mississippi.

RANAWAY from my plantation, nine miles southwest from Somerville, Fayette county, Tenn., on the 16th July, 1857, the following NEGRO MEN, as follows, viz.: ADAM, 40 years old, light complexion, hair somewhat gray, weight about 145 pounds, about 5 feet 10 inches high, has a scar on his nose, and one of his knees is enlarged by a cut. FED, 25 years of age, black complexion, weight 155 pounds, about 5 feet 10 inches high. SANDFORD or SANK a very likely mulatto, about 21 years old, heavy build, weight about 170 pounds, and about 6 feet high.

I will give the above reward for their delivery to me, or if they are secured in jail so that I get them, if caught out of this State; one half, if in any other State out of Fayette county; or one-third for either of them caught in or out of this State, as the case may be.
