THE DAILY APPEAL.

WEDNESDAY MORNING, AUGUST 12, 1857.

☞ There was not a single arrival of steamboats at the river yesterday, up or down. The levee was dull and—hot, it may be assumed.

☞ Gen. HENNINGSEN of the Nicaraguan army, passed through Augusta, Ga., on the 5th inst.

☞ The Adams Express Company continue to favor us with late dates, by their express from New York. Such favors are highly appreciated and gratefully received.

☞ Dr. Jno. THOMAS, celebrated divine from New York, will preach this (Wednesday) night, at the Christian Church, corner St. Patrick and Linden streets.

☞ See the advertisement in another column of a negro girl offered for sale by W. P. PROUDFIT. A bargain may be had by calling on him.

☞ We are glad to see that the two rival omnibus lines have settled their matter of dispute with perfect fairness and justness to all parties.

MEMPHIS FIRE ASSOCIATION.—At a meeting of Invincible No. 5, held last night, Mr. J. B. SYNNOT was elected a delegate from that company to the Memphis Fire Association, in the room of W. A. MCEWEN, Esq.

NEW BOARD OF HEALTH.—The following physicians, by appointment of Mayor BACON, will constitute the Board of Health for the ensuing twelve months: Doctors TUCKER, IRWIN, KENNON, FENNER, GRANT and WASHINGTON.

DISSOLUTION.—We direct attention to the advertisement of Messrs. NELSON & NEWELL. The latter retires from the firm, and the business will be continued by the former. We recommend him and his wares to the patronage of our readers.

MISSISSIPPI & TENNESSEE RAILROAD.—We learn from Pres. WHITE that the cars of this road will pass over the bridge on the Tallahatchie river, at Parola, to-morrow. The completion of the road beyond the Tallahatchie will open up a most valuable trade to Memphis, which will soon be felt by our merchants and other business men.

CELEBRATION OF THE DEMOCRATIC VICTORY IN TENNESSEE.—We acknowledge the compliment of an invitation to attend the JUBILEE BARBECUE which is to be given at Collierville on the 19th inst., by the Democrats of the 10th civil district, in honor of the recent glorious triumph in Tennessee. We will take pleasure in attending.

☞ The officers of the steamer *Belfast*, which arrived here late on Monday evening, furnished us with dates from New Orleans to last Thursday evening. She proceeded up to Cairo yesterday morning, after discharging considerable freight here, and putting off a number of passengers bound East, via Memphis and Charleston Railroad.

MEMPHIS MEDICAL RECORDER.—The number of this work for July has been laid upon our table, replete, as usual, with interesting matter to the medical practitioner, and others feeling an interest in the science. The chief editor, Dr. WRIGHT, is a very diligent and able writer of pre-eminent scientific attainments, as the work under his charge will amply testify.

☞ Yesterday, if not the hottest, was certainly one of the warmest days of the season. Throughout the long and heated hours, the sun poured down its fiery rays with bleeching fervor, furiously destructive to vegetation, and insufferably annoying to bipeds. As Mr. SAMUEL WELLER, Junior, remarked to the elder WELLER, "O, for some *congeling spirits!*"

☞ The small transactions in our general market are so slight, that we have been compelled to discontinue our daily reports, and only give once a week a *resume* of the business done. A few leading articles, only, of produce, command the attention of dealers and speculators, and should any change in prices occur, we shall promptly note it. Wheat is coming daily in large quantities, but there is no quotable change in the figures, since our last report.

ROBBERY.—A gentleman named O. W. ROSWELL, from Mississippi, was robbed at the Worsham House, night before last, of some $425, while sleeping in his room. Suspicion fell upon a negro serving man, who was arrested and whipped severely, when he confessed to the theft and promised to get the money; but on being taken to the hotel again, he refused to tell where it was, when he was again taken back to the jail to be lashed. We could not ascertain whether the money, or any part of it, has yet been recovered.

☞ Many of our merchants are making extensive preparations for the fall trade, looking forward to an increased business; nor do we believe their expectations on this head are altogether without foundation; for although it would seem like hazarding an opinion in these dull times and the dull aspect of things out of doors, to the jingle of the trowell, and clashing of hammers, these are indications to the observant tradesman that the present gloomy state of affairs, their expectations will be more than realized. The accounts of the crops are encouraging, and all know what influence a bountiful yield of grain and cotton has in replenishing pockets, and brightening up desponding faces. There is a great time coming, if we have the patience to wait for it.

