FALL WORK.—THE SUMMER HAS COME, and FALL work must be done upon the FARM and PLANTATION, and in the GARDEN, and to make this work profitable, it should be well done. The TENNESSEE FARMER AND MECHANIC, is filled every month, with just such plain, practical and reliable information as will materially assist in accomplishing this end. It will be found worth ten times the subscription money to every person engaged in these occupations.

SOUTH-WEST.—Every Farmer in the Southwest would find this Journal a benefit to him out-door labors, as the articles are prepared with a strict reference to this latitude and its productions, giving the most successful methods of cultivation, harvesting and preparation for market.

This Journal is a large octavo, containing 48 pages of READING MATTER every month, besides all illustrations. It contains annually more than six hundred instructive articles, each and every one of which, are valuable and interesting to the farmer, or mechanic. It is hardly possible that any one with THE FARMER, PLANTER, GARDENER, FRUIT-GROWER STOCK-RAISER, or the CULTIVATOR of only a VILLAGE LOT should read a Journal of this character without obtaining information that would render it a labor more profitable.

LABOR SAVED.—Farmers often expend $200 to $3000 a year, in planting, sowing, cultivating and harvesting, and then attempt to save two dollars in carting it to market. Some farmers with a Journal devoted to their own interests, and a little more than one of the successful methods of carrying on similar operations pursued by others.

MONEY MADE.—COTTON PLANTERS will find treatises upon the cultivation of Cotton, embracing the whole subject and treating it in the great Mississippi manner. These articles cannot but take worth more than the subscription price, to every planter engaged with cotton production. Try it one year, and see if we are unreasonable.

COTTON FIELDS.

TOBACCO CROPS.—TOBACCO PLANTERS, are likewise remembered. Treatises that have appeared in the FARMER AND MECHANIC, upon this subject, is to us one of the most practical and satisfactory character, and we shall give hundreds more of the same sort. Try it and see if you are not repaid more than two dollars.

STOCK MEN.—STOCK RAISERS will find this Journal a valuable auxiliary in their operations, as the whole subject is thoroughly discussed in its pages, giving full and explicit directions in regard to breeding, raising and care of all kinds of domestic animals.

STOCK RECORD.—The "TENNESSEE STOCK REGISTER," is a new feature, and has already added much popularity to this Journal. To persons of pedigree stock and valuable animals in the State will appear in this department of the FARMER AND MECHANIC.

MECHANICS.—MECHANICS' interests, are especially attended to, and all the improvements of the day, from time to time.

EDITORS.—Each number is beautifully illustrated with ENGRAVINGS of animals, fruit, machinery, cottages, &c.

We have engaged the assistance of highly practical and practical Associate EDITORS, in both East and West Tennessee, who will furnish articles adapted to these Editors. Other Correspondents in all parts of the State and the Southwest, will furnish for our columns valuable and instructive articles.

TO GET IT.—To get the Farmer and Mechanic for a year, it is only necessary to send two DOLLARS with your name, Post Office and State, and it will come by return mail.

Address L. P. WILLIAMS,
Nashville, Tenn.

CLUB TERMS—Six copies $10. Ten copies $15; always in advance. All subscriptions close with the time for which they are paid.

The July number of the FARMER AND MECHANIC, is a rare specimen of each number of the Volume. It is beautifully illustrated with engravings and contains the following valuable matter: The Culture of Rice Grass; also, a practical article upon the construction of Hill-Side Ditches. In this number will be found also, a great many other articles upon the operations of the Plantation and Shop, each one of which is worth the subscription price of the Journal. Subscriptions can commence with the July number, at $2 a year, or $1 for six months.

SOUTHERN PACIFIC RAILROAD COMPANY.

This Company, as the public is aware, has been organized, and its office has been changed from New York to New Orleans, according to the resolutions of the Board of Directors, a copy of which is herewith appended:

A Secretary, Mr. GEORGE W. LAWRISON, and three additional Subscriptions, jun-tt: J. J. Parsons, of the firm of J. J. Persons & Co., and Saunders, of the firm of Ward, Saunders & Hunt, and A. M. Holbrook, Esq., all of whom are gentlemen of the highest character and capacity. The Board of Directors, as now constituted, contains a majority of Southern men.

