THE DAILY APPEAL.

SUNDAY MORNING, AUGUST 2, 1857.

$20 REWARD.

The first and second bound volumes of the WEEKLY APPEAL are missing from our office. They are the only bound volumes of this paper now extant. We will give the above reward for their discovery and delivery at our office, or we will give ten dollars for either of the volumes.

☞ All persons having books belonging to the APPEAL Library, are requested to return them, and all persons are requested not to ask for the loan of books hereafter, as no such request can be complied with.

WEEKLY APPEAL.

This edition of our paper is mailed to its subscribers this day. It will contain, as usual, all the current intelligence of the day, obtained by telegraph and from our large exchange list, up to the hour of going to press. Copies of it are kept for sale at our counting-room at ten cents each.

DEMOCRATIC ASSOCIATION.

The Democratic Association of Shelby county will hold a meeting, at their rooms opposite Odd Fellows' Hall, on Wednesday night next, at 8 o'clock. A punctual attendance is earnestly requested.

☞ Mr. STEPHENS announces that he cannot meet his political friends again on Wednesday evening next as previously announced.

☞ Mr. J. B ARCHER, of the fine steamer *Northerner*, and Mr. R. M. ROBBINS, of the steamer *Edibur*, have our thanks for late up dates.

☞ Remember CATCH & SON's great sale of printing and wrapping paper, groceries, furniture, dry-goods, carpets, two carts, one dray, and one wagon, takes place this morning.

☞ All persons are requested not to purchase papers from our regular carriers, as they are not authorized to sell them. An observance of this request will greatly oblige the publishers.

☞ We had the pleasure of a visit yesterday from J. B. MCRAE, Esq., Private Secretary of Governor MCRAE, of Mississippi, who was on his way to Knoxville to attend the Southern Commercial Convention at that place.

CHEAP COAL.—Mr. H. B. POLSON, at foot of Jefferson street, is selling best Pittsburgh coal at five cents per barrel cheaper than any other dealer in market. Now is the time to buy your winter supply.

Mr. W. W. HODGE, of the firm of DAVIS, WILLIAMS & Co., has laid us under obligations for late New Orleans dates ahead of the mails. Also, Mr. CHAS. STEELE, the attentive steamboat agent, will accept our thanks for late favors.

FOR THE KNOXVILLE CONVENTION.—Mr. J. M. VERNON, late of the New Orleans *Delta*, was in the city yesterday. He is en route for Knoxville, where he goes to attend the Southern Commercial Convention. He will stop on the route to see the various localities of interest.

☞ Hon. J. L. ALCORN, of Coahoma county, Mississippi, has addressed a letter to the Committee of the American Convention of Mississippi, declining the nomination for Governor of Mississippi, and announcing himself a candidate for Congress in the First Congressional District against Mr. LAMAR.

☞ We invite the attention of our citizens to the card of Messrs. J. W. WATSON & Co., who, having purchased of Messrs. H. H. CLARK and J. E. MERRIMAN their stock of fine chandeliers and fancy gas fixtures, are now prepared to execute all orders in their line on short notice. They will give prompt attention to gas fitting, &c., &c. See their card.

☞ We learn that the Democracy had a glorious re-union at Galloway's Switch, in Fayette county, last Saturday. The crowd was estimated at from fifteen hundred to two thousand, and was addressed by D. M. CURRIN, J. E. R. RAY and H. R. BATE, all of whom made able and interesting speeches. The best feeling prevailed and the Democracy in that locality are in the highest spirits, determined to give a good account of themselves next Thursday.

To-day Governors JONES and MATTHEWS address a mass meeting at Somerville, and to-morrow Gov. JONES will speak at Court Square, in this city.

BUSINESS DIRECTORY.—SAMUEL E. WELLS, the persevering "News Man" on all the Railroads coming to Memphis, has published a prospectus of a Business Directory and Commercial Advertiser, which he proposes issuing by the first of January, 1858. The work will contain a classified list of the names of dealers, manufacturers, artists and professional men, their business and business locations, alphabetically arranged, in all the principal cities and towns in the following States: Tennessee, Mississippi, Arkansas, Alabama, Georgia, South Carolina and Louisiana. It will also be a complete Steamboat and Railway Guide.

