THE DAILY APPEAL.

THURSDAY MORNING, AUGUST 27, 1857.

NOTICE THIS.

We frequently receive remittances for our paper at rates below those advertised. This is entirely useless, as our rates are fixed and will be departed from in no instance. Such remittances are returned in every instance, and to avoid all trouble and hazard of loss hereafter, we desire the especial attention of all concerned to this notice.

☞ All persons are requested not to purchase papers from our regular carriers, as they are not authorized to sell them. An observance of this request will greatly oblige the publishers.

☞ The *St. Francis No. 2* left yesterday for Pulaski to go on the docks for repair.

☞ Mr. RUFUS BAKER, clerk of the *Kate Frisbee*, will accept our thanks for his undeviating attentions to this office.

☞ Our friends LAVALLETTE, SHIRLEY & Co. will accept our thanks for their attentions to this office.

☞ We had a visit yesterday from Col. L. E. Houston, of Aberdeen, Miss., who is now visiting our city.

☞ The steamer *Woodruff* arrived last evening from New Orleans, with dates from that city to the 22d inst. A report of the market of the 22d will be found in the proper place.

☞ The new Bank buildings on the corner of Madison and Main streets, will be the finest finished houses in the city. The iron front is of the most beautiful and original pattern, designed by J. L. MORGAN, and cast at the foundry of ISAAC PHELON, on Adams street.

☞ It commenced raining early yesterday morning, and continued at intervals throughout the day. In the afternoon the sun shone down upon us, not in fierce and burning rays, but with a gentleness that speaks of autumn days. Last night it was cool and delightful.

☞ We understand that a suit for slander has been instituted by Mr. DYER, against Mr. HAYDON, based upon certain expressions of the latter derogatory to his character for honesty. We have not learned the amount claimed. H. D. SMALL, Esq., has been retained as counsel for the plaintiff.

☞ We acknowledge the reception of a pamphlet report of the proceedings of the Fourth of July celebration upon Look Out Mountain, and a report of the convention of the Trustees of the Proposed Southern University. Bishop OTEY's address on the occasion is all given in the pamphlet.

"COTTING AS IS COTTING."—The Messrs. ROGERS sent us from their plantation at Walnut Bend, a single cotton stalk with over one *hundred* bolls and blossoms. The stalk is not more than five feet high. If any of our Tennessee or Mississippi friends can overreach this, we would be glad to hear from them.

☞ Both the Gayoso House and new Theatre are progressing rapidly toward completion. Mr. FLETCHER is the architect of these magnificent structures, and both the design and manner of its execution reflects great credit upon his skill. We shall give a lengthy description of each of these buildings in a day or two.

☞ A most elegant and beautiful iron verandah is being put up in front of the fine block of buildings of Messrs. MOSBY & HUNT, on Front Row. The pattern is after the style of one of the Metropolitan Hotel, in New York, and was cast in this city by Messrs. CURTIS & KNAPP.

☞ We beg the indulgence of each of our advertising friends as may find their notices omitted in this issue. By one of those unaccountable occurrences which will happen in the best of families, we had the misfortune to tumble into pi the second page of our form, and were unable to have the accident remedied in time for to-day's paper. We shall endeavor to be all right to-morrow.

AGRICULTURAL BANK.—The Agricultural Bank at Brownsville, in this State, was reported yesterday as having suspended, in consequence of the failure of an Eastern house who was entrusted with a large amount of its funds. Mr. KINKLAND, who has been acting as agent for the Bank in this city, would not redeem its issue yesterday. He stated, however, that up to the latest dates, the Bank had promptly met all demands for redemption.

DISTRICT SCHOOL.—We learn that the District School of the 14th Civil District (extending from Madison street to the State line, including Fort Pickering,) will be opened on Tuesday next, under the management of Misses CAROLINE and MARY MCINTOSH, who are represented to us as young ladies possessing every desired accomplishments. This school is supported by the State fund provided for the purpose and is independent of the city school, though all in the city as well as out of it embraced within the territory of the district, are entitled to its benefits. The commissioners are HUME F. HILL, J. D. WITHERSPOON, and F. M. E. FALCONER. The school house will be situated on Pontotoc street.

☞ Potatoes are selling in Cincinnati at 25 cents a bushel. The Cleveland *Herald* says that it heard on Saturday of an offer to contract to deliver one thousand bushels in digging time at 20 cents. In New York they are sold at the markets for 75 cents a bushel, while the up-town grocers retail them at $1 75.

"Who has not heard of Boerhave's Holland Bitters!

Simple in its composition, pleasant to the taste, and truly wonderful in its effect, its popularity cannot be wondered at. To invalids just recovering strength, it is invaluable: exercising that soothing influence over the nervous system, and imparting that health and tone to the stomach, so longed for by the convalescent.—*Daily Enterprise.*

Ague and Fever, or Chills and Fever

CURED BY

SMITH'S

TONIC SYRUP.

THIS justly celebrated medicine has for many years maintained its superiority over all other remedies, for the safe, certain, speedy, and permanent cure for Ague and Fever, or Chills and Fever, whether of short or long standing; and in no case will it fail to cure, if the directions are strictly followed and carried out.

This remedy has been extensively used throughout the States of Kentucky, Tennessee, Ohio, Indiana, Pennsylvania, Michigan, Iowa, Wisconsin, Illinois, Missouri, Texas, Arkansas, Alabama, Mississippi, and Louisiana, and has permanently cured over ONE MILLION cases, in all its varied forms, many of which had been of from one to three years' standing, and had resisted all the usual remedies known in the country; and in no case did this medicine fail where the directions were properly followed. Such is it invariable success, that a large number of respectable practitioners of medicine, in various parts of the country, use and prescribe it in preference to Quinine and all other remedies.

The publisher assures that it is not only certain in its effect as a cure, but being composed entirely of vegetable medicines, is perfectly innocent in all cases or circumstances, and may be safely given to children, infants, and persons of debilitated and delicate constitutions, without the least fear who ever of any unpleasant effect.

This medicine is composed of some of the purest and purest quality, and is always made by the proprietor in person, after the established forms of pharmacy (which his skill as a chemist, for a long term of years in the Western and Southwestern country,) and in its respect alone is rendered greatly superior to the remedies prepared and sold in the country.

By its ancient and powerful diaphoretic properties, added to its tonic properties, it is rendered entirely superior to Quinine and other remedies as a general and popular tonic, in all cases whatever where tonics are prescribed. The proprietor, therefore, respectfully invites practitioners and the public generally to give it but a fair trial, and they will then be convinced of its great superiority over all other remedies now in use for the purposes specified.

Dealers in the districts of country subject to Ague and Fever, Chills and Fever, or Bilious Fevers, would do well to keep a supply of this valuable remedy always on hand.

The proprietor has now in his possession thousands of certificates of its value, given by persons who have used it, and who have witnessed its wonderful virtues when sold largely in their country, as well as from many respectable practitioners who have used it in preference to other remedies, attesting its value.