I have the fullest and most entire confidence that the great object of the Company—the construction of the road through the State of Texas, and eventually to the Pacific, will be fully accomplished.

Of the ten millions of stock authorized to be issued by the above resolutions, and on which only five dollars per share is called for, $100 per share, or twenty dollars, or one, or a very thousand shares, have been taken at New Orleans. Of the balance of said stock, one million, or ten thousand shares, will be offered for sale in Philadelphia. Books for its subscription will be opened on the day, Friday, the 1st of May, at the Bank of I. B. Kirkpatrick, and will continue for a few days.

The road is rapidly progressing. Twenty miles only is required to be finished by the 15th of February, of these, ten miles are now graded and cross-tied, and about 1 or more graded and ready for the cross-ties and rails. Twenty-five hundred of the cross-ties have been purchased and paid for, of which upwards of twenty four hundred have been shipped to the point of destination at which they are needed.

Contracts have been made, and sufficient force is now at work upon the road to complete, not only the twenty miles above required, but at least twenty five miles by the time above designated. The charter, and all the donations of lands, particularly the large grant by Congress, and the management and control should be in Southern hands; it course and more especially interested in the preservation of the works, and that a majority of the Directors should always be residents of the South. Therefore the following by law is hereby adopted:

Be it enacted by the Board of Directors of the Southern Pacific Railroad Company, That the majority of the Directors of said Company shall be actual residents of the Southern States.

Resolved, That twelve millions of stock be, and is hereby authorized to be issued. Books for its subscription shall be subject to the order of the President, for the purpose of paying what is due by the Company for iron, grading, debts, etc., and for constructing and finishing said road, and for the purchase of rolling stock.

Resolved, That, whereas, the charter requires that the structure of the road shall be stockholders, as soon as the road is completed, or so much thereof as which will pay into the treasury of the Company $300,000, and amount to be paid in, four Directors from the South shall be selected from the stockholders, to fill the places of four Northern Directors.

Resolved, That the office of the Company shall hereafter be kept in the city of New Orleans, where it shall remain until the road is finished through Texas; and all the books, papers, etc., belonging to, or appertaining to said Company, shall be, and they are hereby directed to be transmitted to the Secretary of the Interior. The Secretary shall hereafter reside in New Orleans. This is to take effect as soon as $300,000 in cash of the stock hereinbefore authorized to be issued, shall be subscribed and paid for.

Resolved, That it is should be deemed necessary to obtain a loan of money, for building the road, or any part thereof, the bonds of the Company may be issued Convertible, payable in money or mortgage on the road, lands, or other property of the Company; and it shall form a part of the contract of said loan or loans, that said property and stock shall also be held upon for payment of said bonds; and that there shall be no individual liability on the stockholders, whether for stock subscribed for by them or other liability.

Resolved, That no other five per cent. stock on which $50 per share only shall be stipulated to be called for shall ever be issued, except the twelve millions hereinbefore authorized, but the Board of Directors—two-thirds of the whole number concurring—may, if the interest of the company requires it, issue stock upon which ten per cent. or more shall be called for; said stock to be paid for in such instalments as said Directors may require.

Resolved, That the foregoing resolutions are hereby declared to be a part of the contract of subscription to which the twelve millions of stock hereinbefore mentioned, is authorized to be issued.

Resolved, That the building of this road is eminently a national enterprise, and that as the road is to be constructed in the South, it is the desire of the Board, and of a large majority of the stockholders, as they believe, that the management and control should be in Southern hands; and course and more especially interested in the preservation of the works, and that a majority of the Directors should always be residents of the South. Therefore the following by law is hereby adopted:

Be it enacted by the Board of Directors of the Southern Pacific Railroad Company, That the majority of the Directors of said Company shall be actual residents of the Southern States.