A FUGITIVE.—Messrs. T. B. MYNATT & Co., detective police agents of this city, received yesterday a letter from JOHN LINDLY, U S Marshal of Arkansas, stating that JAS. R. BUCHANAN had escaped from the Marshal of the Eastern District of that State, and authorizes them to apprehend him. There is a reward off-red for him, and any information leading to his arrest will find attention by addressing the above firm here. BUCHANAN is about thirty or thirty-five years old, five feet eight or nine inches high, red complexion, sandy hair, protruding chin, retreating forehead, wears his hat on his forehead low to his eyes, a lawyer by profession, fond of show, and a great brag.

SHELBY AGRICULTURAL EXHIBITION.—We have had it in view for some time past to visit the Fair Grounds of the Shelby Agricultural Society, and give a lengthy description of the improvements going on there for the purpose of more adequately accommodating the exhibition of the articles that will be displayed at the meeting in September next. Other duties, however, have intervened to prevent this desire, and we have not had the pleasure of doing so. We are well satisfied, nevertheless, that the improvements now being erected are amply sufficient for the anticipated exhibition. The very efficient President, Col JOHN POPE, has devoted an interest to the development of the resources and agricultural improvements of this county that is worthy of the highest commendation, and entitles him very justly to be styled as the Patriarch of the cause. With that foresight and energy characteristic of the prosperous farmer, he has seen that the true secret of the country's prosperity is its advancement in the science and improvements of the industrial products. He is in infatigable in his efforts to make the coming exhibition all that it should be, and give satisfaction to the exhibitions as well as pleasure to the visitors. The grounds have been improved and enlarged, and an elegant building is being erected (now nearly completed,) for the proper display of manufactures, cattle, horses, stock, &c.

The exhibition will exert a very salutary influence socially, as well as upon the agricultural and mechanical interests. Our people are not often brought together in great numbers, except for political purposes. We greatly need other occasions than political meetings to bring together the people of the county, so that they may learn to know each other better, and wear away the prejudices engendered by partisan differences. Such an occasion will be presented by the annual meetings of this society, where the people will assemble, not in embittered strife of party feelings, but in friendly intercourse and noble rivalry to promote the great agricultural interests, in which all are equally interested, and to exchange kindly greetings and to learn that all have misrepresented one to the other, and that there is in each much of goodness that should endear them to the other.

We are happy to learn that the approaching exhibition will be well attended, and that many of our people have entered the lists for the different prizes offered. It would be a pleasure, also, to know that our ladies were taking an interest in the matter, and extending themselves in preparing for the display, the many needful as well as beautiful articles of female handicraft. We shall take an early occasion to visit the grounds, and give in detail such notice of the progress of the work, as will serve to enlighten the public and benefit the aims of the society.

Tonic.

From Col. Albert Pike, M. C. from Arkansas:

WASHINGTON, D. C., June 11, 1856.—"I have used two bottles of your *Burkhart's Holland Bitters*, and have found it very useful in case of Indigestion and Headache, and recommend it to all who need a pleasant and efficacious remedy and valuable tonic.

DYSPEPTIC WORMS NOTICE.—*Burkhart's Holland Bitters* has cured me of Dyspepsia by using it only one week. I recommend it confidently to all suffering from this disease.

CLARA E. SCHUCHMAN.

Pittsburgh, Oct. 24, 1856.

The late High Sheriff of Allegheny county has given us the following:

"I was afflicted with Debility of the Digestive Organs amounting to a severe attack of Dyspepsia, which had reduced my flesh considerably. My wife was also afflicted under same circumstances, and with same disease. Having used your medicine called *Burkhart's Holland Bitters*, we both obtained relief, and are happy to afford you this public evidence of its value." JOHN FORSYTH.

A RETIRED PHYSICIAN

Whose minds of life have nearly run out, discovered while in the Indies, a simple remedy for Consumption, Asthma, Bronchitis, Coughs, Colds, and General Debility. The remedy was discovered by him when his only child, a daughter, was given up to die. He studied hard and succeeded in realizing his wishes. His child was cured, and is now alive and well. He has since administered the wonderful remedy to thousands of sufferers in all parts of the world and he has never lost a patient. It is a simple, completely healthy and happy. Without to do so much good as possible, he will send to each of his afflicted fellow beings on request it, this recipe, with full and explicit directions for making it up, and successfully using it. He requires each applicant to enclose him one shilling—three cents to be returned as postage on the recipe, and the remainder to be applied to the payment of this advertisement.