Any communications addressed to WELLS & NORTON, Memphis, Tenn., will meet with prompt attention.

THROUGH FREIGHTS FROM NEW YORK, PHILADELPHIA, &c., VIA MEMPHIS AND CHARLESTON RAILROAD.—It gives us pleasure to state that arrangements have been made by which, in double quick time, freights from the Northern cities will be put through to Memphis and all intermediate places—*bona fide through freight*. Goods are brought by steamships to Charleston and Savannah, and thence by fast day and night express trains to Memphis, and to all points on the Memphis and Charleston Railroad. Shippers may rely upon certainty and speed by this line, as their arrangements and equipments are now complete, the obstruction at Augusta having been wholly removed. We learn that shipments may be made by this route in ten or twelve days from New York, and no mistake.

'SENSIBLE TO THE LAST'—OLD PLAY.—The long continued and oppressive heats of summer compel the cessation of most all kinds of business at the South; and merchants, brokers and bankers can be found at the springs, in the mountains, or in Northern cities, trying to kill time till the autumn—and most effectually depleting their purses. It was noticed, last fall, that many shrewd business men returned to their homes with more money than they left with. As they had spent money freely at all the fashionable watering places, and had no apparent business in the mean time, the question was often asked: what Genii had they subjected to their power, to fill their leaking coffers to repletion?

"Dave no Slave of the Ring"—said one in reply.—"or Genii of the Lamp, but a simple operation that required no thought, no calculation, no time, and but little risk—with great chances of brilliant success. It was a simple investment of ten dollars for one whole ticket in each of Swan & Co.'s Lotteries. The tickets cost me, in three months, $120, and"—said he, slapping his pocket—"I netted $14,500! If you want to do as much, you may do the same, you will write to S. Swan & Co., Atlanta, Ga., and enclose a ten, five, or two dollars and a half, as you may decide to take a whole, half or a quarter ticket. One thing is sure if you draw a prize in their Lotteries, you are *sure to get it*." And he left his enquiring friends wiser if not better men.—*Montgomery Mail.*

SILK, COTTON AND WOOL.—The three great articles of manufacture, silk, cotton and wool, are rapidly rising in prices in Europe, and doubtless entertaining whether the supply of any one of them will be found equal to the demand. Wools selling at from 42c. to 45c. the todd of 28 lbs.; and the greater part of the clip, which was on the sheep's back a month ago, has already, it is stated, passed into the hands of the speculator of the manufacturer.

GOVERNOR OF WASHINGTON TERRITORY.—FAYETTE MCMULLEN, appointed Governor of Washington Territory, will leave for that country on the 5th of the present month.

FLIES.—Housekeepers, grocers, butchers and all are crying out against the plague of flies. The following method of preventing their ingress into shops may be of value:

A traveler remarks that the butcher shops of Geneva are all open, and although immense numbers of flies may be seen on the outside walls, not one comes in. This is caused by the inner walls being rubbed over with laurel oil, which is an effective preventive against the intrusion of these troublesome insects.

☞ In Philadelphia, July 22, Mr. Godard made a balloon ascension, mounted on a live pony. After ascending some clearance he clambered into the basket rim, leaving the pony dangling below.

☞ No person can be well born, they say, with the Arab, unless water will do for him the work of the mother, with the foot standing bare on the ground.

☞ Col. Wood has made an arrangement with the Siamese Twins for five years, for exhibition in the principal Southern cities of Cuba and Peru.

☞ In 1772 it would have cost a laboring man 13 years labor to purchase a Bible; as his pay would only be 15 pence per day, while the price of a Bible was £30.

☞ The amount of receipts into the United States Treasury for the week ending Monday, July 20, was $1,184,725 64.

☞ A World's Temperance Convention is to be held in Chicago, Illinois, the present summer.

River Matters.

The departure of those boats only, which advertise with us, is noticed in our river column.