Resolved, That twelve millions of stock be, and is hereby authorized to be issued. Books for its subscription shall be subject to the order of the President, for the purpose of paying what is due by the Company for iron, grading, debts, etc., and for constructing and finishing said road, and for the purchase of rolling stock.

Resolved, That, whereas, the charter requires that the structure of the road shall be stockholders, as soon as the road is completed, or so much thereof as which will pay into the treasury of the Company $300,000, and amount to be paid in, four Directors from the South shall be selected from the stockholders, to fill the places of four Northern Directors.

Proceedings of the Board of Directors of the Southern Pacific Railroad, adopted March 27, 1857.

At a meeting of the Board of Directors of the Southern Pacific Railroad Company, held in the city of New Orleans, on the 27th March, 1857, the following resolutions and by-laws were unanimously adopted:

1. *Resolved*, That the office of the Company shall hereafter be kept in the city of New Orleans, where it shall remain until the road is finished through Texas; and all the books, papers, etc., belonging to, or appertaining to said Company, shall be, and they are hereby directed to be transmitted to the Secretary of the Interior. The Secretary shall hereafter reside in New Orleans. This is to take effect as soon as $300,000 in cash of the stock hereinbefore authorized to be issued, shall be subscribed and paid for.

2. *Resolved*, That if it should be deemed necessary to obtain a loan of money, for building the road, or any part thereof, the bonds of the Company may be issued Convertible, payable in money or mortgage on the road, lands, or other property of the Company; and it shall form a part of the contract of said loan or loans, that said property and stock shall also be held upon for payment of said bonds; and that there shall be no individual liability on the stockholders, whether for stock subscribed for by them or other liability.

3. *Resolved*, That no other five per cent. stock on which $50 per share only shall be stipulated to be called for shall ever be issued, except the twelve millions hereinbefore authorized, but the Board of Directors—two-thirds of the whole number concurring—may, if the interest of the company requires it, issue stock upon which ten per cent. or more shall be called for; said stock to be paid for in such instalments as said Directors may require.

4. *Resolved*, That the foregoing resolutions are hereby declared to be a part of the contract of subscription to which the twelve millions of stock hereinbefore mentioned, is authorized to be issued.

5. *Resolved*, That twelve millions of stock be, and is hereby authorized to be issued. Books for its subscription shall be subject to the order of the President, for the purpose of paying what is due by the Company for iron, grading, debts, etc., and for constructing and finishing said road, and for the purchase of rolling stock.

6. *Resolved*, That, whereas, the charter requires that the structure of the road shall be stockholders, as soon as the road is completed, or so much thereof as which will pay into the treasury of the Company $300,000, and amount to be paid in, four Directors from the South shall be selected from the stockholders, to fill the places of four Northern Directors.

The British Periodicals

AND THE

FARMER'S GUIDE.

Great reduction in prices of the latter Publication.

LEONARD SCOTT & CO., New York, continue to republish the following British Periodicals, viz:

1. THE LONDON QUARTERLY REVIEW, (Conservative.)
2. THE EDINBURGH REVIEW, (Whig.)
3. THE NORTH BRITISH REVIEW, (Free Church.)
4. THE WESTMINSTER REVIEW, (Liberal.)
5. BLACKWOOD'S EDINBURGH MAGAZINE, (Tory.)

These Periodicals ably represent the three great political parties of Great Britain—Whig, Tory and Radical—but politics form only one feature in the character. As organs of the most profound writers on Science, Literature, Morals and Religion they stand, as they ever have stood, unrivalled in the world at letter, being considered indispensable to the scholar and the professional man, while to the intelligent reader of every class they furnish a more correct and satisfactory record of the current literature of the day throughout the world, than can be possibly obtained from any other source.

The receipts of ADVANCE SHEETS from the British publishers give additional value to these reprints, especially during the present state of European affairs; insomuch as they can now be placed in the hands of subscribers as soon as the original editions.