The river at this point is falling slowly. Business transactions at the wharf were somewhat brisker than for a few days past. The weather last evening appeared clearing up with every prospect of a continuance.

The fleet packet *Editor* moored at our landing yesterday at her regular hour, with a good freight and passenger list. She will leave at 3 P. M., positively, for St. Louis. She is a fine boat and Capt. Smith, her commander, is a gentleman from head to foot. Mr. R. M. Robbins is behind the desk to register names and procure berths for those who would like a pleasant trip up the Mississippi. She will connect at Cairo with the Illinois Central Railroad. Remember the hour and be on board in time.

The fast packet *Kate Frisbee* came in at her regular hour on Sunday evening from Napoleon, bringing a fine list of passengers, as she always does. She left again for that port yesterday at 2 P. M.

The fine steamer *Ben Franklin* will be at our port to-morrow from Cairo to receive all freight and passengers for the South. Capt. J. D. Clark and Miles Temple are on board to see that all is right.

The new packet *Rodolph* is our next packet due from St. Louis. She will be here on next Thursday.

We clip the following from the St. Louis *Republican* of August 1st:

"We have nothing new to report in regard to the rivers. All the upper streams are getting low and difficult to navigate. The packet *Keokuk* did not arrive yesterday until several hours after her regular time, in consequence of getting aground on the way down. Business on the wharf continues dull and receipts light. The only boats that arrived on to-night's levee last night were the *Star of the West*, *W. H. Russell*, *Sprad Eagle* and *Thos. E. Tutt* from the Missouri river; the *E. M. Boland* from the Ohio; *Edison* from Lasselle; *Editor* from Memphis, *Keokuk* from Keokuk. They brought, in the aggregate, less freight than would load one respectable sized steamboat.

DIED.

Friday, July 31st, 1857, of Consumption, CLARKSON JOHNSTON, in the 22d year of his age.

A Reward is Offered!

For the detection of any person counterfeiting, imitating, or the vender of any such counterfeit or imitation of BOERHAVE'S HOLLAND BITTERS. The genuine, highly concentrated *Holland Bitters* is put up in half-pint bottles only, having the name of the proprietor, B. FAHX, Sr., blown in them, and his signature around the neck of each and every bottle.

This delightful *Aroma* has been received by Americans, with that favor which is only extended to really scientific preparations. When we consider the marked success attending its administration, to the most stubborn cases of Fever and Ague, Weakness of any kind, Dyspepsia, Heartburn, Acidity of the Stomach, Sick and Nervous Headache, Indigestion, Costiveness and Piles, together with the complete control it exercises over all Nervous Rheumatic, and Neuralgic Affections, we cannot wonder at its popularity. Well may the invalid value this remedy.

Rich's Safes Tested.

THE numerous parties who have purchased from me RICH'S SAFES, made by Greene & Martin, are mutually interested in every, each and every fire that occurs. We therefore invite such, as well as the public generally, to an inspection of Mr. S. Although the locks and other variables were removed from the Safe previous to its abandonment for the burning building, yet the few loose papers left in it, and the unhanged door, proved to be no fire proof, and satisfactorily establish its superior Fire-Proof qualities as though the books had been allowed to remain.

MEMPHIS DAILY APPEAL OFFICE, TUESDAY, August 4, 1857.

THE CORN AND COTTON CROPS.

Thus two articles are linked in with more interest by all, or rather citizens than any other staple that grows. We judge from appearances the last two weeks that we shall have one of the most abundant crops of corn that has been gathered for years. We are afraid that the past week has not been so favorable for Cotton, owing to its being so small and late. We fear that the late rains will make it grow too fast and all go to weed; and should this weather continue long it certainly will cut the crop short, without we have a very late fall.

THE WHEAT CROP

Brought confidence back, but prices are tending downward with sales to late as 90c. to $1, exclusive of sacks, and $1.05 to $1 12½, including sacks. Our receipts are principally from the western portion of the State and North Mississippi. Our northern merchants have no right to complain about the wheat crop, for our exchanges bring us the most cheering news of the abundant crops of Wheat that are gathered in all portions of the United States.
